			Flagged Corinne Santos-Hernandez 04/26/2018 11:37 AM	The SFA provided a copy of the current Local School Wellness Policy and/or web address where the current policy is posted. However, the Wellness Policy Assessment Tool (Form 357) was not completed. The assessment should be completed for each school or at a minimum, each school level. The wellness policy and completed assessment must be available to the public. In addition, explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Indicate the date of implementation.
