			CAP Submitted CYNA GLUSTEIN 10/26/2018 08:47 AM	At the time when it was pointed out to us that the most recent food safety inspection report needs to be posted in a publicly visible location, the office staff pulled the certificate from their files, photocopied it and hung it up in the main office. Now that the staff is aware that it needs to be posted, it was discussed that whenever there is a new inspection the new certificate needs to be displayed in the main office.			
			Flagged Kate Marsh 10/25/2018 11:36 AM	At the time of the review, the most recent food safety inspection report was not posted in a publicly visible location. Describe in the CAP how this will be corrected.
