Corrective Action History

Finding: Revenue from Non-program Foods

The NPFR Tool did NOT match the figures to the SFA's Exhibit B-5 Statement of Revenues, Expenses and Changes In Fund Net Position & did NOT include all of its nonprogram revenues and costs in its calculation.

In addition, Revenue Ratio DID NOT equal or exceed its Food Cost Ratio as required under 7 CFR 210.14(f).

Please review the NPFRT webinar in SNEARS on the proper completion of the tool:

The full current USDA non-discrimination statement was uploaded to the district's website while the reviewer was still on-site. This correction has been made.

The full, current and correct USDA non-discrimination statement will be included on any notification of eligibility letters sent to households from the date of the review forward.

Date of Implementation 3/5/2019

The current USDA non-discrimination statement must be included on all program materials/documents distributed to households or posted on the SFA's website. The current statements [regular and shortened version for limited space (Form #213)], are available on the Department of Agriculture Forms web site or at the following link: [http://www.fns.usda.gov/fns-nondiscrimination-statement](http://www.fns.usda.gov/fns-nondiscrimination-statement).

The SFA did not have the non-discrimination statement on the program website. The SFA did not have the full, correct non-discrimination statement on the notification of eligibility letters sent to households.

Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Indicate the date of implementation.
