Note: Super Bakery Powdered Mini Donuts. All food and beverage items sold a la carte to students during the school day must meet Smart Snack requirements. The requirements apply to items sold anywhere on the school campus (including but not limited to the cafeteria, vending machines, school store, etc.) The Alliance for a Healthy Generation calculator can be used to determine if a food or beverage meets Smart Snack requirements. A link to the calculator is available under Resources in SNEARS. Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Indicate the date of implementation.

The District will insure that the B-5 Statement of Revenues includes all of its nonprogram revenues and costs in its calculation. I will review the NPFRT Webinar. The CAP will be monitored by Pamela Hinman, SBA, starting September 2018.

Finding: Revenue from Non-program Foods The Non Program Food Revenue Tool did NOT match the figures to the SFA’s Exhibit B-5 Statement of Revenues, Expenses and Changes In Fund Net Position & did NOT include all of its nonprogram revenues and costs in its calculation. Please review the NPFRT webinar in SNEARS on the proper completion of the tool: Under Resources, Training, NPFRT Webinar June 2015.
