Going forward the school district will properly complete the non program tool annually. We will ensure that the non program rev. tool will match the figures with our exhibit B5 and include all of its non food program revenues and costs in its calculation. The SFA revenue ratio visa the tool with equal or exceed the FSA’s food cost ratio. We will increase revenues on adult prices to be sufficient to cover the costs. Per the BA this will be monitored by Scott Bisig effective immediately.

### Finding: Revenue from Non-program Foods

The NPFR Tool did NOT match the figures to the SFA’s Exhibit B-5 Statement of Revenues, Expenses and Changes In Fund Net Position & did NOT include all of its nonprogram revenues and costs in its calculation.

In addition, Revenue Ratio DID NOT equal or exceed its Food Cost Ratio as required under 7 CFR 210.14(f).

Please review the NPFRT webinar in SNEARS on the proper completion of the tool:

- Applications in error were reviewed and corrected accordingly. Notification was sent to parents if any change in status occurred. In the future I will address these potential application errors as they are submitted and I will also run a number of reports throughout the school year to check portal application information for accuracy and verify for cause more often. - Julianne Jankowski
- Incomplete and/or incorrectly determined applications were found during the State Agency review of the selected applications. Errors were recorded on the Eligibility Certification and Benefit Issuance Worksheet (SFA-1.) The SFA must indicate the date of correction for all application errors.
