	Eligibility determinations must be correctly transferred from the source document (applications, DC documentation) to the benefit issuance documents (e.g. tickets, master eligibility list, rosters, POS system). A test of the benefit issuance system compared to the benefit issuance documentation reviewed indicated certified eligibility was transferred incorrectly. Explain, in detail how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Corrective Action must be applied SFA-wide. Indicate the date of implementation.				
	*Application was determined as federally free but was not transferred on the MEL. The student is in the POS as Free. Daily sales report from foodservice was reviewed during on-site showing that the student is receiving free meals and not purchasing a paid meal.
