**Finding: Revenue from Non-program Foods**

Revenue Ratio DID NOT equal or exceed its Food Cost Ratio as required under 7 CFR 210.14(f), as a result in additional revenue needed to comply.

**A Corrective Action Plan is required**

**The SFA must indicate the date of correction for all application errors.**
Corrective Action History

Flagged Kate Marsh 01/24/2020 12:42 PM

At breakfast, all required meal components must be offered to students daily. When planning menus, the SFA must make sure that all 3 components of the reimbursable breakfast, in minimum daily and weekly requirements, are offered. Daily production records and supporting documentation (including but not limited to standardized recipes, food labels, CN Labels, manufacturer product formulation statements, USDA Foods Information Sheets, etc.) must be used to make sure menus are in compliance with the meal pattern.

After reviewing the Production records for breakfast, a F/V was not offered for 29 meals claimed for the week of the review period.

On Monday 12/9/19, 49 breakfast meals were claimed for reimbursement. Per the production records only 41 fruits were served. Since fruit or vegetable is a required component for a reimbursable breakfast, 8 meals were lacking the fruit/veg component and therefore disallowed.

On Tuesday 12/10/19, 56 breakfast meals were claimed for reimbursement. Per production records, only 41 fruits were served. Since fruit or vegetable is a required component for a reimbursable breakfast, 15 meals were lacking the fruit/veg component and therefore disallowed.

On Wednesday 12/11/19, 60 breakfast meals were claimed for reimbursement. Per production records, only 54 fruits were served. Since fruit or vegetable is a required component for a reimbursable breakfast, 6 meals were lacking the fruit/veg component and therefore disallowed.

Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future.

Indicate the date of implementation.

<td>Students must take the required number of components for lunch in order for their meals to be claimed for reimbursement. If the SFA has offer versus serve, students must select at least 3 food components in the proper quantities. One component selected must be ½ cup fruit and/or vegetable. Food service staff/cashiers must receive training on how to accurately recognize a reimbursable meal under offer versus serve. If the SFA does not have offer versus serve, students must take all 5 components in the proper quantities. Food service staff/cashiers should receive training on how to accurately recognize a reimbursable lunch.&lt;br&gt;Two meals were claimed at lunch that were missing a F/V.&lt;br&gt;Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future.</td>
