  - The Direct Cert list will be maintained throughout the school year to verify that duplicate students are removed along with students who moved out of the district prior to the CEP count. The revised list will be compared to the enrollment list to verify that all students remaining on the DC list are enrolled at the time of submission.
- **Flagged Amy Martin 12/02/2019 03:19 PM**
  - The Identified Student Percentages (ISP) and claiming procedures at the time of latest CEP approval could not be validated on site. CEP application was amended to reflect correct verified data. SFA will be contacted in the near future so that reimbursement vouchers beginning with September 2019, can be revised. Moving forward, all data to validate and replicate the approved CEP application must be kept on file. This includes maintaining actual DC data (removing duplicate students and those that leave the district prior to April 1st), migrant, homeless, runaway lists, and enrollment data. Please explain how this was rectified and indicate date of implementation.
