SFAs must permit stakeholders (parents, students, representatives of the school district, physical education teachers, school health professionals, the school board, school administrators, and the general public) to participate in reviewing and updating the Local School Wellness Policy. Explain, in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Indicate the date of implementation.

#### Food Safety, Storage and Buy American
- **Form Subsection**: Food Safety, Storage and Buy American (On-Site Assessment Tool) (1400H)

## Meal Components and Quantities - Day of Review

**SFA/Site Name**: CREST MEMORIAL  
**Question #**: 400  
**Due Date**: 01/11/2020  
**Status**: CAP Accepted

### Corrective Action History

**Corrective Action Plan**: Accepted by Lorena Paredes 12/19/2019 11:50 AM  
**CAP Accepted**

This error was caught prior to lunch distribution. The staff is now aware of the correct quantities and will be sure to follow that regulations set forth by our DOA regularly.

Flagged by Lorena Paredes 12/11/2019 03:42 PM

PB&J uncrustable in the alternate lunch credited as 1 WG and 1 M/MA to meet daily. If this alternate meal is served daily, it will not meet weekly total requirements for K-8 meal pattern. TA provided and two slices of cheese were added to tray. Recommended to add 1 oz graham crackers (limit to 2 oz. per week), 1 oz goldfish crackers, 1 oz saltines, or 1 oz roll. Error was corrected prior to start of meal service resulting in no missing or insufficient quantities for day of review. Accurate production records must be kept and should be used to plan appropriate quantities of meal components. Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Indicate the date of implementation.

## Meal Components and Quantities - Review Period

**SFA/Site Name**: CREST MEMORIAL  
**Question #**: 410  
**Due Date**: 01/11/2020  
**Status**: CAP Accepted

### Corrective Action History

**Corrective Action Plan**: Accepted by Lorena Paredes 12/19/2019 11:49 AM  
**CAP Accepted**

Now that we are aware that PK production sheets are do be completed separately we began this the following day of the AR (12/10/2019). We will be sure these forms are completed in a timely fashion. We have also have worked with Jim Linnington to make sure the alternative meals are included on the productions sheets. The lunch ladies now understand the importance of meeting the DOA's requirements for a qualified meal.

Flagged by Lorena Paredes 12/11/2019 03:41 PM

LUNCH: Separate production records must be kept for Pre-K students that eat in the classroom. In addition, production records for review period did not include daily alternates such as the bagel fun lunch, turkey & cheese sandwich, and/or PB&J uncrustable. The number of these items served were included under the hot entree and the creditable amounts were not available on the production record because the items were not listed. Documentation provided for the alternates showed that the PB&J lunch credited as 1 WG and 1 M/MA to meet daily. If this alternate meal is served every day, it will not meet weekly total requirements for K-8 meal pattern. This insufficient quantity issue is a first time occurrence and, if it happens at next AR, it will be a repeat violation subject to fiscal action. At lunch, portion sizes planned for each component must meet both daily and weekly minimum requirements for each appropriate grade group. When planning menus, refer to the Lunch Meal Pattern Charts, available on the Department of Agriculture's Form web site for specific component and minimum quantity requirements. Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Indicate the date of implementation.
