	Flagged by Casey Miller 02/13/2026 06:51 PM Ocean Road Elementary School has preschool students that sometimes eat in the classroom for breakfast and lunch. Since these students sometimes eat separately from the older grades and are not co-mingled at meal times, a separate menu using the preK meal pattern and separate production records must be kept. While, the preK meal pattern requirements were meet, the meals for preK students in the classroom were not recorded on separate production records.				
	Explain, in detail how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Indicate the date of implementation.
