At lunch, all required meal components must be offered to students daily. Items offered daily must be specific on the production records. At lunch on 2/15/22, "sliced vegetables" are listed without any detail or recipe. On 2/13/22 and 2/15/22, an apple is offered but without a label or specific size noted on the production records, the crediting cannot be verified.

**Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Upload the recipe for “sliced vegetables” and indicate the size of the apple offered.**

SFA did not upload both food safety inspections for the current school year. Schools participating in the school lunch and breakfast programs must, at least twice during the each school year, obtain a food safety inspection conducted by a State or local governmental agency responsible for food safety inspections.

Please upload the previous 2 inspections or the letter requesting an inspection. Describe in the corrective action how this will be corrected.
