	1//9/2024. We recently relocated to our current building and we received a Health Certificate in November 2024. We are aware that we need to have a second Health Inspection, and we plan on reaching out and requesting an addition inspection in April 2025.

	During the on-site review, the SFA did not have documentation indicating that two food safety inspections were requested in the current school year. Schools participating in the school lunch and breakfast programs must, at least twice during the each school year, obtain a food safety inspection conducted by a State or local governmental agency responsible for food safety inspections.				
	Describe in the corrective action how this will be corrected.
