

Jersey Tastes!

A Year-Round Celebration of the Garden State's Fruits and Vegetables

Peach Activity Sheet

ALL ABOUT NEW JERSEY!

Peaches are in season in New Jersey during late summer, from late July through September. NJ is one of the top producing states for peaches, ranking third in the nation behind California and South Carolina. New Jersey peach producers harvested 60 million pounds of peaches in 2023.

NUTRITION FACT:

Peaches are a great source of vitamins A, B, and C. Peaches are high in fiber, vitamins, and minerals. They also contain beneficial plant compounds like antioxidants, which can help protect your body from aging and disease.

FUN FACT:

The statement, "you're a real peach" originated from the tradition of giving a peach to the friend you liked.
