

# Your Family and Your Job Depend on YOU to KEEP THE GARDEN STATE SAFE

## BE ALERT

- Maintain awareness of the location of visitors/vendors.
- Notify authorities of people taking unauthorized pictures or asking questions about operations, security, etc.
- Watch for and report signs of tampering with equipment, food, water, product, buildings, and utilities.

## BE SECURE

- Limit access to, and secure entrances when not in use.
- Maintain up-to-date inventories, especially on hazardous and perishable materials. Investigate discrepancies immediately.
- Keep vehicles and equipment locked and keys secured, when not in use.
- Maintain adequate interior/exterior lighting.

## BE CLEAN

- Limit access to sensitive areas and enforce visitors/vendors to follow posted rules.
- Keep chemicals and hazardous materials separate from consumable products. Secure and restrict these areas.
- Follow sanitary practices to eliminate the spread of disease. This includes vehicles and equipment as well as yourself.
