To: New Jersey Organic Operations

Re: USDA ORGANIC CERTIFICATION COST SHARE PROGRAM
Application Deadline: Friday, November 15, 2019

The New Jersey Department of Agriculture is participating in the USDA's Organic Certification Cost Share program and you may be eligible for reimbursement.

To qualify for reimbursement under this program, an organic handler or producer must have received their first certification or have incurred expenses related to the renewal of certification between **October 1, 2018 and September 30, 2019**. Operations must possess a current organic certification in good standing through a USDA-Accredited certifying agent.

Each qualified operation is eligible for a reimbursement of up to 75 percent of its costs of certification, not to exceed \$750. In the event that demand exceeds the amount of funds allocated to New Jersey, applications will be processed on a first come, first serve basis.

Certification costs include fees and charges levied by the certifying agent for certification activities. Further information on allowable /unallowable costs is available at:
https://www.fsa.usda.gov/Assets/USDA-FSA-Public/usdafiles/FactSheets/2017/organics_fact_sheet_oct2017.pdf#targetText=Once%20certified%2C%20organic%20producers%20and,and%20State%20Organic%20Program%20fees

Operations may receive one reimbursement per category of certification per year.

Due to the implementation of New Jersey's new eProcurement portal (NJSTART) you are required to register at www.njstart.gov. This solution is designed to streamline the procurement process and make it more efficient for companies looking to do business with the State. This registration, which is easy and takes only a few minutes to complete, is required to receive your Organic Cost Share Reimbursement.

Applications are available on the New Jersey Department of Agriculture's website at www.nj.gov/agriculture/grants/organiccostshare.html. If you have questions in regard to this program please contact Nichole Steward by calling 609-292-5576 or via e-mail at organiccostshare@ag.nj.gov

Organic producers and handlers can also visit their local USDA Farm Service Agency (FSA) offices to apply for federal reimbursement. Operations may apply through only one agency. Duplicate reimbursements will not be issued to an operation.
