Approval of SADC Open and Closed Session Minutes of April 24, 2025.

It was moved by Mr. Kumpel and seconded by Mr. Ellis to approve the SADC Open and Closed Session Minutes of April 24, 2025. The motion was approved.

#### **Report of the Chairman**

No Report

#### **Communications**

Mr. Ellis encouraged everyone to ready the article titled "How off-farm income keeps farmers farming" which highlights the economic issues farmers face and how many of them need to also work off-farm jobs to cover basic household expenses. Mr. Kumpel

agreed. Mr. Schilling noted that the data shows the biggest on-farm income growth is generated from ag tourism and special occasion events.

### **Public Comment**

Pat Butch, Monmouth County, stated that Policy 6, a policy adopted by Monmouth County's CADB, requires a farmer to exhaust all avenues at the municipal level for an SSAMP approval before they can apply to the CADB. She stated this policy places a large financial burden on the farmer and has impeded many from seeking an SSAMP approval.

Harriet Honigfeld, Monmouth County, provided the committee with the challenges faced by the county when processing an SSAMP application. She stated the Right to Farm Act (RTFA) did not provide a framework for the CADBs to coordinate with other governmental agencies when approving site plans and providing the equivalent to a use variance. Ms. Honigfeld stated the CADBs are often made to interpret municipal codes and development regulations without the benefit of an internal team of licensed professionals. She provided several suggestions to improve this process for both the CADBs and the applicants.

Patricia Springwell asked the committee to remember that protecting the state's fertile soils should be the primary focus when making decisions.

Pat Butch, Monmouth County, stated she also has recommendations to make the SSAMP review process easier and suggested a meeting be scheduled with interested parties.

### **Report of the Executive Director**

Mr. Roohr stated the SADC's budget is still in discussions with the Legislature and is hopeful it will be passed before the end of the fiscal year. He noted staff met with the Highlands Council to review how the Statewide Formula Value affects their region. Mr. Roohr stated he offered for SADC staff to attend the next annual working group discussion hosted by the Ocean County soil conservation district which is a meet and greet styled workshop open to the public with components geared towards the ag community. Lastly, Mr. Roohr advised the committee he was asked to provide fiscal notes on two pieces of proposed legislation, A5627, an Urban Ag Preservation Program, and S4353, Urban Ag Gardening Grant. The committee expressed concerns regarding S5627, its potential effects on the SADC's budget and suggested a review subcommittee could be formed in the future if the legislation moves further.

It was moved by Ms. Bohlin and seconded by Mr. Kumpel to include the committee or a committee representative when meeting with the Governor's office regarding S5627. The motion was unanimously approved.

### **New Business**

#### **A. Stewardship**

### **1. Resolution: Special Occasion Events (SOE) - Renewal**

Mr. David Kimmel referred the committee to an SOE event renewal application for which the SADC is an easement holder on the preserved farm. The owner/applicant, Fitz Farm, LLC, submitted a renewal application to hold one SOE in calendar year 2025. Staff reviewed the application and conducted a monitoring visit to make sure that the SOE parameters were met. Mr. Kimmel stated staff recommends approval of this renewal application.

It was moved by Mr. Kumpel and seconded by Mr. Norz to approve Resolution FY2025R5(1) granting approval, as presented, subject to any condition of said resolution.

Fitz Farm, LLC, SADC ID# 10-0255-DE, Alexandria Township, Hunterdon County, 82.678 acres.

The motion was unanimously approved. A copy of Resolution FY2025R5(1) is attached to and a part of these minutes.

### **2. Review of Activities**

**Al Leone Farm, SADC ID# 08-0019-EP, South Harrison Township, Gloucester County, 151.32 acres.**

Mr. Roohr stated Mr. Leone was approached by a contractor who would like to remove the subsoils on the sloped areas of the Leone farm for use in a nearby development and ultimately level the farm fields. Mr. Roohr advised the committee that the first portion of this presentation will be discussing the project, but the second portion will need to be discussed in Closed Session before the committee can make any determinations.

Mr. Clapp stated the approximately 150-acre farm was preserved by Gloucester County in 2000 and the owner, Al Leone, currently leases the property out for vegetable production. Mr. Leone also leases the land to a local grain farmer when it is not in vegetable production.

Mr. Clapp stated the request is to excavate two 25-foot-tall portions of the farm, one 4-acre area and one 13-acre area, grading them flatter to facilitate crop production. The contractor proposed to assist Mr. Leone with the removal of the subsoil, grading and restoration of the fields in exchange for the subsoil to be used at the residential development site.

Mr. Leone and the county are looking for guidance with this request in terms of Soil Protection and Deed of Easement (DOE) compliance before any grading occurs. Mr. Clapp stated paragraphs 1, 5, 7 and 12 of the deed of easement (DOE) all relate to the potential activities associated with the removal of soil and minerals. Mr. Clapp suggested the committee review this request in two parts. The first part would be to consider if this meets the agricultural purpose test and is consistent with the DOE paragraphs 1 and 5. If

the committee decides it meets the ag purpose test, then the second part would be to determine compliance related to paragraphs 7 and 12 and the Soil Protection Standards.

Mr. Clapp reviewed the specifics of the two proposed areas for grading. The contractor would excavate approximately 25 feet deep and remove subsoil and gravel on each area. Topsoil would be replaced, and the areas would be returned to a tillable condition. Mr. Kumpel acknowledged the benefits of grading out the sloped areas, but expressed concern about the size of the project, the restoration process and the permeability of the subsoil that would be left after 25 feet of subsoil and gravel were removed.

Mr. Clapp reviewed the general details of the proposed grading project with the committee and stated Mr. Leone was looking for guidance before he invested any funds into developing a site plan. The committee agreed that the grading could improve agricultural production on the farm but did express a lot of concern with the magnitude of the project and the restoration process.

Mr. Roohr stated the Deputy Attorney General has legal advice to discuss in relation to this agenda item and the committee can make a determination after Closed Session.

### **3. Resolutions: Agricultural Labor Housing**

- a. Foodshed Alliance/Munsee Three Sisters Farm, SADC ID# 19-0001-NP, Block 153, Lots 33, 33.01 and 36, Andover Township and Block 1001, Lots 29 and 30, Fredon Township, Sussex County, 197.864 acres.**

**NOTE: Tiffany Bohlin recused herself from this matter.**

Mr. Pizzio referred the committee to a request for a 576 sq./ft. structure consisting of 2 bedrooms, 2 bathrooms to house up to two full-time laborers on the premises year-round. Mr. Pizzio reviewed the specifics of the request with the committee and stated staff's recommendation is to grant approval.

It was moved by Mr. Kumpel and seconded by Mr. Rosen to approve Resolution FY2025R5(2) granting approval, as presented, subject to any condition of said resolution.

Mr. Norz stated he is concerned that the ag labor housing is already existing on the property and the applicant should have known to present the request to the committee prior to construction. He recalled a time while serving on his county's board when a similar situation arose. He stated that houses cannot continue to be constructed without going through the appropriate approval process.

The motion was unanimously approved. A copy of Resolution FY2025R5(2) is attached to and a part of these minutes.

- b. Foodshed Alliance/Seek No Further Fruit Farm, SADC ID# 19-0001-NP, Block 153, Lots 33, 33.01 and 36, Andover Township and Block 1001, Lots 29 and 30, Fredon Township, Sussex County, 197.864 acres.**

**NOTE: Charles Rosen recused himself from this matter.**

Mr. Pizzio referred the committee to a request to use an existing mobile home consisting of one bedroom, one bathroom and one kitchen totaling 308 sq./ft. for the purpose of housing up to one full-time laborer throughout the year. Mr. Pizzio reviewed the specifics of the request with the committee and stated staff's recommendation is to grant approval.

It was moved by Mr. Kumpel and seconded by Mr. Schilling to approve Resolution FY2025R5(3) granting approval, as presented, subject to any condition of said resolution. The motion was unanimously approved. A copy of Resolution FY2025R5(3) is attached to and a part of these minutes.

**B. Right to Farm – Quinton Township appeal of Salem CADB SSAMP Review Policy – SADC ID# 2105**

Mr. Smith stated the Salem CADB adopted a policy (Review Policy) last year which requires farmers to obtain approvals or denials from their local land use and zoning boards before the CADB would entertain an application for a Site-Specific Agricultural Management Practice (SSAMP).

A case arose when Quinton Township farmers, Kelsi and Clifford Mecouch (Mecouch), wanted to erect a pole barn for an animal waste management facility and the Salem CADB would not consider the application unless the review Policy was complied with. As a result, Quinton Township appealed the Review Policy to the SADC.

After reviewing various submissions provided by the County and Township solicitors, SADC legal staff determined the Review Policy is inconsistent with the Right to Farm Act (RTFA) and there is nothing in the RTFA or the SADC regulations that provide the CADB the legal authority for such a policy. The policy also presents practical problems such as the amount of time and expenses associated with land use board proceedings and the legal dilemmas associated with having an application potentially in two different forums.

Jacci Vigilante, counsel for Quinton Township, stated the township is seeking a review of the Review Policy because it does place a burden on farm operators to undergo proceedings that the RTFA was designed to avoid. She stated the township feels the Salem CADB does not have the authority under the RTFA to adopt a policy of this nature.

Karen Wood, counsel for the Salem CADB, provided a brief timeline of the Mecouch

application and stated the board ultimately approved the application. She advised the intent of Salem CADB's policy is to streamline the application process and weed out some of the burdens caused by the applications. Ms. Wood stated the board is not trying to make the farmers incur unnecessary expenses or cause delays for their SSAMPs. Mr. Smith stated the committee will need to consult with the Attorney General's office on how Quinton Township's appeal should be handled procedurally, as the SADC has no jurisdiction to invalidate the Review Policy. However, the RTFA does give the SADC the authority to weigh in on the propriety of this policy in the form of a resolution and provide its consensus on how these types of policies bear on the RTFA.

Mr. Schilling stated these policies highlight real issues in the SSAMP application process such as limited staff resources and increasingly complex reviews. He appreciates the suggestions provided during public comment and recognizes this issue is prevalent in more than just one county.

It was moved by Ms. Yeany and seconded by Mr. Kumpel to seek legal advice in Closed Session. The motion was unanimously approved.

**NOTE: Martin Bullock recused himself from this matter.**

**C. Resolution: Final Approval – FY2026 County PIG Program (including Comprehensive Farmland Preservation Plan Update) and Municipal PIG Program**

Mr. Allen reviewed the approvals for the fiscal year 2026 County and Municipal Incentive Grant programs, including a ten-year update to Gloucester County's Comprehensive Farmland Preservation Plan. Twelve (12) out of the 18 county partners applied for funding this year and staff is recommending final approval for all 12. The targeted acreage totals approximately 161,000 acres with an estimated cost for the acquisitions totaling \$1.6 billion.

Twenty-eight (28) out of the 42 municipal partners applied this year and staff is recommending approval of 19 of those municipalities and recommending conditional approval of 9 municipalities upon the completion of their comprehensive farmland preservation plans. The targeted acreage totals approximately 57,000 acres with an estimated cost of \$535 million.

In total, the County PIG program has targeted approximately 185,000 farm acres and the Municipal PIG program has targeted approximately 86,000 acres. Accounting for the overlap between both programs, the result is an estimated targeted acreage of 214,000 acres total.

Mr. Allen reported on Gloucester County's 10-year update to its comprehensive farmland preservation plan. There are 20,000 acres of preserved farmland through the ARDA program, and the update targets another 15,000 acres, and a 10-year goal to preserve 5,000 acres.

It was moved by Mr. Norz and seconded by Mr. Kumpel to approve Resolutions FY2025R5(4) and FY2025R5(5) for the FY2026 County PIG Program, including Comprehensive Farmland Preservation Plan Update, and Municipal PIG Program. Mr. Ellis was absent for this vote. The motion was approved. A copy of Resolutions FY2025R5(4) and FY2025R5(5) are attached to and a part of these minutes.

#### **D. Resolutions: Amended Final Approvals – Statewide Formula Value**

Ms. Kreiser referred the committee to eight amended final approvals for the Direct Easement Purchase Program. Staff's recommendation is to grant final approval.

### **G. Resale of Fee Simple recommendations**

Mr. Willmott referred the committee to three farms the SADC acquired through fee simple purchases and provided several options such as reselling at auction or establishing an incubator farm program. Mr. Roohr stated staff's recommendation is to resell these three farms. Mr. Roohr also stated that if the committee is more interested in resale, the details of the future transactions would need to be discussed in executive session.

The Schmied Farm, Holland Township, Hunterdon County, is approximately 117 acres with two existing residential structures. The Patricelli Farm, Hopewell Township, Mercer County, is approximately 130 acres with two existing residences. The Buckhorn Creek Farm, White Township, Warren County, is approximately 570 acres with one existing residence. The committee expressed greater interest in the resale option.

Mr. Norz asked if the committee was able to put exception areas on the farms before they were resold. Mr. Roohr stated the legislation says the SADC has the ability to purchase and preserve farmland, but there is no mechanism to pay for exception areas without a legislative change. The committee expressed an interest in exploring this legislative change.

### **Public Comment**

Mr. Ellis asked why staff and/or the committee need to approve solar panels being placed on exceptions since it is not restricted by the Deed of Easement. Mr. Roohr explained the legislation included language that required the committee, and in turn staff, to review and approve all solar applications regardless of its location on the farm. Mr. Roohr stated there is a proposed bill that would eliminate the need for staff review for solar projects on exception areas.

Mr. Rosen asked if staff was aware of proposed bills A4556/S3418 which expands winery rights to the use of recently constructed buildings for SOEs. Mr. Roohr stated

staff has provided comments. Mr. Rosen expressed concern regarding the flexibility these proposed bills provide and the impact they would have on preserved farms.

Patricia Springwell, Hunterdon County, reminded the committee their primary focus should be to protect the fertile soils of New Jersey. She stated staff needs to be more vigilant about what activities are taking place on preserved farms and encourage their monitoring partners to do the same.

Pat Butch, Monmouth County, stated Policy Six in her county prevents farmer access to their CADBs. She suggested increasing Right to Farm application review training for county board members.

Amy Hansen, NJCF, encouraged the committee to deny the Al Leone grading project due the size of the project, the impact it would have on the farm and the potential of setting a negative precedent for future grading requests.

### **CLOSED SESSION**

At 1:17 p.m. Mr. Roohr read the following resolution to go into Closed Session:

In accordance with the provisions of the Open Public Meetings Act, N.J.S.A. 10:4-13, it is hereby resolved that the SADC shall now go into executive session to discuss matters falling within the attorney-client privilege and any other matters under N.J.S.A. 10:4-12(b) that arose during the public portion of the meeting. The minutes of such meeting shall remain confidential until the Committee determines that the need for confidentiality no longer exists.

It was moved by Mr. Norz and seconded by Mr. Schilling to go into closed session. The motion was unanimously approved.

### **Action as a Result of Closed Session**

#### **A. Quinton Township appeal of Salem CADB SSAMP review Policy**

**Note: Mr. Bullock is recused from this matter.**

Mr. Roohr stated the committee has directed staff to prepare a draft resolution that expresses broader concerns as policies like the one passed by the Salem CADB affect farmers statewide.

#### **B. Review of Activities – Al Leone Farm**

Mr. Roohr stated the committee has reservations about the scope and size of the proposed project and if the restoration efforts would meet the standards of the DOE. The committee does not debate the argument that level ground is beneficial for agriculture but are concerned about the potential detriment to the soils.

Mr. Rosen stated a balance needs to be found between the benefits of flat land and the potential violation of paragraphs 5 and 7 of the DOE. The committee has an obligation to not only support farming and farmers, but also to protect the soils and natural resources of the farm. He suggested that if the landowner felt strongly enough about the grading, a site plan could be prepared for review. Mr. Rosen stated he understands the cost associated with the preparation of such a plan and the risk of still being denied.

Mr. Ellis stated that after a more thorough discussion, it appears this is a massive project for a seemingly small improvement. Mr. Bullock expressed concern about the quality and the execution of the restoration process. Mr. Rosen agreed.

After extensive discussion, the committee expressed serious concerns as to how the project would be implemented and remain in compliance with the DOE. The committee would be willing to review a more detailed proposal if the landowner chooses to supply one, but there is a high bar set to obtain the committee's approval.

#### **ADJOURNMENT**

The meeting was adjourned at 3:37 p.m.

Respectfully Submitted,

WHEREAS, the SOE statute defines an SOE as a wedding, lifetime milestone event, or other cultural or social event conducted, in whole or in part, on preserved farmland on a commercial farm, and states that SOEs shall not include activities eligible for the protections of the Right to Farm Act, N.J.S.A. 4:1C-1 et seq.; recreational uses permitted under the farmland preservation deed of easement;

weddings held for the owner, operator, or employee of the commercial farm;

- i. The occupant of the proposed agricultural labor housing unit is not the owner (of the Premises), or the owner's spouse, parents, lineal descendants (adopted or natural), spouse's parents, or lineal descendants (adopted or natural).

WHEREAS, in accordance with N.J.A.C. 2:76-6.15(a)14i. and the deed of easement, the Applicant's application for an agricultural labor unit, as proposed, are subject to Committee approval; and

NOW, THEREFORE, BE IT RESOLVED:

1. The WHEREAS paragraphs above are incorporated herein by reference.
2. The SADC has reviewed the Applicant's application for approval of the existing mobile home consisting of 1 bedroom, 1 bathroom, and 1 kitchen totaling 308 sq./ft., for the purpose of housing up to one (1) full-time laborer on the Premises in the location shown on Schedule "C" throughout the year, and finds that utilizing the proposed agricultural labor unit, as described by the Applicant is consistent with agricultural uses on the Premises; and:

- a) The proposed agricultural labor housing unit minimizes adverse impacts on agricultural land due to its small size and portability, while its location utilizes only nominal land by abutting a tree line, as depicted in Schedule "C".
  - b) Onsite labor housing is necessary due to the intensive nature of the operation which uses organic practices, and the oversight and daily maintenance required to protect the long-term investment in the developing fruit trees from pests and diseases.
  - c) The production aspects of the operation consisting of 2 acres of vegetable production and 12 acres of fruit tree orchard are eligible for agricultural labor on the Premises and warrants the need for one (1), full-time laborer throughout the year.
  - d) The Applicant's proposal to utilize agricultural labor housing on the Premises for purposes of housing on-site labor who are regularly engaged in the production aspects of this operation is consistent with the requirements of the Deed of Easement and enhances the economic viability of the Applicant's agricultural business.
3. Only agricultural laborers employed on the Premises, in production aspects of the operation, and their immediate family, may live in the agricultural labor unit. Agricultural labor housing shall not be used as housing for the Owners, Owner's spouse, Owners' parents, Owners' lineal descendants, adopted or natural, Owners' spouses' parents, or the Owners' spouses' lineal descendants, adopted or natural.
  4. The agricultural laborer shall be engaged in the day-to-day production activities on the Premises, which at this time includes soil preparation and amendments, floor maintenance, mowing, pruning, limb/tree training, weekly inspections and spraying, pest and disease management, fertilization, thinning, harvesting, plowing, discing, seed starting, planting, watering, harvesting, washing, packing and delivery of produce.
  5. As a condition of this approval, the Committee reserves the right to annually require the Owner/Applicant to provide the name of the resident of the agricultural labor housing unit and to produce documentation supporting the production aspects of the operation to ensure that there is sufficient production activity occurring on the farm to continue to warrant use of the agricultural labor housing unit.
  6. The Owner/Applicant's construction and use of any structures for housing agricultural laborers shall comply with all applicable Federal, State, County, and local regulations.

7. This approval is non-transferable.
8. This approval is valid for a period of three years from the date of this resolution, during which the Owner/ Applicant shall initiate the requested action; for the purpose of this provision "initiate" means applying for applicable local, state, or federal approvals necessary to effectuate the approved SADC action; and
9. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.
10. This approval is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.

FY 2026 PIG PROGRAM**

**May 22, 2025**

WHEREAS, the State Agriculture Development Committee ("SADC") is authorized under the Farmland Preservation Planning Incentive Grant Act, P.L. 1999, c.180 (N.J.S.A. 4:1C-43.1), to provide a grant to eligible counties and municipalities for farmland preservation purposes based on whether identified project areas provide an opportunity to preserve a significant area of reasonably contiguous farmland that will promote the long term viability of agriculture as an industry in the county or municipality; and

WHEREAS, to be eligible for a grant, a municipality shall:

1. Identify project areas of multiple farms that are reasonably contiguous and located in an agricultural development area ("ADA") authorized pursuant to the Agriculture Retention and Development Act, P.L. 1983, c.32 (C.4:1C-11 et seq.); and
2. Establish an agricultural advisory committee composed of at least three, but not more than five, residents with a majority of the members actively engaged in farming and owning a portion of the land they farm; and
3. Establish and maintain a dedicated source of funding for farmland preservation pursuant to P.L. 1997, c.24 (C.40:12-15.1 et seq.), or an alternative means of funding for farmland preservation, such as, but not limited to, repeated annual appropriations or repeated issuance of bonded indebtedness, which the SADC deems to be, in effect, a dedicated source of funding; and
4. Prepare a farmland preservation plan element pursuant to paragraph (13) of section 19 of P.L. 1975, c.291 (C.40:55D-28) in consultation with the agricultural advisory committee; and
5. Prepare and adopt a right-to-farm ordinance that is consistent with, or provides greater protections to, commercial farm operators and owners than, the Right to Farm Act, N.J.S.A 4:1C-1 et seq., as determined by the Committee; and

WHEREAS, the SADC adopted amended rules, effective July 2, 2007, under Subchapter 17A (N.J.A.C. 2:76-17A) to implement the Farmland Preservation Planning Incentive Grant Act, P.L. 1999, c.180 (N.J.S.A. 4:1C-43.1) by establishing a municipal farmland preservation planning incentive grant program; and

WHEREAS, as a condition of eligibility for a planning incentive grant, a municipality's comprehensive farmland preservation plan must be reviewed and readopted at least every 10 years pursuant to N.J.A.C. 2:76-17A.4(b); and

WHEREAS, pursuant to N.J.A.C. 2:76-17A.6, a municipality applying for a grant to the SADC shall submit a copy of the municipal comprehensive farmland plan element, a project area inventory for each project area designated within the plan in accordance with N.J.A.C. 2:76-17A.5; and a report summarizing the status of the purchase of development easements on farms identified in prior year's applications and expenditure of Committee funds previously allocated; and

WHEREAS, the SADC has 42 active municipal planning incentive grant participants that identified 92 project areas in 9 counties and targeted 2,678 farm parcels and 86,850 acres at an estimated total cost of \$986,222,452, as summarized in the attached Schedule A; and

WHEREAS, of the 42 municipalities, 28 applied for funding under the 2026 Municipal Planning Incentive Grant Program; and

WHEREAS, pursuant to N.J.A.C. 2:76-17A.6(b)1 and N.J.A.C. 2:76-17A.6(b)2, in order to improve municipal and county farmland preservation coordination, the municipalities forwarded their applications to the county for review and provided evidence of county review and comment and, if appropriate, the level of funding the county is willing to provide to assist in the purchase of development easements on targeted farms; and

WHEREAS, pursuant to N.J.A.C. 2:76-17A.7, SADC staff reviewed and evaluated the municipalities' applications to determine whether all the components of the comprehensive farmland preservation plans are fully addressed and complete and whether the project area summaries are complete and technically accurate, and that the application is designed to preserve a significant area of reasonably contiguous farmland that will promote the long-term economic viability of agriculture as an industry; and

WHEREAS, 20 of the municipalities that applied for funding under the 2026 Municipal Planning Incentive Grant Program have comprehensive farmland preservation plans adopted within the last 10 years pursuant to N.J.A.C. 2:76-17A.4(b); and

WHEREAS, 8 municipalities that applied for funding under the 2026 Municipal Planning Incentive Grant Program have comprehensive farmland preservation plans greater than 10 years old, are actively revising these plans and anticipate readoption in advance of the approval of the SADC's FY2026 appropriation request; and

                    SADC ID#: 10-0304-DE

WHEREAS, on October 8, 2024, the State Agriculture Development Committee ("SADC") received a development easement sale application from Karen Cramer, hereinafter "Owner," identified as Block 19, Lot 10 & part of Lot 9, Delaware Township, Hunterdon County, hereinafter "the Property," totaling approximately 23.34 gross acres, identified in (Schedule A); and

WHEREAS, the SADC is authorized under the Garden State Preservation Trust Act, pursuant to N.J.S.A. 13:8C-1 et seq., to purchase development easements directly from landowners; and

WHEREAS, the Owner has received the SADC Guidance Documents regarding Exceptions, Division of the Premises, and Non-Agricultural Uses; and

WHEREAS, the Property includes zero (0) exceptions, zero (0) housing opportunities, zero (0) agricultural labor units, and no pre-existing non-agricultural uses; and

WHEREAS, on August 24, 2001, the County of Hunterdon preserved part of Block 10, Lot 9 (SADC ID#10-0065-EP) but excluded 4 acres acquired from the adjacent landowner during the application process (Schedule B); and

WHEREAS, Round Hill Farm Inc. now owns the entirety of Lot 9 and requested that the 4 acres be included in this application with Lot 10 and the easement be permanently associated with the remainder of Lot 9 that is already preserved by the Deed of Easement recorded in Hunterdon County Clerk's office on August 29, 2001 in Deed Book 2017, Page 624; and

WHEREAS, there shall be a deed provision prohibiting the conveyance of the property separate and apart from Block 19, Lot 9; and

WHEREAS, the SADC soil protection rules set forth disturbance limits under the terms of the deed of easement of 12% or 4 acres, whichever is greater, and the preliminary soil disturbance map for the Property, based on aerial interpretation, delineated 0 acres (0.0%) of existing soil disturbance on the Premises (Schedule C); and

WHEREAS, staff evaluated this application for the sale of development easement in accordance with SADC Policy P-14-E, Prioritization criteria, N.J.A.C. 2:76-6.16 and the State Acquisition Selection Criteria approved by the SADC on October 2, 2023, which categorized applications into "Priority", "Alternate" and "Other"; and

WHEREAS, the Property has a quality score of 67.67, which is higher than the minimum quality score of 59 needed for a "Priority" farm designation in Hunterdon County, however at approximately 23.34 acres, it does not meet the minimum acreage criteria for the "Priority" or "Alternate" categories which require at least 47 or 34 acres respectively, therefore, this farm is categorized as an "Other" farm, requiring SADC preliminary approval; and

WHEREAS, on December 5, 2024, the SADC granted Preliminary Approval to this Application; and

WHEREAS, pursuant to P.L. 2023, c.245, landowners shall be presented with development easement offers based on the following valuation methodologies as applicable:

WHEREAS the 50% base value of \$12,000 for the Statewide Formula is adjusted upward depending on the presence of certain agricultural and natural resource features along with additional factors and restrictions (Schedule D); and

WHEREAS, the Owner agreed to a maximum (10%) impervious cover limit, as defined under N.J.A.C. 2:76-26.2. on the Property; and

WHEREAS, pursuant to N.J.A.C. 2:76-26 et seq., the Statewide Formula value of the easement is \$18,480 per acre; and

WHEREAS, the Owners accepted the SADC's offer of \$18,480 per acre, based on Statewide Formula for the purchase of the development easement on the Premises; and

WHEREAS, SADC staff is requesting a funding encumbrance of an additional 7% on the per acre value to address any potential technical issues resulting from the new Statewide Formula calculation; and

WHEREAS, to proceed with the SADC's purchase of the development easement it is recognized that various professional services will be necessary including but not limited to contracts, survey, title search and insurance and closing documents; and

WHEREAS, contracts and closing documents for the acquisition of the development easement will be prepared and shall be subject to review by the Office of the Attorney General;

NOW THEREFORE BE IT RESOLVED:

2. The SADC grants final approval for its acquisition of the development easement at a value of \$18,480 per acre for a total of approximately \$431,323.

There shall be a deed provision prohibiting the conveyance of the Premises separate and apart from Lot 9.
3. The SADC's purchase price of a development easement on the approved application shall be based on the final surveyed acreage of the Premises adjusted for proposed road rights-of-way, other rights-of-way, easements, encroachments, and streams or water bodies on the boundaries of the Premises as identified in Policy P-3-B Supplement or other superior interests (recorded or otherwise granted) in the property that conflict with the terms of the Deed of Easement or otherwise restrict the affected area's availability for a variety of agricultural uses.
4. Contracts and closing documents shall be prepared subject to review by the Office of the Attorney General.
5. The SADC authorizes Chairman Edward D. Wengryn or Executive Director Charles Roohr, to execute an Agreement to Sell Development Easement and all necessary documents to contract for the professional services necessary to acquire said development easement including, but not limited to, a survey and title search and to execute all necessary documents required to acquire the development easement.
6. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.

7. This action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.

**RESOLUTION #FY2025R5(17)**

**Preliminary Approval of SADC Easement Purchase on an "OTHER" FARM on the Property of**

**Nunn, Adrian & Barbara - SADC ID#: 10-0309-DE**

**MAY 22, 2025**

WHEREAS, pursuant to N.J.A.C. 2:76-11.3(a), an owner of farmland may offer to sell to the State Agriculture Development Committee ("SADC") a development easement on the farmland; and

WHEREAS, on February 2, 2025, the SADC received a development easement sale application from Adrian and Barbara Nunn, hereinafter "Owner," for the property identified as Block 8, Lot 29.01, West Amwell Township, Hunterdon County, hereinafter "the Property," totaling approximately 29.78 gross acres, identified in (Schedule A); and

WHEREAS, the Property includes one (1), approximately 1.5 acre non-severable exception area for and limited to one (1) existing single family residential unit and to afford future flexibility of uses resulting in approximately 28.28 net acres to be preserved; and

WHEREAS, the portion of the Property outside the exception area includes zero (0) housing opportunities, zero (0) agricultural labor units, and no pre-existing non-agricultural uses; and

WHEREAS, at the time of application, the Property was in hay production; and

WHEREAS, the Owners' application has been evaluated in accordance with N.J.A.C. 2:76-6.16, SADC Policy P-14-E, Prioritization criteria, and the State Acquisition Selection Criteria approved by the SADC on August 8, 2024, which categorizes applications into "Priority", "Alternate" and "Other" groups; and

WHEREAS, the Property, has a quality score of 62.83 and contains approximately 28.28 net acres (Schedule B); and

WHEREAS, the Property does meet the SADC's Hunterdon County minimum score criteria for the "Priority" category which requires a quality score of at least 60, but the property does not meet the minimum size criteria for "Priority" or "Alternate" farm designation, which requires a minimum size of 42 and 30 respectively; therefore, this farm is categorized as an "Other" farm, pursuant to N.J.A.C. 2:76-11.5(c)3, requiring SADC preliminary approval in accordance with N.J.A.C. 2:76-11.6(c)1i. through iii; and

WHEREAS, the Property meets the minimum eligibility criteria as set forth in N.J.A.C. 2:76-6.20 and, pursuant to N.J.A.C. 2:76-11.5(b), (c)1 and (c)2, there are no "Priority" or "Alternate" ranked applications that have not already been selected for processing at this time; and

**NOW THEREFORE BE IT RESOLVED:**

1. The WHEREAS paragraphs set forth above are incorporated herein by reference.
2. The SADC approves selecting the Property for processing as an "Other" farm, pursuant to N.J.A.C. 2:76-11.5 (b) and (c)2 because the farm:
  - a. has a quality score of 62.83, which is above minimum ranking criteria for a "Priority" farm in Hunterdon County
  - b. has approximately 21% Statewide Important soils
  - c. received 75.3% of the Agricultural Resource Factors and 27.5% of the Natural Resource Factors and is a buffer to critical infrastructure pursuant to the Statewide Formula
  - d. is within the County Agriculture Development Area
  - e. is located immediately adjacent to another preserved farm.
3. The SADC grants preliminary approval to the Property for an easement acquisition and authorizes staff to proceed with the following:
  - a. Enter into a 120-day option agreement with the Landowner
  - b. Secure two independent appraisals to estimate the fair market value of the Property
  - c. Review the two independent appraisals and recommend a certified fair market easement value of the property to the SADC.
4. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.
5. This action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.

**RESOLUTION #FY2025R5(18)**

**Preliminary Approval of SADC Easement Purchase on an "OTHER" FARM on the Property of  
Paxton, Helene - SADC ID#: 17-0403-DE**

**MAY 22, 2025**

WHEREAS, pursuant to N.J.A.C. 2:76-11.3(a), an owner of farmland may offer to sell to the State Agriculture Development Committee ("SADC") a development easement on the farmland; and

WHEREAS, on February 7, 2025, the SADC received a development easement sale application from Helene Paxton, hereinafter "Owner," for the property identified as Block13, Lots 4, 1.13 and 4.14, Oldmans Township, Salem County, hereinafter "the Property," totaling approximately 53.83 gross acres, identified in (Schedule A); and

WHEREAS, the Property includes one (1), approximately 1.85 acre non-severable exception area for and limited to one existing single family residential unit and to afford future flexibility of uses resulting in approximately 51.98 net acres to be preserved; and

WHEREAS, the portion of the Property outside the exception area includes zero (0) housing opportunities , zero (0) agricultural labor units, and no pre-existing non-agricultural uses; and

WHEREAS, the Property is currently an equine operation with no service activities occurring on the Premises; and

WHEREAS, the Owners' application has been evaluated in accordance with N.J.A.C. 2:76-6.16, SADC Policy P-14-E, Prioritization criteria, and the State Acquisition Selection Criteria approved by the SADC on August 26, 2024, which categorizes applications into "Priority", "Alternate" and "Other" groups; and

WHEREAS, the Property, has a quality score of 56.92 and contains approximately 51.98 net acres (Schedule B); and

WHEREAS, the Property does meet the SADC's Salem County minimum score criteria for an "Alternate" category which requires a quality score of at least 47, but the property does not meet the minimum size criteria for "Priority" or "Alternate" farm designation, which requires a minimum size of 93 and 68 respectively; therefore, this farm is categorized as an "Other" farm, pursuant to N.J.A.C. 2:76-11.5(c)3, requiring SADC preliminary approval in accordance with N.J.A.C. 2:76-11.6(c)1i. through iii; and

WHEREAS, the Property meets the minimum eligibility criteria as set forth in N.J.A.C. 2:76-6.20 and, pursuant to N.J.A.C. 2:76-11.5(b), (c)1 and (c)2, there are no "priority" or "alternate" ranked applications that have not already been selected for processing at this time; and

**NOW THEREFORE BE IT RESOLVED:**

1. The WHEREAS paragraphs set forth above are incorporated herein by reference.

2. The SADC approves selecting the Property for processing as an "Other" farm, pursuant to N.J.A.C. 2:76-11.5 (b) and (c)2 because the farm:
  - a. has a quality score of 56.92, which is above minimum ranking criteria for a "Alternate" farm in Salem County;
  - b. has approximately 41% Statewide Important soils and 47% Local Important soils; and
  - c. received 51% of the Agricultural Resource Factors and 33% of the Natural Resource Factors pursuant to the Statewide Formula.
  - d. has a higher risk of conversion pursuant to the Statewide Formula and is a buffer to critical infrastructure
  - e. is within the County Agriculture Development Area
  - f. is located in a community that has submitted a farmland preservation plan to qualify for a municipal planning incentive grant
3. The SADC grants preliminary approval to the Property for an easement acquisition and authorizes staff to proceed with the following:
  - a. Enter into a 120-day option agreement with the Landowner;
  - b. Secure two independent appraisals to estimate the fair market value of the Property;
  - c. Review the two independent appraisals and recommend a certified fair market easement value of the property to the SADC
4. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.
5. This action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.
