WHEREAS, the Grantor is the sole and exclusive owner of the Premises; and

WHEREAS, the Grantor believes that the retention and preservation of agricultural lands is beneficial to the public health, safety and welfare of the citizens of the State of New Jersey.

NOW THEREFORE, THE GRANTEE, GRANTEE'S HEIRS, EXECUTORS, ADMINISTRATORS, PERSONAL OR LEGAL REPRESENTATIVES, SUCCESSORS AND ASSIGNS PROMISES that the Premises will be owned, used and conveyed subject to, and not in violation of the following restrictions:

1. Any development of the Premises for nonagricultural purposes is expressly prohibited.
2. The Premises shall be retained for agricultural use and production in compliance with N.J.S.A. 4:1C-11 et seq., P.L. 1983, c.32, and all other rules promulgated by the State Agriculture Development Committee, (hereinafter Committee). Agricultural use shall mean the use of the Premises for common farmsite activities including, but not limited to: production, harvesting, storage, grading, packaging, processing and the wholesale and retail marketing of crops, plants, animals and other related commodities and the use and application of techniques and methods of soil preparation and management, fertilization, weed, disease and pest control, disposal of farm waste, irrigation, drainage and water management and grazing.
3. All nonagricultural uses are prohibited except as expressly provided in this Deed.
4. No sand, gravel, loam, rock, or other minerals shall be deposited on or removed from the Premises excepting only those materials required for the agricultural purpose for which the land is being used.
5. No dumping or placing of trash or waste material shall be permitted on the Premises unless expressly recommended by the Committee as an agricultural management practice.
6. No activity shall be permitted on the Premises which would be detrimental to drainage, flood control, water conservation, erosion control, or soil conservation, nor shall any other activity be permitted which would be detrimental to the continued agricultural use of the Premises.
 - i. Grantee shall obtain within one year of the date of this Deed, a farm conservation plan approved by the local soil conservation district.
 - ii. Grantee's long term objectives shall conform with the provisions of the farm conservation plan.
 - iii. The areas identified in Schedule "B" are identified on the NJDEP landscape project as containing endangered species habitat and are not in active agricultural production. Any activities within the areas identified on schedule "B" shall be performed in conformance with a farm conservation plan that addresses impacts to soil and water resources and threatened and endangered species.
 - iv. Grantee understands and agrees that the Premises are subject to N.J.A.C. 2:76-25, et seq. and 25A, et seq. regulating soil disturbance on preserved farms and establishing supplemental soil disturbance standards, respectively. The soil disturbance allocated to the Premises is a maximum of 12% of the Premises or 4 acres, whichever is greater, as provided by N.J.A.C. 2:76-25, et seq. and 25A, et seq. Grantee is advised that at the time of the execution of this Deed there exists **0.67 % or 0.79 acres** of soil disturbance on the Premises as depicted on the map attached as Schedule C. Due to the potential of additional soil disturbance or soil rehabilitation taking place after the execution of this Deed, Grantee is hereby put on notice that the amount of soil disturbance depicted on Schedule C may be different at the time of any subsequent conveyance of the Premises.

7. Grantor and its agents shall be permitted access to, and to enter upon, the Premises at all reasonable times, but solely for the purpose of inspection in order to enforce and assure compliance with the terms and conditions of this Deed. Grantor agrees to give Grantee at least 24 hours advance notice of its intention to enter the Premises, and further, to limit such times of entry to the daylight hours on regular business days of the week.

8. Grantee may use the Premises to derive income from certain recreational activities such as hunting, fishing, cross country skiing and ecological tours, only if such activities do not interfere with the actual use of the land for agricultural production and that the activities only utilize the Premises in its existing condition. Other recreational activities from which income is derived and which alter the Premises, such as golf courses and athletic fields, are prohibited.

9. Nothing shall be construed to convey a right to the public of access to or use of the Premises except as stated in this Deed or as otherwise provided by law.

10. Nothing shall impose upon the Grantee any duty to maintain the Premises in any particular state, or condition, except as provided for in this Deed.

11. Nothing in this Deed shall be deemed to restrict the right of Grantee to maintain all roads and trails existing upon the Premises as of the date of this Deed. Grantee shall be permitted to construct, improve or reconstruct any roadway necessary to service crops, bogs, agricultural buildings, or reservoirs as may be necessary.

12. At the time of this conveyance, Grantor certifies that a Main Farmhouse consisting of approximately 2,872 square feet of heated living space and a Smaller Home consisting of approximately 1,534 square feet of heated living space exist on the property. In the event that the existing Main Farmhouse is replaced, the maximum heated living space of the new single-family residential unit shall not exceed 2,872 square feet and the aggregate building footprint for ancillary structures such as porches, decks, and garages shall not exceed a maximum of 1,000 square feet. Any improvements to the existing Main Farmhouse shall not result in a maximum heated living space of more than 2,872 square feet including the existing residential unit and a maximum of 1,000 square feet of aggregate building footprint for ancillary structures such as porches, decks, and garages. In the event that the existing Smaller Home is replaced, the maximum heated living space of the new single-family residential unit shall not exceed 1,534 square feet and the aggregate building footprint for ancillary structures such as porches, decks, and garages shall not exceed a maximum of 500 square feet. Any improvements to the existing Smaller Home shall not result in a maximum heated living space of more than 1,534 square feet including the existing residential unit and a maximum of 500 square feet of aggregate building footprint for ancillary structures such as porches, decks, and garages. These existing residences shall not be redesignated as agricultural labor housing units.

13. Grantee may construct any new buildings for agricultural purposes. The construction of any new buildings for residential use, regardless of its purpose, shall be prohibited except as follows:

- i. To provide structures for housing of agricultural labor employed on the Premises but only with the approval of the Committee. If the Committee grants approval for the construction of agricultural labor housing, such housing shall not be used as a residence for Grantee, Grantee's spouse, Grantee's parents, Grantee's lineal descendants, adopted or natural, Grantee's spouse's parents, Grantee's spouse's lineal descendants, adopted or natural; and
- ii. To construct a single-family residential building anywhere on the Premises in order to replace any single-family residential building in existence at the time of conveyance of this Deed but only with the approval of the Grantor; andii. No residual dwelling site opportunities have been allocated pursuant to the provisions of N.J.A.C. 2:76-6.17. No residential buildings are permitted on the Premises except as provided in this Deed.

For the purpose of this Deed:

14. The land and its buildings which are affected may be sold for continued agricultural use as defined in Section 2 of this Deed. However, no division of the Premises shall be permitted.

15. In the event of any violation of the terms and conditions of this Deed, Grantor may institute, in the name of the State of New Jersey, any proceedings to enforce these terms and conditions including the institution of suit to enjoin such violations and to require restoration of the Premises to its prior condition. Grantor does not waive or forfeit the right to take any other legal action necessary to ensure compliance with the terms, conditions, and purpose of this Deed by a prior failure to act.

16. This Deed imposes no obligation or restriction on the Grantee's use of the Premises except as specifically set forth in this Deed.

17. This Deed is binding upon the Grantee, the Grantee's heirs, executors, administrators, personal or legal representatives, successors and assigns and the Grantor; it shall be construed as a restriction running with the land and shall be binding upon any person to whom title to the Premises is transferred as well as upon the heirs, executors, administrators, personal or legal representatives, successors, and assigns of all such persons.

18. Throughout this Deed, the singular shall include the plural, and the masculine shall include the feminine, unless the text indicates otherwise.

19. The word 'Grantee' shall mean any and all persons who lawfully succeed to the rights and responsibilities of the Grantee, including but not limited to the Grantee's heirs, executors, administrators, personal or legal representatives, successors and assigns.

20. Wherever in this Deed any party shall be designated or referred to by name or general reference, such designation shall have the same effect as if the words, heirs, executors, administrators, personal or legal representatives, successors and assigns' have been inserted after each and every designation.

21. Grantor and Grantor's successors and assigns retain all of the nonagricultural development rights and development credits appurtenant to the lands and Premises described herein. Nothing contained herein shall preclude the conveyance or retention of said rights by the Grantor as may be permitted by the laws of the State of New Jersey in the future.

22. That portion of the net proceeds, representing the value of the land only (and not the value of the improvements), of a condemnation award or other disposition of the Premises following termination of this Deed, as permitted pursuant to N.J.S.A. 4:1C-11 et seq., P.L. 1983, c.32, shall be distributed among the Grantor and the Grantee in shares in proportion to the fair market value of their interests in the Premises on the date of execution of this Deed. For this purpose, the Grantor's allocable share of the proceeds shall be the net proceeds multiplied by a fraction, the numerator of which is the market value of the development easement as certified by the Committee at the time of the initial acquisition or, if no such value was certified, then the market value of the development easement as certified by the Committee at the time it authorized the sale of the Premises and the denominator of which is the market value of the unrestricted Premises as certified by the Committee at the time of the initial acquisition, which is identified as (/).

23. No historic building or structure located on the Premises may be demolished by the grantor or any other person without the prior approval of the State Agriculture Development Committee. Historic building or structure is a building or structure that, as of the date of this Deed, has been included in the New Jersey Register of Historic Places established pursuant to N.J.S.A. 13:1B-15.128 et seq.
