EQUINE ACTIVITIES QUESTIONNAIRE

NAME OF APPLICANT: _____

FARM ADDRESS: _____

CONTACT NAME: _____**PHONE:**_____

EMAIL: _____

GENERAL OVERVIEW: Please provide a general description of the farm operations:

_____

_____

_____

_____

_____

_____

EQUINE PRODUCTION ACTIVITIES

Which of the following equine production activities are done on the farm?
(Check all that apply.)

- ☐ Breeding
- ☐ Pasturing (grazing)
- ☐ Raising
- ☐ Hay production
- ☐ Training as a production activity
  (i.e., adding value to horses (educating them) for the purpose of future sale of the horse for a profit)
    - ☐ The farm does this type of training for horses it owns and plans to sell
    - ☐ The farm does this type of training for other people's horses that they plan to sell

About how many acres of the farm are used for these activities? _____ acres

EQUINE SERVICE ACTIVITIES

Which of the following equine service activities does the farm provide? (Check all that apply.)

- ☐ Boarding
- ☐ Riding lessons (giving people lessons on how to ride/drive horses)
- ☐ Training horses as a service activity
  (i.e. to enhance the horse owners' personal use of the horses, i.e. not for the purposes of selling the horse for a profit)
- ☐ Rehabilitation of horses
- ☐ Equine-assisted therapy

About how many acres of the farm are used for these activities? _____acres

COMPLEMENTARY EQUINE ACTIVITIES

Which of the following additional equine-related activities are done on the farm?

☐ Clinics   ☐ Farm events

☐ Open houses   ☐ Competitions

☐ Demonstrations   ☐ Rodeos

☐ Educational camps

Other (or additional information on the activities above):

_____

_____

_____

About how many acres of the farm are used for these activities? _____ acres

PERSONAL EQUINE ACTIVITIES

Does that farm also own and keep horses for its own personal use? ☐ YES   ☐ NO
(i.e. not related to the farm business/not for commercial purposes)

About how many acres of the farm are used for these activities? _____ acres

NUMBER OF HORSES

How many horses are there typically on the farm during a given year?

Number of horses that the farm owns and keeps for:

❖ Equine production purposes: _____
❖ Equine service purposes (e.g. to provide riding lessons or equine-assisted therapy with):
  _____
❖ The farm's own personal use: _____

Number of horses that other people own:

❖ That are boarded on the farm: _____
❖ That the farm trains or rehabilitates for others' personal use: _____
❖ That the farm raises or trains for the purpose being sold for a profit: _____

Please feel free to further describe or clarify where any of the horses fit into multiple categories:

_____

_____

_____

_____

_____

_____

_____

EQUINE OVERVIEW

On an aerial map of the farm, please <u>outline and label</u> where the various equine activities take place. For example, outline any pasture areas and identify them as "pasture"; outline hay production areas and write "hay production"; outline stalls, indoor arenas, and other structures and write "boarding, riding lessons, raising, training" (or whatever the buildings are used for); etc.

Please list here what structures/areas comprise the farm's equine-related infrastructure:

_____   _____acres   _____   _____acres

_____   _____acres   _____   _____acres

_____   _____acres   _____   _____acres

_____   _____acres   _____   _____acres

_____   _____acres   _____   _____acres

_____   _____acres   _____   _____acres

"Equine-related infrastructure," for the purposes of this questionnaire, includes buildings and other related structures used to conduct equine activities, and paved areas, including parking and driveway areas, used in support of equine activities and any appurtenant non-production areas immediately adjacent to or between such buildings, structures, and parking and driveway areas. Equine-related infrastructure also includes agricultural labor housing used to conduct equine activities but does not include race tracks, the land under and land used in connection with a farmhouse, and all other land not devoted to agricultural or horticultural use. Please also note whether any of the equine-related infrastructure areas listed above are located in an exception area.

LANDOWNER SIGNATURE: _____

SADC STAFF SECTION

CALCULATION OF EQUINE RELATED INFRASTRUCTURE
Calculate the 'total equine area' (i.e. the overall area used by the farm for equine activities) by subtracting the farm's non-farmable, non-preserved, and non-equine-areas from the gross farm size.

Gross farm size   _____acres

 - Freshwater Wetlands   _____ ac   - Homestead   _____ ac

- Exception Area   _____ ac   - Nonequine   _____ ac

Total Equine Area _____acres

EQUINE RELATED INFRASTRUCTURE
Calculate the percent of the farm's "Total equine area" that is occupied by equine related infrastructure

(Equine Related Infrastructure) / (Total Equine Area) x 100%

(_____) / (_____) = _____ %
