

**NOTICE OF FILING OF
ELECTRIC RATE INCREASE AND PUBLIC HEARINGS
TO CUSTOMERS OF
ATLANTIC CITY ELECTRIC COMPANY**

**IN THE MATTER OF THE PETITION OF ATLANTIC CITY ELECTRIC COMPANY
FOR APPROVAL OF ELECTRIC BASE RATE ADJUSTMENTS PURSUANT
TO THE POWERAHEAD PROGRAM (11/2021)**

BPU Docket No. ER2111205

PLEASE TAKE NOTICE that, on or about November 1, 2021, Atlantic City Electric Company (“ACE” or “Company”), a New Jersey public utility, filed a petition with the New Jersey Board of Public Utilities (“Board” or “BPU”) seeking the Board’s approval of proposed changes to electric base rates to provide for cost recovery associated with the Company’s PowerAhead program (“Petition”).

On May 31, 2017, the Board issued an Order, effective June 10, 2017, approving the Company’s PowerAhead program in BPU Docket No. ER16030252. The Order approved an up to \$79 million, plus associated Allowance for Funds Used During Construction, in investments to be recovered pursuant to a stipulated cost recovery mechanism providing for adjustments to base rates. The investments in the PowerAhead program focused on storm resiliency and hardening, and grid modernization and supporting New Jersey’s Energy Master Plan through energy reduction and increased deployment of renewable energy resources. The investments were to be made over a five (5)-year period that began on the effective date of the Board Order approving the program (*i.e.*, June 10, 2017).

The Company requested that all rates shown below become effective for service rendered on and after April 1, 2022 (that is, the date requested in the Petition for implementation of rates). If the Board approves this request, the monthly bill for a typical residential customer (using approximately 680 kWh/month) will increase by \$0.10 or approximately 0.07%. The exact amount that your bill will increase depends upon the amount of electricity you use. Several charts are included with this Notice to help residential customers assess the impact of the proposed new rates on their monthly bills.
