Re: In the Matter of the Provision of Basic Generation Service
for the Period Beginning June 1, 2011 - Docket No. ER10040287

At its public agenda meeting held on February 9, 2011 the New Jersey Board of Public Utilities ("Board") approved the results of the Basic Generation Service ("BGS") Auction for the State's four electric distribution companies: Atlantic City Electric Company; Jersey Central Power & Light Company; Public Service Electric and Gas Company; and Rockland Electric Company (collectively, the "EDCs"). The Board also directed the EDCs to file revised tariff sheets reflecting the BGS rates resulting from the Auction by March 1, 2011.

On or about March 1, 2011, consistent with the Board's directive, the EDCs made compliance filings including their revised tariff sheets.

At its public agenda meeting held on May 16, 2011 the Board approved the EDCs' compliance filings, after finding them to be consistent with the Board's Order dated February 9, 2011. The Board also directed the EDCs to post the approved tariff sheets on their respective websites.

Sincerely,

A handwritten signature in cursive script that reads "Kristi Izzo".
