CABLE TELEVISION

IN THE MATTER OF THE PETITION OF COMCAST )  
OF CENTRAL NEW JERSEY II, LLC, FOR A ) RENEWAL CERTIFICATE OF  
RENEWAL CERTIFICATE OF APPROVAL TO ) APPROVAL  
CONTINUE TO CONSTRUCT, OPERATE AND )  
MAINTAIN A CABLE TELEVISION SYSTEM IN AND )  
FOR THE TOWNSHIP OF BEDMINSTER, COUNTY )  
OF SOMERSET, STATE OF NEW JERSEY ) DOCKET NO. CE13060448

**Parties of Record:**

**Dennis C. Linken, Esq., Scarinci & Hollenbeck, LLC, for the Petitioner**  
**Judith Sullivan, Clerk, Township of Bedminster, New Jersey**

**BY THE BOARD:**

On May 15, 1987, the Board of Public Utilities ("Board") granted Chester-Mendham Cable T.V., Inc. ("CMCTV") a Certificate of Approval, in Docket No. CE86020145, for the construction, operation and maintenance of a cable television system in the Township of Bedminster ("Township"). Due to a series of Board approved transfers, the Certificate was transferred to Patriot Media & Communications CNJ, LLC ("Patriot"). On November 14, 2005, the Board issued a Renewal Certificate of Approval to Patriot in Docket No. CE05020154. On March 22, 2006 the Board issued an Automatic Renewal Certificate of Approval to Patriot in Docket No. CE05121021. With required Board approval, Comcast of Central New Jersey II, LLC ("Petitioner") is the current holder of the Certificate. Although the Petitioner's above referenced Certificate expired on May 15, 2012, the Petitioner is authorized to continue to provide cable television service to the Township pursuant to N.J.S.A. 48:5A-25, pending disposition of proceedings regarding the renewal of its Certificate of Approval.

The Petitioner filed an application for the renewal of its municipal consent with the Township on August 10, 2011, pursuant to N.J.S.A. 48:5A-23 and N.J.A.C. 14:18-13.1 et seq. The Township, after public hearing, adopted ordinance 2012-010 granting renewal municipal consent to the Petitioner on October 1, 2012. On October 17, 2012, the Petitioner informed the Township that the adopted ordinance contained a provision that it did not agree to therefore, it could not accept the ordinance in its entirety. Thereafter the parties continued negotiations and

on March 18, 2013, the Township, after public hearing, adopted ordinance 2013-005 granting renewal municipal consent to the Petitioner, which superseded ordinance 2012-010. The Petitioner formally accepted the terms and conditions of ordinance 2013-005 on April 2, 2013. On June 3, 2013, pursuant to N.J.S.A. 48:5A-16, the Petitioner filed with the Board for a renewal of its Certificate for the Township.

The Board has reviewed the application for municipal consent, the petition for a Renewal Certificate of Approval, and the municipal consent ordinance. Based upon this review and the recommendation of the Office of Cable Television, the Board **HEREBY FINDS** the following:

1. The Petitioner possesses the requisite legal, character, financial and technical qualifications for the awarding of a Certificate of Approval. Further, these qualifications were reviewed by the Township in conjunction with the municipal consent process.
2. The design and technical specifications of the system shall ensure that the Petitioner provides safe, adequate and proper service.
3. The Petitioner has represented that all previously required construction within the franchise territory is complete.
4. The franchise period as stated in the ordinance is 15 years, with an automatic renewal provision for a term of ten years thereafter in conformance with N.J.S.A. 48:5A-19 and N.J.S.A. 48:5A-25. The Board finds these franchise periods reasonable.
5. The Township has reserved the right to review the Petitioner's performance with regard to the ordinance. In the event that the Township shall find that the Petitioner has not substantially complied with the material terms and conditions of the ordinance, the Township shall have the right to petition the Board for appropriate administrative action, pursuant to N.J.S.A. 48:5A-47; provided, however, that the Township shall first have given the Petitioner written notice of all alleged instances of non-compliance and an opportunity to cure same within 90 days of that notification.
6. The Petitioner shall provide service to any residence or business along any public right-of-way in the Primary Service Area at no cost beyond standard and non-standard installation charges. For any extension outside of the Primary Service Area, the Petitioner shall utilize the line extension policy ("LEP") attached to the Certificate. The minimum homes per mile figure is 25.
7. The Petitioner shall extend cable plant as agreed to in the ordinance to the areas identified on the maps submitted. As stated in the ordinance, the schedule of construction will be as follows; the first stage shall be completed within one year of the issuance of this Certificate and the second and third stages shall be completed within one year after the completion of the first stage of construction. Upon completion of each stage of construction, the Petitioner shall submit proof of satisfaction of same to the Office of Cable Television.
8. The Petitioner's rates shall be regulated and tariffs shall be filed for all services, in accordance with the rules and regulations of the Federal Communications Commission, the Board and the Office of Cable Television. The Petitioner shall

maintain and file with the Board, informational schedules of prices, terms and conditions for unregulated service, and promptly file any revisions thereto.

9. Pursuant to statutory requirements, the ordinance specifies a complaint officer to receive and act upon complaints filed by subscribers in the Township. In this case, it is the Office of Cable Television. All complaints shall be received and processed in accordance with any applicable rules.
10. The Petitioner shall maintain a local business office or agent for the purpose of receiving, investigating and resolving complaints. The Petitioner currently maintains a local office at 279 Amwell Road, Hillsborough, New Jersey.
11. The franchise fee to be paid to the Township is specified to be 2% of the Petitioner's gross revenues from all recurring charges in the nature of subscription fees paid by subscribers for its cable television reception service in the Township or any additional amount required by N.J.S.A. 48:5A-30. Additional regulatory fees shall be paid to the State in an amount not to exceed 2% of Petitioner's gross operating revenues derived from intrastate operations. The Board finds these fees to be reasonable.
12. The Petitioner shall continue to provide two local access channels and existing return lines maintained by the Petitioner for the purpose of cablecasting non-commercial access programming. The second access channel, known as the government access channel, can be used to televise meetings of the various public bodies of the Township.
13. The Petitioner shall continue to provide and maintain a system-wide public access channel. Qualified individuals and organizations may utilize public access for the purpose of cablecasting non-commercial access programming in accordance with the Petitioner's public access rules.
14. Within six months of issuance of this Certificate, the Petitioner shall provide the Township a one-time grant in the amount of \$5,000.00 which shall be used by the Township for any cable or telecommunications related purpose as it deems appropriate. Upon payment, the Petitioner shall provide the Office of Cable Television with proof of satisfaction of this obligation.
15. The Petitioner shall provide standard installation and basic cable television service, on one outlet, free of charge, to each school in the Township, public and private, elementary, intermediate and secondary. In order to qualify for free installation, the school must be located within 200 feet of active cable distribution plant. Each additional outlet installed, if any, shall be paid for on a materials plus labor basis by the school requesting service. The Petitioner shall waive monthly service charges for any such additional outlets.
16. The Petitioner shall provide installation and basic cable television service, on one outlet, free of charge, to each municipal facility including: the municipal building, police department, fire department, emergency management facility, and public library located in the Township. In order to qualify for free installation, the facility must be located within 200 feet of active cable distribution plant. The Township shall pay for each additional outlet installed to any of the above facilities on a materials

plus labor basis, however, the Petitioner shall waive monthly service charges for any such additional outlets.

17. The Petitioner shall provide free monthly Internet service via high-speed cable modem to each school in the Township, public and private, elementary, intermediate and secondary. To qualify for free installation, the facility must be located within 200 feet of active cable distribution plant. The Internet service shall be installed on a personal computer that is accessible to students, and shall not be used for administrative purposes only.
18. The Petitioner shall continue to provide, free of charge, one non-networked internet connection and via cable modem to the Township's municipal building, police department, firehouse and public works department, and the public library
19. Upon 30 days written notice from the Township, the Petitioner shall make available representatives for the purpose of reviewing the Petitioner's performance. The representative shall respond to the reasonable requests for information made by the Township prior to or at the meeting.

Based upon these findings, the Board **HEREBY CONCLUDES**, pursuant to N.J.S.A. 48:5A-17(a) and 28(c), that the Petitioner has the municipal consent necessary to support the petition, that such consent and issuance thereof are in conformity with the requirements of N.J.S.A. 48:5A-1 et seq., that the Petitioner has complied or is ready, willing and able to comply with all applicable rules and regulations imposed by or pursuant to State and Federal law as preconditions for engaging in the proposed cable television operations, that the Petitioner has sufficient financial and technical capacity, meets the legal, character and other qualifications necessary to construct, maintain and operate the necessary installations, lines and equipment, and that the Petitioner is capable of providing the proposed service in a safe, adequate and proper manner.

Therefore, the Petitioner is **HEREBY ISSUED** this Renewal Certificate of Approval as evidence of Petitioner's authority to construct and operate a cable television system within the entirety of the Township.<sup>1</sup>

This Renewal Certificate is subject to all applicable State and Federal laws, the rules and regulations of the Office of Cable Television, and any such lawful terms, conditions and limitations as currently exist or may hereafter be attached to the exercise of the privileges granted herein. The Petitioner shall adhere to the operating standards set forth by the Federal Communications Commission's rules and regulations, 47 C.F.R. § 76.1 et seq. including but not limited to, the technical standards 47 C.F.R. § 76.601 through § 76.630. Any modifications to the provisions thereof shall be incorporated into this Certificate.

Failure to comply with all applicable laws, rules, regulations and orders of the Board or the Office of Cable Television and/or the terms, conditions and limitations set forth herein may constitute sufficient grounds for the suspension or revocation of this Certificate.

This Renewal Certificate is issued on the representation that the statements contained in the

---

<sup>1</sup> It is noted that a portion of the Township, known as The Hills, is served by a second cable television operator under a Certificate of Approval issued by the Board in Docket No. CM89080689, which is currently held by CSC TKR, LLC d/b/a Cablevision of Raritan Valley.

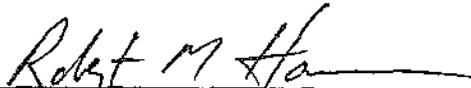

Petitioner's applications are true, and the undertakings therein contained shall be adhered to and be enforceable unless specific waiver is granted by the Office of Cable Television pursuant to the authority contained in N.J.S.A. 48:5A-1 et seq.

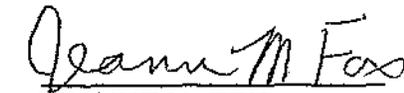

This Certificate shall expire May 15, 2027.

This order shall be effective on December 30, 2013.

SECRETARY

I HEREBY CERTIFY that the within  
document is a true copy of the original  
in the files of the Board of Public  
Utilities

The operator's installation policies shall apply to construction beyond the public right of way.

Detailed accounting and/or financial information to support the minimum HPM shall be supplied to the Office for its approval in such form as required. The minimum HPM shall be updated as appropriate.

When a request for service is received, and unless good cause is shown, cable companies shall:

1. Provide a written estimate within 30 days of such a request.
2. Begin construction within 60 days of receipt of any deposit monies from potential subscribers.
3. Complete construction within six months of receipt of any deposit monies from potential subscribers.
4. Inform each home passed along the extension of the potential costs for subscribers.

Subscribers who pay for an extension shall be entitled to rebates in the following manner:

1. If the company acquires new subscribers subsequent to the initial calculation of step 5 above, the formula will be adjusted and those who have previously paid for the extension will be entitled to an appropriate rebate. In no event shall the amount of the rebate exceed the subscriber's contribution.
2. The company shall keep accurate records of the cost of the extension, the amounts paid by subscribers and any appropriate adjustments.
3. The company shall notify subscribers in the extension of their rights and responsibilities concerning the extension.
4. Once an individual dwelling has paid its share of the extension cost future reconnections or installations shall be made at the company's standard rates.
5. After a period of five years from the installation of the first dwelling unit in the extension no further adjustments shall be made. Installations after five years shall be at the company's standard rate.
6. Once a subscriber is installed, that person shall not normally be entitled to a refund of any monies paid for the installations, except in accordance with the rebate procedure outlined in this policy.

## **Definitions**

### Primary Service Area

The Primary Service Area (PSA) can be an entire municipality but in many instances, the PSA is a limited area within a community outside of which a line extension policy may apply. The PSA is depicted by a franchise map and narrative, presented and recorded during the franchise proceedings. It normally remains a fixed geographic area throughout the life of the franchise.

### Line Extension Survey

Potential subscribers residing outside the PSA who request service are entitled to an estimate of their share of the cost to secure service. When conducting a survey and estimating costs, a cable company should factor-in all potential subscribers who could practicably be included in the extension and give consideration to apparent residential construction in areas contiguous to the proposed extension.
