APPROVAL OF A ZERO EMISSION CERTIFICATE )	DOCKET NO. EO18091004
RECOVERY CHARGE )	

**Parties of Record:**

**Matthew M. Weissman, Esq.** for Public Service Electric and Gas Company  
**Stefanie A. Brand, Esq., Director**, New Jersey Division of Rate Counsel

BY THE BOARD:

**BACKGROUND**

On May 23, 2018, Governor Phil Murphy signed into law L. 2018, c. 16 (N.J.S.A. 48:3-87.3 to -87.7) ("Act"). The Act required the New Jersey Board of Public Utilities ("Board") to implement a Zero Emission Certificate ("ZEC") program within specified timelines. N.J.S.A. 48:3-87.3 to -87.5. Under the Act, the Board may approve certain eligible nuclear energy generators to receive ZECs, which New Jersey's electric distribution companies ("EDCs") would be required to purchase.<sup>1</sup> N.J.S.A. 48:3-87.5(b)(2); N.J.S.A. 48:3-87.5(i). The Act also provided that the Board shall order the full recovery of EDCs' costs associated with the purchased ZECs through a non-bypassable charge imposed on each EDC's retail distribution customers. N.J.S.A. 48:3-87.5(j)(1).

The Act also directed each EDC to file with the Board within 150 days of the Act's enactment, by October 22, 2018, a tariff to recover from its retail distribution customers a charge of \$0.004 per kilowatt-hour ("kWh"). N.J.S.A. 48:3-87.5(j). The Act identified this charge as the emissions avoidance benefits associated with the continued operation of a selected nuclear power plant. (ibid.) Within 60 days of the filing of each EDC tariff, and after notice, opportunity for comment,

<sup>1</sup> The EDCs are Atlantic City Electric Company, Jersey Central Power and Light Company, Public Service Electric and Gas Company ("PSE&G" or "Company"), Rockland Electric Company and Butler Electric ("Butler"). Butler is regulated to the extent it serves customers outside of its municipal borders.

and a public hearing, the Board was required to approve the appropriate tariffs. (*Ibid.*) In the Act, the EDCs were also directed to return excess monies in each EDC's separate, interest bearing account to its retail distribution customers at the end of each energy year.

By Order dated November 19, 2018, the Board accepted the tariff filings made by PSE&G and directed that the tariff not be implemented unless and until the Board issued a final order authorizing the Company to implement the ZEC program.<sup>2</sup> Subsequently, by Order dated April 18, 2019, the Board directed the EDCs to submit final tariffs to become effective on April 18, 2019.<sup>3</sup> The Board further directed the EDCs to calculate interest on their collections at their respective short-term debt rates in their respective collection accounts as allowed under the Act.

### **OCTOBER 2020 FILING**

On October 23, 2020, PSE&G submitted a filing with the Board seeking to refund the excess ZEC collections and corresponding interest related to Energy Years 2019 and 2020 ("Petition").

In the Petition, the Company proposed to refund the excess ZEC recovery charge collection and corresponding interest over a 12-month period commencing January 1, 2021 through the previously established Return of Excess Collections Credit Rate ("RECCR"), which is a component of the approved ZEC Recovery Charge ("ZECRC") tariff and currently set at zero. The proposed RECCR is (\$0.000155) per kWh, excluding New Jersey Sales and Use Tax ("SUT"). The Company indicated that it will monitor the ZECRC excess collection balance and, as it approaches zero, proposed to make a filing at the Board at least 30 days in advance of PSE&G's intention to implement the rate change in the RECCR to zero. According to PSE&G, any excess balance remaining at that point will be included in the Company's next RECCR filing.

In the filing, PSE&G indicated that the total over-recovery to be returned to customers for Energy Years 2019 and 2020 is \$6,221,470. This includes interest calculated on both periods at the Company's short-term debt rate.

### **DISCUSSION AND FINDINGS**

The Board reviewed the record in this matter and **HEREBY APPROVES** PSE&G's proposed RECCR and tariff. The Board **HEREBY APPROVES** a revised total PSE&G ZECRC rate of \$0.0041, including SUT, for service rendered on and after January 1, 2021. As a result, a residential customer using approximately 650 kWh per month will see a decrease of \$0.11 in their monthly bill.

The Board **HEREBY DIRECTS** PSE&G to file revised tariffs by January 1, 2021.

---

<sup>2</sup> In re the Implementation of L. 2018, C. 16 Regarding the Establishment of a Zero Emission Certificate Program for Eligible Nuclear Power Plants AND In re the Petition of Public Service Electric and Gas Company for Approval of a Zero Emission Certificate Recovery Charge, BPU Docket Nos. EO18080899 and EO18091004, Order dated November 19, 2018.

<sup>3</sup> In re the Implementation of L. 2018, C. 16 Regarding the Establishment of a Zero Emission Certificate Program for Eligible Nuclear Power Plants; Application for Zero Emission Certificates of Salem 1 Nuclear Power Plant; Application for Zero Emission Certificates of Salem 2 Nuclear Power Plant; Application for Zero Emission Certificates of Hope Creek Nuclear Power Plant, BPU Docket Nos. EO18121338, EO18121339, and EO18121337, Order dated April 18, 2019.

The Company's costs will remain subject to audit by the Board. This Order shall not preclude or prohibit the Board from taking further action relating to any such audit.

The effective date of this Order is December 26, 2020.
