WATER

IN THE MATTER OF THE PETITION OF VEOLIA	)	ORDER ADOPTING
WATER NEW JERSEY INC., FOR APPROVAL OF THE	)	STIPULATION
FOUNDATIONAL FILING RELATED TO DISTRIBUTION	)	
SYSTEM IMPROVEMENT CHARGE	)	DOCKET NO. WR24060400

**Parties of Record:**

**Bryant Gonzalez, Esq.**, Corporate Attorney, Veolia Water New Jersey, Inc.  
**Brian Lipman, Esq., Director**, New Jersey Division of Rate Counsel

**BY THE BOARD:**

On June 3, 2024, Veolia Water New Jersey, Inc. ("Company" or "Petitioner"), a public utility corporation of the State of New Jersey, filed a petition with the New Jersey Board of Public Utilities ("Board") pursuant to N.J.A.C. 14:9-10.1 et seq. seeking approval of a new foundational filing that would establish a Distribution System Improvement Charge ("DSIC") for the renewal of water distribution system assets for the period of 2024 through 2028 ("Foundational Filing"). By this Order, the Board considers a Stipulation of Settlement ("Stipulation") executed by the Company, Board Staff ("Staff"), and the New Jersey Division of Rate Counsel ("Rate Counsel") (collectively, "Parties") resolving all issues in controversy in this matter.

## **BACKGROUND/PROCEDURAL HISTORY**

The Company's initial DSIC foundational filing was approved by the Board on October 23, 2012 in BPU Docket No. WR12080724.<sup>1</sup> The Petitioner filed its second DSIC foundational filing as part of its base rate case in BPU Docket No. WR13030210 ("2013 Base Rate Case"). As part of the 2013 Base Rate Case, the Company incorporated the entirety of the Company's first DSIC recovery period (November 1, 2012 through April 30, 2013) and second DSIC recovery period (May 1, 2013 through October 31, 2013), pursuant to the Company's first DSIC foundational filing. The 2013 Base Rate Case was approved by the Board on November 22, 2013 and incorporated the entirety of the DSIC-eligible projects in a test-year ending May 31, 2013.<sup>2</sup>

The Company filed a base rate case, BPU Docket No. WR15101177, on October 7, 2015 ("2015 Base Rate Case"). As part of the 2015 Base Rate Case, the Company incorporated the entirety of the Company's first DSIC recovery period (December 1, 2013 through May 31, 2014), second DSIC recovery period (June 1, 2014 through November 30, 2014), third DSIC recovery period (December 1, 2014 through May 31, 2014), and fourth DSIC recovery period (June 1, 2015 through November 30, 2015), pursuant to the Company's second DSIC foundational filing. The 2015 Base Rate Case was approved by the Board on April 27, 2016.<sup>3</sup>

The Company then filed its third DSIC foundational filing on April 18, 2016 as a separately docketed matter from the 2015 Base Rate Case, which was approved by the Board on July 29, 2016, in BPU Docket No. WR16040303.<sup>4</sup>

Thereafter, the Company filed a base rate case, BPU Docket No. WR18050593, on May 31, 2018 ("2018 Base Rate Case"). As part of the 2018 Base Rate Case, the Company incorporated its first DSIC recovery period (August 1, 2016 through January 31, 2017), second DSIC recovery period (February 1, 2017 through July 31, 2017), third DSIC recovery period (August 1, 2017 through January 31, 2018), and fourth DSIC recovery period (February 1, 2018 through July 31, 2018), pursuant to the Company's third DSIC foundational filing. The 2018 Base Rate Case was approved by the Board on November 19, 2018.<sup>5</sup>

---

<sup>1</sup> In re United Water New Jersey, Inc.'s Distribution System Improvement Charge Foundational Filing Pursuant to N.J.A.C. 14:9-10.4, BPU Docket No. WR12080724, Order dated October 23, 2012.

<sup>2</sup> In re the Petition of United Water New Jersey Inc. for Approval of an Increase in Rates for Water Service and Other Tariff Changes, BPU Docket No. WR13030210, OAL Docket No. PUC 03748-13, Order dated November 22, 2013.

<sup>3</sup> In re the Petition for Approval of an Increase in Rates for Water Service and Other Tariff Changes for Suez Water New Jersey Inc., BPU Docket No. WR15101177, OAL Docket No. PUC 16468-15, Order dated April 27, 2016.

<sup>4</sup> In re Suez Water New Jersey, Inc.'s Distribution System Improvement Charge Foundational Filing Pursuant to N.J.A.C. 14:9-10.4, BPU Docket No. WR16040303, Order dated July 29, 2016.

<sup>5</sup> In re the Joint Petition for Approval of an Increase in Rates for Water and Wastewater Service and Other Tariff Changes for Suez Water New Jersey Inc., Suez Water Toms River Inc., Suez Water Arlington Hills, Inc., Suez Water West Milford, Inc., Suez Water Princeton Meadows, Inc., and Suez Water Matchaponix, Inc., BPU Docket No. WR18050593, OAL Docket No. PUC 17969-18, Order dated November 19, 2018.

The Petitioner filed its fourth DSIC foundational filing on October 22, 2018 as a separately docketed matter from the 2018 Base Rate Case, which was approved by the Board on February 27, 2019, in BPU Docket No. WR18101158.<sup>6</sup>

The Company filed a base rate case, BPU Docket No. WR20110729, on November 23, 2020 (“2020 Base Rate Case”), which requested the incorporation of the Company’s first DSIC recovery period (October 1, 2018 through August 31, 2019), second DSIC recovery period (September 1, 2019 through February 29, 2020), third DSIC recovery period (March 1, 2020 through August 31, 2020), and fourth DSIC recovery period (September 1, 2020 through February 28, 2021), pursuant to the Company’s fourth DSIC foundational filing. The 2020 Base Rate Case was approved by the Board on May 19, 2021 and an amended Order was approved on October 6, 2021.<sup>7</sup>

The Petitioner filed its fifth DSIC foundational filing on June 7, 2021, which was approved by the Board on October 28, 2021, in BPU Docket No. WR21060891.<sup>8</sup>

The Company filed its most recent base rate case, BPU Docket No. WR23110790, on November 9, 2023 (“2023 Base Rate Case”), which requested the incorporation of the Company’s first DSIC recovery period (April 1, 2021 through April 30, 2022), second DSIC recovery period (May 1, 2022 through October 31, 2022), and third DSIC recovery period (November 1, 2022 through April 30, 2023), pursuant to the Company’s fifth DSIC foundational filing. The 2023 Base Rate Case was approved by the Board on May 22, 2024.<sup>9</sup>

### **FOUNDATIONAL FILING PROCEEDING**

The Petitioner filed the Foundational Filing on June 3, 2024 as a separately docketed matter from the 2023 Base Rate Case. The Parties worked to issue and respond to discovery in a timely manner, in order to permit this matter to be acted upon by the Board within the 120-day review period specified in N.J.A.C. 14:9-10.4(c).

Pursuant to N.J.A.C. 14:9-10.4(b)(1), as part of the Foundational Filing, the Company submitted an engineering evaluation report that identified the DSIC-eligible work to be performed and explained that the Company has continually performed planning to address short- and long-term system needs throughout years of nominal operation, including the annual development of a five (5)-year plan.

---

<sup>6</sup> In re Suez Water New Jersey, Inc. and Suez Water Toms River, Inc. Distribution System Improvement Charge Foundational Filing Pursuant to N.J.A.C. 14:9-10.4, BPU Docket No. WR18101158, Order dated February 27, 2019.

<sup>7</sup> In re the Petition of Suez Water New Jersey, Inc. for Approval of an Increase in Rates for Water/Sewer Service and Other Tariff Changes, BPU Docket No. WR20110729, OAL Docket No. PUC 10966-20, Order dated May 19, 2021; In re the Petition of Suez Water New Jersey, Inc. for Approval of an Increase in Rates for Water/Sewer Service and Other Tariff Changes, BPU Docket No. WR20110729, OAL Docket No. PUC 10966-20, Order dated October 6, 2021.

<sup>8</sup> In re the Petition of Suez Water New Jersey Inc. for Approval of Distribution System Improvement Charge Foundational Filing Pursuant to N.J.S.A. 48:2-21 and N.J.A.C. 14:9-10.1 & 14:9-10.4 et seq., BPU Docket No. WR21060891, OAL Docket No. PUC 05056-21, Order dated October 28, 2021.

<sup>9</sup> In re the Petition of Veolia Water New Jersey, Inc. for Approval of an Increase in Rates for Water/Sewer Service and Other Tariff Changes, BPU Docket No. WR23110790, OAL Docket No. PUC 13875-23, Order dated May 22, 2024 (“May 2024 Order”).

On August 14, 2024, Staff requested and received consent from the Parties to extend the Board's review period by forty-five (45) days. Staff requested this extension due to the limited processing time available following the completion of the public hearings and the final available agenda, September 25, 2024, before the 120-day period expired on October 8, 2024. Staff requests that the Board waive the 120-day review period consistent with the extension agreed upon by the Parties.

On August 16, 2024, the Parties participated in a virtual conference, at which time representatives of the Company responded to additional questions from Staff and Rate Counsel.

After proper notice in newspapers of general circulation throughout the Company's service territory, two (2) virtual public hearings were held on September 12, 2024 at 4:30 p.m. and 5:30 p.m., presided over by a hearing officer of the Board. Mayor Amy Wilczynski and Councilwoman Liz Homan of the Borough of Allendale participated in the hearings. Councilwoman Homan expressed concern regarding the potential impact of the proposed DSIC on ratepayers in the Borough of Allendale. No other members of the public participated in the hearing or submitted comments in this matter.

### **STIPULATION**

Following further review and discussion, the Parties reached an agreement and executed a Stipulation on September 16, 2024. Based upon and subject to the terms and conditions set forth in the Stipulation, the Parties stipulated and agreed to the following<sup>10</sup>:

3. The Parties agree that the Company has satisfied the Foundational Filing requirement specified in N.J.A.C. 14:9-10.4(b). The Parties agree that as required at N.J.A.C. 14:9-10.4(c), the Company recently concluded a base rate proceeding and implemented base rates pursuant to the May 2024 Order.
4. The Parties agree that this DSIC Foundational Filing is made pursuant to the Board's DSIC rules generally found at N.J.A.C. 14:9-10.4 et seq., and was filed subsequent to the Company's previous base rate case to establish a new, updated DSIC Foundational Filing. The Board approved new rates in the Company's prior base rate case effective June 1, 2024, which pursuant to the DSIC regulations, incorporated (by resetting the DSIC surcharges to zero) the Company's previous DSIC surcharges pursuant to the Company's previous DSIC Foundational Filing.
5. The Parties stipulate the projects contained in Exhibit P-4 to the DSIC Foundational Filing, attached to the Stipulation in redacted form as Attachment A, have been reviewed. The Parties further stipulate that the projects in Exhibit P-4 that begin construction after the test year in the Company's last base rate case (March 31, 2024) are DSIC-eligible projects as defined at N.J.A.C. 14:9-10.2 and are eligible to be included in the Company's DSIC filings pursuant to N.J.A.C. 14:9-10.7. Furthermore, the Parties acknowledge that the replacement project lists in Exhibit P-4 contain projects that have not been specifically scheduled but may be undertaken as replacement projects or may be accelerated to address changed conditions. In such instances, the Company will advise Staff and Rate Counsel

---

<sup>10</sup> Although summarized in this Order, the detailed terms of the Stipulation are controlling, subject to the findings and conclusions of this Order. Paragraphs are numbered to coincide with the Stipulation.

that these projects will be advanced. To the extent that additional projects not on these lists are identified through continuing condition assessments, the Company will advise Staff and Rate Counsel that these projects may be added to the list of projects to be undertaken using the procedures defined in N.J.A.C.14:9-10.4(b)(5).

Rate Counsel asserted that Dead End looping projects do not meet the criteria for DSIC eligibility. However, following a discussion on August 16, 2024, and a subsequent clarification of the project scope, Rate Counsel advised that the designation should be revised to Water Main Looping.

6. Pursuant to N.J.A.C. 14:9-10.4(b)(1), the Company provided as Exhibit P-4 an engineering evaluation report which identifies the rationale for the work to be performed; demonstrates that the proposed plan is cost-effective; identifies elements of the distribution system that require investment including assets which might be susceptible to failure; and identifies efforts to extend the life of the distribution system assets. Pursuant to N.J.A.C. 14:9-10.4(b)(2), also included with Exhibit P-4 is DSIC project information which included the following elements:
  - a. a list of DSIC-eligible projects by asset class;
  - b. project descriptions, including the nature, location, estimated in-service dates, as well as the vintage and condition of the facilities being replaced or rehabilitated, estimated project costs, and descriptions and reasons for the projects; and
  - c. aggregate information capturing blanket-type, DSIC-eligible infrastructure projects and the estimated annual cost of such blanket-type replacement programs.
7. The Parties agree that Attachment B to the Stipulation accurately reflects the P-3 DSIC Assessment Schedule. Pursuant to that schedule, the maximum amount of Annual DSIC revenues is \$17,805,103, should the Company invest the maximum pursuant to the DSIC regulations and the Parties agree that the Board should so find. Additionally, the maximum DSIC surcharge for a typical customer with a 5/8" meter per month is \$4.08.
8. The Parties agree that the Company filed certain portions of this DSIC Foundational Filing as Confidential.
9. Subject to the DSIC rules, the Parties recommend that the Board authorize the recovery in the DSIC of the revenue requirement, calculated in accordance with N.J.A.C. 14:9-10.9, of the actual costs associated with the projects contained in Exhibit P-4. The Parties acknowledge that the Company has commenced construction of some of the projects listed on Exhibit P-4 under a prior DSIC Foundational Filing and these projects incurred previously unrecovered restoration costs, the recovery of which will be sought in DSIC rate filings under this DSIC Foundational Filing in accordance with N.J.A.C. 14:9-10.3(c).
10. The Parties agree that the Company's base spending requirement is \$11,144,799 as calculated in Exhibit P-2 of the DSIC Foundational Filing.
11. A copy of the public notice is attached to the Stipulation as Attachment C.

## **DISCUSSION AND FINDINGS**

The Board first addresses Staff's request for waiver, seeking relaxation of the 120-day review period specified in N.J.A.C. 14:9-10.4(c). The Board has the authority to relax, or effectively waive, its administrative rules if doing so is in the public interest. N.J.A.C. 14:1-1.2. The Board may, in special cases and for good cause shown, permit deviation from its rules by a two part test. The Board shall, in accordance with the general purposes and intent of its rules, waive a section of a rule or a full if full compliance with the rule would adversely affect the ratepayers of a utility, the ability of said utility to continue to render safe, adequate and proper service, or the interests of the general public. N.J.A.C. 14:1-1.2(b)(1). Staff's request arises due to the limited time to thoroughly review the record and settlement criteria following the September 12, 2024 public hearing. The additional time allowed Staff to complete its due diligence and ensure that the proposed Stipulation is in the best interest of the Company's ratepayers. Moreover, the Parties consented to relaxation of the 120-day review period.

After a careful review of this matter and consistent with the governing rules of the Board and all applicable laws of the State of New Jersey, the Board **HEREBY FINDS** that Staff's request for an extension of its review period is in the public interest and **HEREBY GRANTS** the request *nunc pro tunc* to August 14, 2024.

Having reviewed the Foundational Filing and the Stipulation, the Board **FINDS** that the Parties have voluntarily agreed to the Stipulation, and that the Stipulation fully disposes of all issues in this proceeding. The Board **FURTHER FINDS** the Stipulation to be reasonable, in the public interest, and in accordance with the law. Therefore, the Board **HEREBY ADOPTS** the Stipulation, attached hereto, including all attachments and schedules, as its own, incorporating by reference the terms and conditions of the Stipulation, as if they were fully set forth at length herein, subject to the requirements set forth in N.J.A.C. 14:9-10.1 et seq. and the conditions set forth in this Order.

Based upon the information presented in the Foundational Filing and agreed to by the Parties in the Stipulation, the Board **HEREBY FINDS** that the Company's 2024 overall revenue for DSIC purposes is \$356,102,060, as established in the Company's 2023 Base Rate Case, BPU Docket No. WR23110790. The Board **FURTHER FINDS** that the Petitioner's maximum amount of annual DSIC revenues that may be collected is \$17,805,103, or no more than five percent (5%) of the Company's total water revenues established in the Company's 2023 Base Rate Case. The Company will implement the DSIC surcharge if, and when, it achieves specific levels of infrastructure investment and completes and places the facilities into service as required by N.J.A.C. 14:9-10.1 et seq. As an example, an average residential customer with a 5/8-inch meter may be subjected to a maximum monthly DSIC surcharge of \$4.08. These proposed rates are estimates and may change, however the maximum annual DSIC revenue requirement, \$17,805,103, cannot be exceeded.

The Board **HEREBY ORDERS** that, in accordance with N.J.A.C. 14:9-10.5(b), the Petitioner shall make DSIC filings on a semi-annual basis, commencing approximately six (6) months after the effective date of the Foundational Filing. The Petitioner must submit its semi-annual DSIC filing within fifteen (15) days of the end of the DSIC recovery period to be reviewed by Staff and Rate Counsel. The Petitioner may recover the interim surcharge associated with the DSIC-eligible projects closed during the DSIC recovery period not objected to by Staff or Rate Counsel beginning sixty (60) days after the end of the DSIC recovery period, subject to refund at the Board's discretion. It is **FURTHER ORDERED** that the Petitioner must comply with the base

spending requirements set forth in this Order. Failure to comply with the base spending requirements will result in a reduction and refund, where appropriate, of the DSIC surcharge. Thus, the Petitioner's DSIC surcharge is interim, subject to refund, and shall not exceed the annual maximum revenue requirement of \$17,805,103, as set forth in this Order.

The Board **FURTHER ORDERS** that, in accordance with N.J.A.C. 14:9-10.4(e), if within three (3) years after the effective date of this Order, the Petitioner has not filed a petition in accordance with the Board's rules for the setting of its base rates, all interim charges collected under the DSIC shall be deemed an over-recovery, and shall be credited to customers in accordance with the Board's rules.

The Board **FURTHER ORDERS** that, as of the effective date of the May 2024 Order, the fifth foundational filing (effective October 28, 2021, Docket No. WR21060891) was concluded, the DSIC rate was reset to zero, and no additional DSIC filings or DSIC rates may be collected, made, or implemented pursuant thereto.

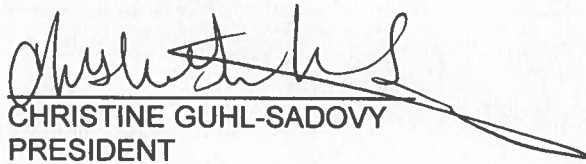

Based upon the foregoing, the Board **HEREBY APPROVES** the Company's Foundational Filing and **ORDERS** that the Company may implement a DSIC, subject to this Order and the Petitioner's ongoing compliance with the DSIC regulations, as well as conformity of the base spending requirements and semi-annual true-up submissions.

The Company's costs, including those related to the DSIC, will remain subject to audit by the Board. This Order shall not preclude or prohibit the Board from taking further action relating to any such audit.

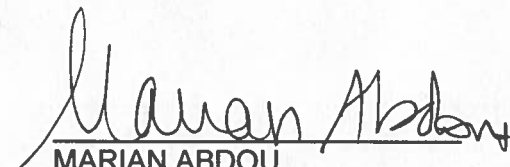

The effective date of this Order is October 30, 2024.

BOARD OF PUBLIC UTILITIES**

IN THE MATTER OF THE PETITION OF	:	
VEOLIA WATER NEW JERSEY, INC. FOR	:	
APPROVAL OF THE FOUNDATIONAL	:	<b>STIPULATION OF SETTLEMENT</b>
FILING RELATED TO DISTRIBUTION	:	<b>BPU DOCKET NO. WR24060400</b>
SYSTEM IMPROVEMENT CHARGE	:	

**APPEARANCES:**

**Bryant Gonzalez, Esq.**, Veolia Water M&S (Paramus), Inc., on behalf of Veolia Water New Jersey, Inc., Petitioner.

**Meliha Arnautovic, Esq., and Steven A. Chaplar, Esq.**, Deputy Attorneys General, for Staff of the New Jersey Board of Public Utilities (**Matthew J. Platkin, Esq.**, Attorney General of the State of New Jersey).

**Brian O. Lipman, Esq., Director**, Susan E. McClure, Esq., Deputy Rate Counsel Water and Wastewater, Christine Juarez, Esq., Assistant Deputy Rate Counsel and Emily Lam, Esq., Assistant Deputy Rate Counsel, for the New Jersey Division of Rate Counsel

**TO THE HONORABLE BOARD OF PUBLIC UTILITIES:**

The parties in this proceeding are Veolia Water New Jersey, Inc. (“Petitioner,” “Company,” or “VWNJ”), the New Jersey Division of Rate Counsel (“Rate Counsel”), and Staff of the New Jersey Board of Public Utilities (“Staff”).

As a result of an analysis of Petitioner's Distribution System Improvement Charge (“DSIC”) Foundational Filing made on June 10, 2024, as well as discovery propounded upon Petitioner, and a public hearing held via Zoom on September 12, 2024, the Company, Staff, and Rate Counsel (collectively, “Parties”) have come to an agreement and execute this stipulation of settlement (“Stipulation”) in this matter. The Parties hereto agree and stipulate as follows:

1. Petitioner is a public utility corporation of the State of New Jersey subject to the jurisdiction of the New Jersey Board of Public Utilities (“Board”). Petitioner’s principal business office is located at 461 From Road, Paramus, New Jersey 07652.

2. Petitioner is engaged in the business of collecting, treating, and distributing water for retail service and wastewater collection and treatment services to approximately 262,000 customers located in portions of Bergen, Hudson, Hunterdon, Middlesex, Monmouth, Morris, Ocean, Passaic, Sussex, and Warren Counties in the State of New Jersey.

3. The Parties agree that the Company has satisfied the Foundational Filing requirement specified in N.J.A.C. 14:9-10.4(b). The Parties agree that as required at N.J.A.C. 14:9-10.4(c), the Company recently concluded a base rate proceeding and implemented base rates pursuant to an Order of the Board dated May 22, 2024, in BPU Docket No. WR23110790.<sup>1</sup>

4. The Parties agree that this DSIC Foundational Filing is made pursuant to the Board's DSIC rules generally found at N.J.A.C. 14:9-10.4 et. seq., and was filed subsequent to the Company's previous base rate case to establish a new, updated DSIC Foundational Filing. The Board approved new rates in the Company's prior base rate case effective June 1, 2024, which pursuant to the DSIC regulations, incorporated (by resetting the DSIC surcharges to zero) the Company's previous DSIC surcharges pursuant to the Company's previous DSIC Foundational Filing.

5. The Parties stipulate the projects contained in Exhibit P-4 to the DSIC Foundational Filing, attached hereto in redacted form as Attachment A, have been reviewed. The Parties further stipulate that the projects in Exhibit P-4 that begin construction after the test year in the Company's last base rate case (March 31, 2024) are DSIC-eligible projects as defined at N.J.A.C. 14:9-10.2 and are eligible to be included in the Company's DSIC filings pursuant to N.J.A.C. 14:9-10.7. Furthermore, the Parties acknowledge that the replacement project lists in

---

<sup>1</sup> In re the Petition of Veolia Water New Jersey, Inc. for Approval of an Increase in Rates for Water/Sewer Service and Other Tariff Changes, BPU Docket No. WR23110790, OAL Docket No. PUC 13875-23, Order dated May 22, 2024.

Exhibits P-4 contain projects that have not been specifically scheduled but may be undertaken as replacement projects or may be accelerated to address changed conditions. In such instances, the Company will advise Staff and Rate Counsel that these projects will be advanced. To the extent that additional projects not on these lists are identified through continuing condition assessments, the Company will advise Staff and Rate Counsel that these projects may be added to the list of projects to be undertaken using the procedures defined in N.J.A.C.14:9-10.4(b)5.

Rate Counsel asserted that Dead End looping projects do not meet the criteria for DSIC eligibility. However, following a discussion on August 16, 2024, and a subsequent clarification of the project scope, Rate Counsel advised that the designation should be revised to Water Main Looping.

6. Pursuant to N.J.A.C. 14:9-10.4(b)(1), the Company provided as Exhibit P-4 an engineering evaluation report which identifies the rationale for the work to be performed; demonstrates that the proposed plan is cost-effective; identifies elements of the distribution system that require investment including assets which might be susceptible to failure; and identifies efforts to extend the life of the distribution system assets. Pursuant to N.J.A.C. 14:9-10.4(b)(2), also included with Exhibit P-4 is DSIC project information which included the following elements:

- a. a list of DSIC-eligible projects by asset class;
- b. project descriptions, including the nature, location, estimated in-service dates, as well as the vintage and condition of the facilities being replaced or rehabilitated, estimated project costs, and descriptions and reasons for the projects; and

- c. aggregate information capturing blanket-type, DSIC-eligible infrastructure projects and the estimated annual cost of such blanket-type replacement programs.

7. The Parties agree that Attachment B to this Stipulation accurately reflects the P-3 DSIC Assessment Schedule. Pursuant to that schedule, the maximum amount of Annual DSIC revenues is \$17,805,103, should the Company invest the maximum pursuant to the DSIC regulations and the Parties agree that the Board should so find. Additionally, the maximum DSIC surcharge for a typical customer with a 5/8" meter per month is \$4.08.

8. The Parties agree that the Company filed certain portions of this DSIC Foundational Filing as Confidential.

9. Subject to the DSIC rules, the Parties recommend that the Board authorize the recovery in the DSIC of the revenue requirement, calculated in accordance with N.J.A.C. 14:9-10.9, of the actual costs associated with the projects contained in Exhibit P-4. The Parties acknowledge that the Company has commenced construction of some of the projects listed on Exhibit P-4 under a prior DSIC Foundational Filing and these projects incurred previously unrecovered restoration costs, the recovery of which will be sought in DSIC rate filings under this DSIC Foundational Filing in accordance with N.J.A.C. 14:9-10.3(c).

10. The Parties agree that the Company's base spending requirement is \$11,144,799 as calculated in Exhibit P-2 of the DSIC Foundational Filing.

11. A copy of the public notice is attached hereto as Attachment C.

12. This Stipulation is the product of extensive negotiations by the Parties, and it is an express condition of the settlement embodied by this Stipulation that it be presented to the Board in its entirety without modification or condition. It is also the intent of the Parties to this

Stipulation that this settlement, once accepted and approved by the Board, shall govern all issues specified and agreed to herein. The Parties to this Stipulation specifically agree that if adopted in its entirety by the Board, no appeal shall be taken by them from the order adopting same as to those issues upon which the Parties have stipulated herein. The Parties agree that the within Stipulation reflects mutual balancing of various issues and positions and is intended to be accepted and approved in its entirety. Each term is vital to this Stipulation as a whole, since the Parties hereto expressly and jointly state that they would not have signed this Stipulation had any terms been modified in any way. In the event any particular aspect of this Stipulation is not accepted and approved by the Board, then any party hereto materially affected thereby shall not be bound to proceed under this Stipulation. The Parties further agree that the purpose of this Stipulation is to reach fair and reasonable rates, with any compromises being made in the spirit of reaching an agreement. None of the Parties shall be prohibited from or prejudiced in arguing a different policy or position before the Board in any other proceeding, as such agreements pertain only to this matter and to no other matter.

13. This Stipulation may be executed in as many counterparts as there are Parties of this Stipulation, each of which counterparts shall be an original, but all of which shall constitute one and the same instrument.

NOTICE OF PUBLIC HEARING

---

**IN THE MATTER OF VEOLIA WATER NEW JERSEY, INC. DISTRIBUTION  
SYSTEM IMPROVEMENT CHARGE FOUNDATIONAL FILING PURSUANT TO  
N.J.A.C. 14:9-10.4**

BPU Docket No. WR24060400

**TO OUR CUSTOMERS:**

PLEASE TAKE NOTICE that on June 10, 2024, Veolia Water New Jersey, Inc. (“Company”) filed a petition (“Petition”) with the New Jersey Board of Public Utilities (“Board” or “BPU”), seeking approval of a Foundational Filing to implement a Distribution System Improvement Charge (“DSIC”), pursuant to N.J.A.C. 14:9-10.1 et seq. A DSIC is a rate recovery mechanism to encourage and support accelerated rehabilitation and replacement of certain non-revenue producing, critical water distribution components. Its purpose is to enhance safety, reliability, water quality, systems flows and pressure, and/or conservation. A DSIC rate is interim, subject to refund, until the subsequent base rate case.

The Company’s Petition consists of a Foundational Filing. The Foundational Filing lists the proposed projects from 2024 through 2028. If the Foundational Filing is approved, the Company will be required to file a base rate case within three years of the effective date of the Foundational Filing. Please note that the Company proposes to collect a maximum DSIC revenue requirement of \$17,805,103 annually. The Company will implement the DSIC surcharge if, and when, it achieves specific levels of infrastructure investment and completes and places the facilities into service as required by N.J.A.C. 14:9-10.1 et seq.

The Company has proposed that the monthly DSIC surcharge be assessed to the following services and classes of customers based on the customer’s meter size: General Metered Service. The maximum proposed rates shown below are expected to be assessed incrementally over a two-to-three year period, commensurate with the Company’s actual DSIC program capital spending.

The maximum proposed monthly DSIC rates are contained in the Petition filed with the Board, as set forth below. These proposed rates are estimates and may change. However, the maximum annual DSIC revenue requirement, \$17,805,103, cannot be exceeded.

PROPOSED DSIC SURCHARGE RATES BASED ON  
METER SIZE

General Metered Service  
Maximum Monthly DSIC Surcharge:

<u>Size of Meter</u>	<u>5/8" Equivalent*</u>	<u>Proposed Rates</u>
5/8"	1.0	\$4.08
3/4"	1.5	\$6.10
1"	2.5	\$10.17
1-1/2"	5.0	\$20.38
2"	8.0	\$32.62
3"	15.0	\$61.18
4"	25.0	\$101.98
6"	50.0	\$203.98
8"	80.0	\$326.38
10"	115.0	\$469.18
12"	165.0	\$673.20

\*Based on American Water Works Association flow rates. A 5/8" meter is equivalent to one unit, whereas a 1-inch meter is equivalent to 2.5 units based on the amount of water that will flow through the meter size.

PLEASE TAKE FURTHER NOTICE that a virtual public hearing on the Company's Petition has been scheduled for:

**Date: September 12, 2024**

**Times: 4:30 pm and 5:30pm**

**Link: <https://saul.zoom.us/j/93991408159?pwd=FRI9Ou6LrueI6YItTfbNbywPaAcZ9b.1>**

**Meeting ID: 939 9140 8159**

**Passcode: 704072**

**Dial-In Number: +1 646 558 8656**

A hearing officer designated by the Board will preside over the public comment hearing. Members of the public are invited to attend and express their views on the proposed DSIC mechanism. Such comments will be made a part of the final record in the proceeding. Written comments may be submitted to the Hon. Sherri Golden, Secretary, Board of Public Utilities, 44 S. Clinton Avenue, 1st Floor, P.O. Box 350, Trenton, New Jersey 08625-0350. Please include Docket Number WR24060400 in your comment letter.

Notice of the Petition was also served on the Clerks of Municipalities, County Executives and the Clerks of the County Boards of Freeholders in the service area of the Company. Further information and copies of the Petition may be obtained at the Board's offices located at 44 S. Clinton Avenue, 1st Floor, P.O. Box 350, Trenton, New Jersey 08625-0350. The filing is available online at: [www.myveoliawater.com](http://www.myveoliawater.com).

Please submit any requests for special accommodation at least 72 hours prior to this hearing to Veolia Water New Jersey, contact person: Elda Gil, Director of Regulatory Business, [elda.gil@veolia.com](mailto:elda.gil@veolia.com) or [\(201\) 750-5738](tel:(201)750-5738).
