BY THE BOARD: ¹

I. BACKGROUND

The New Jersey Board of Public Utilities (“Board”) has jurisdiction to oversee and enforce the provisions of the Underground Facility Protection Act, N.J.S.A. 48:2-73 et seq. (“Act”). The Act established the One-Call Damage Prevention System (“One-Call System”) for the protection of underground facilities that convey water, forced sewage, telecommunications, cable television, electricity, oil, petroleum products, gas, optical signals, traffic control, and/or hazardous liquids. In declaring its findings and the purpose of the Act, the Legislature stated, in pertinent part:

That damage to underground facilities caused by excavation and the discharge of explosives poses a significant risk to the public safety; that such damage to underground natural gas facilities poses a substantial risk to the public safety; and that the implementation of a comprehensive One-Call Damage Prevention System can substantially reduce the frequency of damage caused by these activities.

The Legislature therefore determines that it is in the public interest for the State to require all operators of underground facilities to participate in a One-Call Damage Prevention System and to require all excavators to notify the One-Call Damage Prevention System prior to excavation or demolition.

[N.J.S.A. 48:2-74.]

The Act defines “excavator” as “any person performing excavation or demolition” and “operator” as “a person owning or operating, or controlling the operation of, an underground facility.” N.J.S.A. 48:2-75.

Pursuant to the Act, violators of its provisions shall be subject to civil penalties of no less than \$1,000.00 and no more than \$2,500.00 per violation per day, not to exceed \$25,000.00 for any related series of violations. N.J.S.A. 48:2-88(a). Violations relating to natural gas or hazardous liquid underground pipelines, or distribution facilities, shall be subject to civil penalties not to exceed \$200,000.00 per violation per day, and not to exceed \$2,000,000.00 for any related series of violations. N.J.S.A. 48:2-86(c). In addition, costs may be assessed related to any Board investigation, inspection, or monitoring survey, which leads to the establishment of a violation, and/or the reasonable costs of preparing and litigating the matter. N.J.S.A. 48:2-86(b) (2).

Following reports of various alleged violations under the Act including, but not limited to, failing to call the One-Call System prior to commencing excavation, failing to use reasonable care, failing to hand-dig and locate, failing to report damage to the BPU and failing to mark out or properly mark out underground facilities, Board Staff issued Notices of Probable Violations and Offers of Settlement to the alleged violators and informed them of the date and location of the alleged violations. A complete list of accepted said Offers of Settlement is provided in Appendix A attached hereto and made a part hereof.²

¹ President Hertz-Shargel has abstained from voting on this matter.

² The 100 Offers of Settlement were accepted by the alleged violators, and each made full payment on the dates provided in Appendix A.

DISCUSSION AND FINDINGS

After consideration of the alleged violations and Offers of Settlement provided in Appendix A, the Board **HEREBY FINDS** that the Offers of Settlement are reasonable, in the public interest, and paid in full. As such, the Board **HEREBY ACCEPTS** the Offers of Settlement as full satisfaction of the alleged violations of the Act.

By acceptance of the Offers of Settlement and the timely payment thereof, the excavator or operator has waived any rights to a hearing, and the Board has waived any rights to bring an action for civil penalties as permitted by the Act in connection with the above-referenced alleged violations. It must also be noted that the acceptance of the Offers of Settlement is for settlement purposes only and applies strictly to the specific incidents described in Appendix A. This acceptance is without prejudice as to the position of the State of New Jersey or any agency or subdivision thereof if other violations are present, now or in the future.

NO FURTHER ACTION BY THE RESPONDENTS IS REQUIRED.

This Order shall be effective on July 22, 2026.
