WITH AN AGGREGATE PRINCIPAL AMOUNT)
OF NOT MORE THAN \$125,000,000)

ENERGY

AMENDMENT TO THE ORDER
DOCKET NO. GF07050343

(SERVICE LIST ATTACHED)

BY THE BOARD:

On August 22, 2007, New Jersey Natural Gas Company ("Petitioner" or "NJNG"), a public utility of the State of New Jersey, was granted Board approval to (a) issue and sell pursuant to N.J.S.A. 48:3-9 Medium-Term Notes ("MTNs") with a maturity of not more than forty (40) years in an aggregate principal amount of not more than \$125,000,000; (b) make, execute and deliver pursuant to N.J.S.A. 48:3-9 a trust indenture, trust indentures or supplements thereto providing for the issuance of such MTNs; (c) make, execute and deliver pursuant to N.J.S.A. 48:3-7 a thirty-second (32nd) supplemental indenture ("Thirty-Second Supplemental Indenture") and additional supplemental indentures providing for the issuance of MTNs in the form of a first mortgage bond or bonds with a maturity or maturities of not more than forty (40) years and, together with any MTNs issued in accordance with (a) above, in aggregate principal amount of not more than \$125,000,000; (d) make execute and deliver pursuant to N.J.S.A. 48:3-7 such other supplemental indentures, and to issue such first mortgage bonds thereunder as shall be necessary to complete the transactions contemplated in this petition; (e) enter into interest rate risk management transactions; and (f) make, execute and deliver purchase agreements and related agreements and instruments with financial institutions (including procuring credit enhancement instruments) in connection therewith as shall be necessary to complete the transactions contemplated in this Petition without further order of the Board.

Petitioner stated that the proposed transactions would allow Petitioner to reduce its short-term debt balance and to fund spending for utility construction and other corporate needs.

The approval granted by the Board on August 22, 2007 limited the interest rate of the MTNs to the following Market Yield Spread Table below.

<u>Range of Maturities</u>	<u>Maximum Coupon Spread (Basis Points)</u>
1 year to less than 18 months	60
18 months to less than 2 years	70
2 years to less than 3 years	75
3 years to less than 4 years	80
4 years to less than 5 years	85
5 years to less than 7 years	90
7 years to less than 10 years	95
10 years to less than 15 years	100
15 years to less than 20 years	110
20 years to 30+ years	120

The Board Order stated that if market conditions change materially, the Petitioner would deliver an updated yield spread schedule to the Board.

In letters to the Board dated November 29, 2007, January 24, 2008 and again in February 26, 2008 that as a result of market concerns related to the sub-prime mortgage crisis, credit spreads on Medium-Term Notes have widened significantly from historical lows upon which the approved Market Yield Spread Table was based in May 2007. The Petitioner further stated that as a result, NJNG would no longer be able to issue the Board approved debt at interest rates within the Market Yield Spread Table approved in Docket GF07050343 on August 22, 2007. Petitioner therefore requests that the Board approve the Revised Market Yield Spread Table, included below, to allow NJNG to proceed with the authorized issuance of Medium-Term Notes.

REVISED MARKET YIELD SPREAD TABLE

<u>Range of Maturities</u>	<u>Maximum Coupon Spread (Basis Points)</u>
1 year to less than 18 months	140
18 months to less than 2 years	145
2 years to less than 3 years	150
3 years to less than 4 years	155
4 years to less than 5 years	160
5 years to less than 7 years	165
7 years to less than 10 years	175
10 years to less than 15 years	200
15 years to less than 20 years	210
20 years to 30+ years	220

The Division of Rate Counsel ("Rate Counsel") has reviewed this request and, by letter dated March 6, 2008 is not opposed to its approval. Rate Counsel submits that the Board should consider truncating the time period during which NJNG can issue securities, in order to reflect the possibility that credit markets may loosen before July 31, 2010 and the larger credit spreads sought by NJNG may no longer be reasonable. The Board acknowledges Rate Counsel's position and will take the proposal into consideration in future matters.

The Board, after review of the request to amend the Order signed August 22, 2007 in this docket by the inclusion of the Revised Market Yield Spread Table FINDS that the proposed action is in accordance with the law, is in the public interest and approving the purposes thereof, HEREBY AMENDS the Order of Approval in this Docket dated August 22, 2007 to include the Revised Market Yield Spread Table and HEREBY AUTHORIZES the Petitioner to issue the MTN's through July 31, 2010 in accordance with the Revised Market Yield Spread Table included herein.
