BY COMMISSIONER NICHOLAS ASSELTA:

On March 29, 2010, New Jersey Natural Gas Company ("NJNG" or "Company") filed a petition with the Board requesting approval to implement certain energy efficiency programs and a solar energy program, and an associated cost recovery mechanism.

By Order dated May 12, 2010, the Board retained this matter for review and hearing, and pursuant to N.J.S.A. 48:2-32, designated me as the presiding officer who is authorized to rule on all motions that arise during the pendency of these proceedings, and modify any schedules that may be set as necessary to secure a just and expeditious determination of the issues.

Under that authority, to expedite the review of these matters while providing an opportunity for discovery and public comment, I **HEREBY SET** the procedural schedule described on Attachment A which was previously agreed to by the Company, Board Staff and the Department of the Public Advocate, Division of Rate Counsel. This schedule is subject to such modifications as may be necessary and appropriate in the interests of economy and justice.

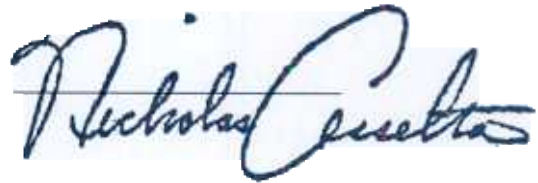

In the interest of economy, all parties are **HEREBY DIRECTED** to electronically serve all documents, in addition to any filings which must be made with the Board, to the service list with two (2) hard copies provided to a designee of each party.

Finally, I **HEREBY DIRECT** Staff to post this Order on the Board's website.

This provisional ruling is subject to ratification or other alteration by the Board as it deems appropriate during the proceedings in this matter.

DATED: 05/14/2010
