

Natural Gas Vehicle Incremental Cost Grant Application Form (Revised Dec. 7, 2017)

The NJBPU is offering \$200,000 in grant funding to subsidize the incremental cost of purchasing certain new Natural Gas Vehicles (NGVs). The primary goal of the grant is to improve New Jersey's air quality and reduce reliance on and consumption of foreign oil through the use of domestic natural gas. BPU is soliciting applications for such purchases within the state. BPU staff will accept applications on a first come, first serve basis until funds are exhausted.

- Eligible applicants include municipal authorities, political subdivisions, incorporated nonprofit entities, corporations, and limited liability companies or partnerships registered to do business in New Jersey.
- The eligible alternative fuel is limited to compressed natural gas (CNG) only.
- Funding will cover 50% of the incremental cost differential between an NGV and a comparable diesel-fueled vehicle. There will be award caps of \$25,000 per vehicle and \$50,000 per applicant.
- Applicants will be required to identify an existing primary fueling site located in New Jersey that the vehicle will utilize.
- Awards shall be in the form of a reimbursement, premised on proof of purchase of a new NGV. Retrofits of used existing vehicles are excluded.
- Vehicles must be registered in New Jersey in order to be eligible to apply.
- Vehicles must remain registered in New Jersey for no less than two years after award date, or will be subject to award forfeiture.
- Vehicles must be primarily operated and fueled in New Jersey.
- Vehicle Classes 5 through 8 are eligible.
- Vehicles must be EPA and California Air Resources Board (CARB) compliant.
- The BPU reserves the right to "inspect" the vehicle for program verification purposes.
- Purchase eligible vehicle(s) by June 30, 2018. Vehicles purchased prior to October 20, 2017 are not eligible. Leased vehicles are not eligible.

Procedure

Step 1: Complete this Application Form, the NJBPU Natural Gas Vehicle Incremental Cost Grant Data Form, [W-9 Form](#), and sign your business up for [NJStart](#) if you haven't already.

Step 2: Submit documents to NJBPU via this email box: BPU.CNGVehicleGrant@BPU.NJ.Gov.

- Application window opens: no sooner than 12:00 P.M. (noon) on January 2, 2018
- Application window closes: 12:00 P.M. (noon) on April 2, 2018

First in time will be ranked by the receipt of timely complete applications on the BPU email server.

Step 3: If the grant application is approved, NJBPU will provide and execute a grant agreement with the applicant.

Step 4: Purchase eligible vehicle(s) by June 30 2018. Vehicles purchased prior to October 20, 2017 are not eligible.

Natural Gas Vehicle Incremental Cost Grant Application Form (Revised Dec. 7, 2017)

Step 5: Complete and submit a NJBPU Natural Gas Vehicle Incremental Cost Grant Reimbursement Request Form along with paid invoice(s) to NJBPU via this email box: BPU.CNGVehicleGrant@BPU.NJ.Gov.

Step 6: After NJBPU review and approval of provided invoices, grant funds will be disbursed. Although the applicant must include the requested grant amount in this application, the BPU, in its sole discretion, will determine the reimbursement amount based on 50% of the differential between the invoice price and a comparable conventional vehicle. BPU will arrange to have a check issued to the applicant for 50% of the incremental vehicle cost differential. (An exception to this formula may arise when available grant funds approach becoming exhausted. In such a case, the balance of the fund, which may be less than 50% of the incremental vehicle cost differential, would be awarded).

All fields are required to be completed. Failure to include required information may delay processing of your grant application or denial of a grant. If you have questions, please email BPU.CNGVehicleGrant@BPU.NJ.Gov
