NOTICE¹

In the Matter of the Proposed Amendment to N.J.A.C. 14:9 Wastewater (Sewer) System Improvement Charge - Docket No. WX19050614

Stakeholder Meeting – July 23, 2019

The Staff of the Board of Public Utilities (BPU or Board) invite all interested parties and members of the public to a stakeholder meeting to discuss modifications to the BPU's rules regarding water and wastewater set forth in the New Jersey Administrative Code as they pertain to a potential Wastewater (Sewer) System Improvement Charge (WSIC).

The Distribution Service Improvement Charge (DSIC) is a regulatory mechanism which creates a financial incentive for water utilities to accelerate the level of investment needed to promote the timely rehabilitation or replacement of certain non-revenue producing critical water infrastructure. Through the stakeholder process, BPU staff provides an opportunity for interested parties to comment on extending the DSIC rules to investor-owned wastewater (sewer) utilities.
