

VW Mitigation Trust update - NJDEP

- NJ filed paperwork with the Trustee in late November to become a beneficiary of the federal VW Mitigation Trust.
- \$72.3 million is the allocation for NJ and can only be spent on categories of projects outlined in consent decree.
- Eligible projects include light duty EV infrastructure as well as electrifying heavier duty and off-road equipment (e.g., buses and cargo handling equipment).
- Spending period is 10 years. NJDEP will oversee.
- Submit project ideas until January 30, 2018. Forms and more information at www.state.nj.us/dep/vw
- Questions? Email vwcomments@dep.nj.gov or call 609 292-7953

It Pay\$ to Plug In

- NJDEP's grant program for EV charging stations
 - Up to \$250 for a Level 1 station
 - Up to \$5000 for a Level 2 station
- All current funding allocated but still accepting applications for waitlist.
- \$3.6 million in additional funding expected late 2018.
