SmartCharge New York

Earn rewards for charging your electric vehicle at off-peak times when you sign up for SmartCharge New York.

Charging off-peak helps reduce stress on the electric grid, making service more reliable for everyone.

? How does it work?

Get a free C2 connected car device that clips into your vehicle's diagnostics port. This device reads charging and driving information*, providing you feedback on how to optimize your EV energy use to earn the most Rewards and the best times to charge for the electric grid. Plus, through an interactive digital portal, you'll gain insight into your battery health, driving efficiency, greenhouse gas savings and much more. You'll also be able share your stats and experiences with other EV drivers to see how you compare.

* GPS information is only read when charging, not when driving.

✓ Am I eligible?

Yes, if you own or lease a plug-in electric vehicle and charge it in New York City or Westchester.
$ What do I get?

- Earn $50 in Smart Charge Rewards* just for installing and activating your free C2.

- Earn $5 every month for charging within the Con Edison service territory.

- Earn $20 a month bonus for avoided Summer peak charging
  (Summer peak is defined as 2pm - 6pm weekdays, June 1 - September 30).

- Earn 5 cents per kilowatt hour for off-peak charging
  (Off-peak defined as 12 midnight - 8am all days, year-round).
- Learn how to earn rewards for charging.
