Good Morning Laura,

Thank you for self-reporting the incident involving patient [REDACTED] in the email (below) to DOH. I have read your short account of the event and it's unfortunate the over dispensing wasn't caught by the PCA when the purchase amount should have been crossed-checked against the (available) allotment?

A NJDMM Monitoring Report has been completed citing a violation of N.J.A.C. 8:64-9.1(a)2 "Procedures for safely growing and dispensing medicinal marijuana." MMP will update the violation as being in compliance, when a corrective-action report is forwarded. Also, even though the offending employee resigned earlier this date, an incident report (or documented discipline) should be placed in their personnel file as per 8:64-9.4(b) "Personnel Records."

Note: Patient [REDACTED] will have 3/8 ounce removed from her next 30 day allotment, which starts on Saturday – **07/11/2020**.

Please don't hesitate to contact me if you have any questions.

Thanks.

John

Melissa,

[REDACTED], was dispensed 3/4th on 6/24/2020, when she only had 3/8th available to her. She will need 3/8th taken off her next allotment, which occurs on 7/11/2020.

Regards,

Laura
