

MVC ID ADDRESS CHANGE

New Jersey Motor Vehicle Commission

You are required by law to provide the Motor Vehicle Commission with your current address. Address changes **MUST** be conducted [online \(NJMVC.GOV\)](http://NJMVC.GOV).

Change of address labels are no longer mailed to customers, since the equipment and materials needed to do so are no longer available. We regret the inconvenience; however, the online address change system will provide an immediate confirmation of the address change in printable form.

Use of the online system requires an email address to which the MVC will send an electronic letter confirming the change at the end of the transaction. Confirmations may be sent to your local printer at the end of the transaction. The MVC encourages you to retain the confirmation letter as proof of compliance with N.J.S.A 39:3-36, which requires all drivers to report address changes to the MVC within one week of the change.

For those customers who do not have a New Jersey driver's license or non-driver identification card and only have a vehicle registration document, you may also process your address change online. To do so, log in to the web application using the number labeled "DL" located in the lower right side of your registration card. The DL number printed on your registration card will need to be entered into the log in screen where the system asks for a "driver's license number."

Instructions for change of address

You will need the following items to start the Address Change process:

- A valid **Drivers License Number**
- A valid **Social Security Number**
- A valid **Email Address**
- Access to a printer (needed if you want to print the Address Change confirmation)

Begin Online Address Change
