Lt. Governor

We are excited to bring you the 2020-2021 New Jersey Resources Directory! The guide is a comprehensive resource identifying the various programs and services the Department of Human Services offers to New Jersey residents, caregivers and advocates.

In this guide, a family can find out more information on how to apply for food, income and employment assistance, as well as health care and much more. A caregiver can get information on support programs and services to assist them in caring for their loved ones. And individuals with disabilities and their families can get information on various services that include in-home supports, vocational rehabilitation, and education.

If you have any questions or need further assistance, you can reach our certified Information and Referral specialists through the Division of Disability Services toll-free at 1-888-285-3036. We hope you find this resource of assistance.

Sincerely,

Carole Johnson
Commissioner

Chapter 1: Income Assistance

Work First New Jersey (WFNJ): Temporary Assistance for Needy Families (TANF) and General Assistance (GA)

New Jersey's public assistance program is called Work First New Jersey (WFNJ). The program for families is known as Temporary Assistance for Needy Families (TANF) and the program for single adults and couples without children, is known as General Assistance (GA). To be eligible for TANF, a family of three can have a gross monthly income of \$839. To be eligible for GA, a single adult can have a gross monthly income of \$278. WFNJ provides monthly cash assistance, short-term housing support, child care, employment and training services. You can pre-screen or apply online by visiting www.NJHelps.org or in person at your county board of social services. See *Appendix 2*.

Supplemental Security Income (SSI)

Supplemental Security Income (SSI) is a federal program that provides monthly payments to certain people who have limited income and few resources. The basic monthly SSI payment for 2020 is the same nationwide. It is: \$783 for one person; or \$1,175 for a couple, but not everyone gets the same amount. Where and with whom you live also makes a difference in the amount of your SSI payment. In New Jersey, SSI recipients also receive NJ FamilyCare (Medicaid).

Eligibility: US residents who are 65 or older & those of any age, including children, who are blind or who have disabilities may be eligible if they also meet income and resource guidelines. **To apply for an adult, please visit:** www.socialsecurity.gov/applyforbenefits or call Social Security to schedule an in-person or telephone appointment **1-800-772-1213**.

Eligibility for children has different rules and is based on parental income. While a portion of the application for children can be completed online, you must schedule an in-person or telephone appointment to submit the full application for children. **For more information about benefits for children, please visit:** <https://www.ssa.gov/benefits/disability/apply-child.html> or call **1-800-772-1213**.

Social Security Disability Insurance (SSDI)

The Social Security Disability Insurance (SSDI) program pays benefits to workers who have a permanent disability and their families. To be eligible for SSDI, you must be determined to have a permanent disability and must have earned a minimum

number of credits from work covered under Social Security. The required number of credits varies depending on your age at the time you became disabled.

You should apply as soon as you become permanently disabled. While disability determinations can be processed faster for certain conditions that are noted on the compassionate allowances list, processing an application can take three to five months.

To learn more or to apply, please visit: www.socialsecurity.gov or call **Social Security at 1-800-772-1213** to schedule an in-person or telephone appointment.

Maternity Leave Coverage

Temporary Disability Insurance provides benefits for expectant mothers when they need to stop working before giving birth and while recovering afterward.

Family Leave Insurance provides benefits after the recovery period so new parents can bond with their babies during the first year. This benefit is available to mothers, fathers, and adoptive parents.

Learn more at: <https://myleavebenefits.nj.gov/>

Temporary Disability Insurance

Temporary Disability Insurance provides cash benefits to New Jersey workers who suffer an illness, injury, or other disability that prevents them from working and wasn't caused by their job. Most employers in New Jersey are required to have Temporary Disability Insurance for their employees. Employers may choose an insurance plan offered by the state or by a private insurance company. Ask your employer which coverage you have.

If you are covered by the state plan, you can apply for temporary disability insurance benefits online, by mail, or fax. Applying online is fastest and easiest and can be done through a secure portal. Learn more at: <https://myleavebenefits.nj.gov/>. **If you are covered by a private insurance company, your employer will tell you how to file a claim.**

Family Leave Insurance

Family Leave Insurance provides New Jersey workers cash benefits for up to six weeks to bond with a newborn or newly adopted child, or to provide care for a seriously ill or injured family member. While most New Jersey workers who take family leave are covered under the State's family leave program, some employers provide Family Leave Insurance through a plan with a private insurance carrier instead. If you are not sure about your coverage, ask your employer. You can apply for Family Leave Insurance benefits online, by mail, or fax. **Applying online is fastest and easiest and can be done through a secure portal.**

Several changes improving and expanding this benefit will begin in July 2020, including an increase in the eligibility period from six to 12 weeks. **Apply and learn more at <https://myleavebenefits.nj.gov/>**

Workers' Compensation

Workers' compensation provides medical treatment, wage replacement and permanent disability compensation to employees who suffer job-related injuries or illnesses, and death benefits to dependents of workers who have died as a result of their employment. Applications can be submitted online. Learn more at: https://www.nj.gov/labor/wc/wc_index.html or call **609-292-2515**.

Chapter 2: Financial Assistance Programs

2

Catastrophic Illness in Children Relief Fund

The Catastrophic Illness in Children Relief Fund is a financial assistance program for New Jersey Families whose children have an illness or condition and, as a result, have incurred expenses that remain uncovered by insurance, State or Federal programs, or other sources, such as fundraising. The child must have been 21 years old or younger when the expenses were incurred. In order to be eligible, qualified uncovered expenses must exceed 10 percent of the family's income (plus 15 percent of any income over \$100,000). Families may reapply annually. Applications may be submitted online at: <https://njcatastrophicfund.dhs.state.nj.us/cicrf/> or requested by calling 1-800-335-3863. For more information, please visit www.state.nj.us/humanservices/cicrf/home/.

Traumatic Brain Injury (TBI) Fund

The TBI Fund provides New Jersey residents of any age, who have survived a Traumatic Brain Injury, the opportunity to access the brain injury related services and supports they need to live in the community. The Fund subsidizes supports and services to foster independence and maximize quality of life when insurance, personal resources, and/or public programs are unavailable to meet those needs. An eligible applicant must be a NJ resident for at least 90 days prior to the application date, have liquid assets less than \$100,000, and have a medically documented traumatic brain injury. **Contact the Division of Disability Services (DDS) at 1-888-285-3036 to request an application or visit their website for more information:** <https://www.state.nj.us/humanservices/dds/services/tbis/tbifund/>

Housing and Utility Assistance

Homeownership Preservation Foundation

The Homeownership Preservation Foundation (HPF) is a nonprofit group that helps financially challenged homeowners navigate their budget problems and, whenever possible, helps them to avoid mortgage foreclosure. For more information, please call 1-888-995-4673 or visit: www.995hope.org

The resources listed on pages 4-5 provide options for help paying utility bills. For an online list of all programs, please visit: <https://www.bpu.state.nj.us/bpu/assistance/programs/>.

Chapter 2

Financial Assistance Programs

Payment Assistance for Gas & Electric

PAGE is a state-funded utility assistance program designed to assist low to moderate income families in New Jersey with up to \$1,500/year in benefits to pay their utility bills. Eligible applicants cannot be receiving or be eligible for a Universal Service Fund (USF) benefit or a Low Income Home Energy Assistance Program (LIHEAP) benefit and must be facing a crisis situation that includes a documented notice of overdue payment for gas and/or electric service, and have a past history of making regular payments towards their utility bills. For more information or to apply, **please call 1-855-465-8783** or visit: <https://njpoweron.org/page/>.

NJ SHARES

NJ SHARES is a non-profit corporation that provides assistance to income eligible households in paying their energy, telephone and water bills. Applicants must be ineligible for any other types of utility assistance. Information regarding eligibility and how to apply can be made at any of the participating social service agencies throughout the state as listed here: <http://www.njshares.org/whereToApply/index.asp> or by phone at **1-866-657-4273**.

Low Income Home Energy Assistance Program (LIHEAP) and Universal Service Fund (USF)

LIHEAP and USF are two utility assistance programs designed to help low income households. LIHEAP helps pay for heating costs and certain medically-necessary cooling expenses and USF helps low-income households pay for their electric and natural gas costs. Applicants can qualify even if their heating and cooling costs are included in their rent. One application serves both programs. Typically applications for LIHEAP are accepted from October 1st through July 31st of each year. However, you can apply for USF any time of the year. Applicants for both programs must meet qualifying income guidelines. Income eligibility criteria for USF are lower than income eligibility criteria for LIHEAP. Eligibility for USF is also based on how much you pay for energy each year. You can apply at several agencies throughout the state. For more information or for a list of agencies where you can apply, **please call 1-800-510-3102** or visit: <https://www.state.nj.us/dca/divisions/dhcr/offices/agencydirectorylist.html>.

Fresh Start: Fresh Start, a special program under USF, allows eligible New Jersey households participating in USF for the first time to earn forgiveness for pre-existing arrearages by making full, on-time payments for 12 months. You cannot apply for Fresh Start, but if you are eligible you will be enrolled by your utility company and receive information about the program in the mail. For more information **please call 1-866-240-1347**.

NJ Lifeline Utility Assistance

Lifeline is administered by the NJ Dept. of Human Services and provides a \$225 annual energy benefit to seniors and people with disabilities who meet the pharmaceutical assistance to the aged and disabled (PAAD) eligibility requirements or who receive SSI. The benefit is also available to customers who have electric and/or gas costs included in their rent. For more information, **call 1-800-792-9745**. To see annual income limits and to apply, complete an application at **NJSave: <https://njdoas-ua.force.com/njsave/quickstart>**.

Winter Termination Program

Administered by the board of public utilities, the Winter Termination Program (WTP) protects specific categories of customers from having their gas or electric shut off between November 15th and March 15th. Those enrolled in specific programs (such as SSI, Temporary Assistance to Needy Families, USF and Lifeline) are protected by WTP, and an additional “catch-all” category is included for people unable to pay their utility bills because of circumstances beyond their control such as unemployment or illness. For more information, **please call 1-800-624-0241**.

Comfort Partners

This program is designed to improve energy affordability for income eligible households through direct installation of free energy efficiency measures and education about steps to save energy. For more information or to apply, **please call 1-888-773-8326** or visit: <http://www.njcleanenergy.com/residential/programs/comfort-partners/comfort-partners>.

New Jersey Weatherization Assistance Program (NJWAP)

This program assists income eligible NJ residents in weatherizing their homes, improving their heating system efficiency and conserving energy. The NJ WAP contracts with a network of community based organizations that deliver weatherization throughout the State. For more information **call 609-984-1947**.

Life-Sustaining Equipment Program

If you (or a member of your household) rely on electricity to operate life-sustaining equipment, such as a respirator or dialysis machine, it is important that you notify your utility company. In such cases, companies work with you to prevent shutoffs should you fall behind in paying your electric bills.

Chapter 2 Financial Assistance Programs

Did you know?

The New Jersey Motor Vehicle Commission (MVC) provides a discount on the cost of vehicle registration to SSI, PAAD and Lifeline recipients.

In order to receive this discount, PAAD recipients must provide a current PAAD eligibility card at the time of vehicle registration. Lifeline only and SSI recipients should provide a letter showing their eligibility in these programs (letter can be obtained from the Division of Aging Services) at the time of vehicle registration.

For more information, contact the MVC at (609) 292-6500.

Telephone Assistance

The telephone assistance program provides a discount on your monthly bill. Eligibility is determined based on your income or participation in other assistance programs. In general, if you participate in any of the following programs you also may qualify for telephone assistance: Supplemental Security Income (SSI), Temporary Assistance to Needy Families/Work First New Jersey (TANF), General Assistance (GA), Lifeline Utility Credit/Tenants Lifeline Assistance, Pharmaceutical Assistance to the Aged and Disabled (PAAD), Supplemental Nutrition Assistance Program (SNAP), Home Energy Assistance Program (LIHEAP/HEAP), Medicaid, Federal Public Housing Assistance, National School Lunch Program. Property Tax Reimbursement ("Senior Freeze")

The Senior Freeze Program reimburses eligible senior citizens and individuals with disabilities for property tax or mobile home park site fee increases on their principal residence. For eligibility guidelines and information on how to apply, please call 1-800-882-6597 or visit: www.state.nj.us/treasury/taxation/ptr/

Auto Insurance Assistance

The Special Automobile Insurance Policy (SAIP) is an initiative to help make limited coverage auto insurance available to drivers who are likely to go uninsured because of limited financial resources. The policy costs \$365 for the year and is available to people who are currently enrolled in some, not all, NJ FamilyCare programs. For more information on eligibility and application **call 1-800-652-2471** or visit: https://www.state.nj.us/dobi/division_consumers/insurance/saip.htm

Saving Money for Disability Related Expenses

NJ Achieving a Better Life Experience (NJ ABLE)

With NJ ABLE, qualified individuals with disabilities can save for disability-related expenses in tax advantaged savings accounts without losing eligibility for certain assistance programs like Supplemental Security Income (SSI) and Medicaid. Allowable expenses are not limited to medical necessity and can include: education, housing, transportation, personal support services, and more. The individual with the disability is the account owner but anyone can contribute to the account. Income earned by the account is not taxed. Also, balances of \$100,000 or less are excluded from the SSI resource limit. If an individual's balance exceeds \$100,000, the SSI cash benefit will be suspended, but he/she will continue to be eligible for Medicaid regardless of the account balance.

Eligibility:

To be eligible, individuals must meet two requirements:

- 1) Their disability was present before age 26; and
- 2) One of the following is true:
 - ❖ They are eligible for SSI or SSDI because of a disability
 - ❖ They experience blindness as determined by the Social Security Act; OR
 - ❖ They have a similarly severe disability with a written diagnosis from a licensed physician.

Apply online: <https://savewithable.com/nj/home.html>

Have questions? Call NJ ABLE at 1-888-609-8869 or email at: nj.clientservice@savewithable.com

NJ ABLE is administered in partnership with the contracted program manager, Ascensus College Savings Recordkeeping Services.

Want more information on NJ ABLE?

The Division of Disability Services (DDS) is available to host **NJ ABLE Presentations** at your request. To schedule an NJ ABLE presentation or to request brochures, please contact DDS at 1-888-285-3036.

Chapter 2

Financial Assistance Programs

Special Needs and Pooled Trust

Special Needs Trust (SNT) are legal entities which are established by placing funds and other assets under the control of a trustee for the financial protection of an individual with a disability. Until the ABLE Act became law, creating a SNT was the only legal way to save money without sacrificing eligibility for government benefits. There are three distinct types of Special Needs Trusts: third party/supplemental trusts, first party/pay-back or self-settled/d(4)(A) trusts, or pooled Special Needs Trusts. The funds in the special needs trust supplement but do not supplant government benefits.

Generally, Special Needs Trusts are easy to tailor to specific needs and can handle larger sums of money, for example, from a settlement. However, in New Jersey, a SNT must be established in accordance with specific Medicaid guidelines in order to preserve an individual's eligibility for benefits.

For more information, visit: <https://www.state.nj.us/humanservices/dmahs/clients/snt.html>

Qualified Income Trust

A Qualified Income Trust (QIT), also known as a Miller Trust, is a special legal arrangement for holding a person's income. A QIT is a written trust agreement for which the trustee establishes a dedicated bank account. The income deposited into this dedicated bank account is disregarded when determining financial eligibility for Long Term Services and Supports. QITs require that a trustee is appointed to manage the monthly deposits and expenses and account for the funds in the trust. A trustee must be someone other than the Medicaid applicant/recipient. QIT written agreements have special conditions that must be met and are subject to the approval of, and monitoring by, the appropriate Medicaid eligibility determining agency (EDA) and the Division of Medical Assistance and Health Services (DMAHS). For more information, visit: <https://www.state.nj.us/humanservices/dmahs/clients/mtrusts.html>

Chapter 3: Housing and Homelessness Assistance

3

Emergency Assistance (EA)

Supplemental Security Income (SSI) recipients and WorkFirstNJ clients (individuals or families receiving public assistance) facing immediate risks of homelessness and those who have experienced a substantial loss of housing, food, clothing or household furnishings due to a disaster may receive emergency assistance (EA) for a limited period of time. EA benefits may include, but are not limited to: essential food, clothing, shelter and household furnishings; temporary rental assistance or back rent or mortgage payments; utility payments (such as heat, water, and electric); transportation to search for housing; and moving expenses. Contact your County Board of Social Services to request EA. See *Appendix 2 for a list of County Boards of Social Services*.

Call 2-1-1

Social Services for the Homeless/Homeless Hotline

The Social Services for the Homeless program provides assistance to families and individuals who are homeless or at risk of becoming homeless, but are not eligible for WorkFirstNJ (usually because income is too high). The program provides emergency food, emergency shelter, and payment of security or utility deposits as well as back rent, mortgage and utilities costs. These services, also include referral services and limited case management.

New Jersey residents experiencing homelessness can call 2-1-1 for help. NJ 2-1-1 will work in partnership with county agencies to ensure residents have a safe place to stay and get connected to resources.

NJ 2-1-1 operators will be available 24 hours a day, 7 days a week and accessible in different languages for non-English speakers. Information provided by the callers will be kept confidential, except for information that must be shared with providers involved in providing shelter or shelter-related services.

Call 2-1-1 for a list of agencies in your county or visit

Chapter 3

Housing and Homelessness Assistance

New Jersey Housing Resource Center (NJHRC)

The New Jersey Housing Resource Center has an online tool that will allow you to search thousands of affordable, subsidized and market rate units throughout New Jersey. You can customize your search based on your specific needs, budget and desired location. The NJHRC is free, anonymous, and updated regularly. To access the NJHRC, go to: <https://nj.gov/njhrc/> or call 1-877-428-8844.

The Section 8 Housing Voucher Program and the State Rental Assistance Program (SRAP)

Based on the premise that housing costs (rent and utilities) should not exceed 30 percent of a household's income, these programs assist in making safe and quality housing in the private rental market affordable to low and very low-income households by reducing housing costs through direct rent subsidy payments to landlords. There are waiting lists for these programs. To see if the waiting lists are accepting pre-applications, please visit the statewide open enrollment waiting list site at: <https://www.nj.gov/dca/vouchers.html>

Homelessness Prevention Programs

Provide limited financial assistance to low and moderate income tenants in imminent danger of eviction due to temporary financial problems beyond their control. Funds are used to disburse payments in the forms of loans and grants to landlords on behalf of eligible households. You must have an eviction or foreclosure notice in order to be eligible for this program. For more information or to apply, please contact the number below to connect with the agency serving your County of residence.

Supplemental Nutrition Assistance Program (NJ SNAP)

NJ SNAP is a food assistance program to help individuals and families with low-incomes buy the groceries needed to eat healthy. Eligibility depends on your household's income, size and resources. To be eligible for NJ SNAP, a single person can have a gross monthly income of \$1,926. A household size of three can have a gross monthly income of \$3,288. You can pre-screen or apply online by visiting www.NJHelps.org. This is a quick and easy way to find out if you might be able to get help. Screening takes about 5-10 minutes to complete and submitting an application takes about 20-45 minutes.

You can apply in person at your County Board of Social Services. If you are unable to get to the county Board of Social Services due to illness or disability, you may send an authorized representative on your behalf or request a telephone interview.

You also can pre-screen or apply online by visiting www.NJHelps.org. This is a quick and easy way to find out if you might be able to get help. Screening takes about 5-10 minutes to complete and submitting an application takes about 20-45 minutes.

Households in which all members are applicants for or recipients of Supplemental Security Income (SSI), may apply for NJ SNAP at the Social Security District office at the same time you apply for SSI.

Chapter 4

Food Assistance

Congregate or Group Meals

This service, administered by the Area Agencies on Aging (AAA) in each county, provides at least one hot nutritious meal per day, five or more days per week. These meals, along with counseling, socialization, and other services, are usually provided in locations such as senior centers, schools, or churches. The program is available to all persons age 60 or over and their spouses, regardless of age. Participants are provided with an opportunity to voluntarily contribute whatever they can afford toward the cost of these meals. Reservations are required, in most instances, 24 hours in advance.

Home-Delivered Meals

The Area Agencies on Aging (AAA), through grantees, provide one (or sometimes more) hot meal a day at least five days per week to older persons who are homebound due to illness, incapacitating disability, or isolation. This program is federally funded and serves only persons age 60 or older. A meal may be provided to the spouse, if it is in the best interest of the homebound older person being served. This federal program has been supplemented with state legislation providing nutrition services on weekends and holidays for frail eligible participants. A formal needs assessment is required for participation in these nutrition programs; however, there is no strict income requirement.

Chapter 5. Health Insurance and Healthcare Assistance

5

The Affordable Care Act (ACA)

The Affordable Care Act (ACA) offers affordable health insurance for eligible residents. Under the ACA, millions of Americans have benefited by having access to doctors, medical professionals and others. Marketplaces or exchanges offer consumers and small businesses a choice of standardized health plans. For the most part, these marketplaces serve people who are not offered insurance by a large employer. Enrollment periods are limited; however, special enrollment opportunities are available throughout the year under certain circumstances.

NJ FamilyCare

NJ FamilyCare, New Jersey's publicly funded health coverage program, provides health coverage to children; pregnant women; parents; caretaker relatives; single adults; childless couples; individuals who are elderly, blind, and have disabilities; and individuals qualified for long-term care services. NJ FamilyCare's comprehensive health coverage program provides a wide-range of services including: doctor visits, hospital services, prescriptions, tests, vision care, mental health care, dental, nursing home care and other healthcare services, depending on the person's eligibility category. Most NJ FamilyCare beneficiaries are enrolled in managed care. With managed care, a managed care organization health plan, also known as an MCO, coordinates an individual's health care needs. **See the panel on the right for MCO contact information.**

Medicare

www.medicare.gov 1-800-Medicare (1-800-633-4227)

Medicare is the federal health insurance program for:

- ❖ People who are 65 or older
- ❖ Certain younger people with disabilities
- ❖ People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant, sometimes called ESRD)

Medicare coverage is divided into four parts: Part A, Part B, Part C and Part D. Different parts of Medicare cover different services. See *the guide on page 19 for the breakdown of coverage*. Some people get Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance) automatically and other people have to sign up for it. In most cases, it depends on whether you're getting Social Security benefits. If you aren't getting benefits from Social Security or the Railroad Retirement Board at least 3 months before you turn 65, you'll need to sign up with Social Security to get Part A and Part B. Because you must pay a premium for Part B coverage, you can turn it down. However, if you decide to enroll in Part B later, you may have to pay a late enrollment penalty for as long as you have Part B coverage.

While costs vary, Medicare typically pays 80 percent of the cost of covered services while you are responsible for the remaining 20 percent plus any required coinsurance or deductibles for each benefit period.

Medigap

When an individual who is aged or disabled is not covered by an employer or union health care plan, it is possible to buy a supplemental policy to help bridge the gaps in original Medicare coverage. These policies are called Medigap insurance. Medigap policies must follow federal and state laws and are standardized, so you can compare them. Standardized policies cover co-payments for certain benefits. Medigap policies may also offer additional benefits, such as coverage for the hospital deductible, at an extra cost. Medicare does not pay for any of the costs of a Medigap policy. To buy a Medigap policy, you must be enrolled in Medicare Part A and Medicare Part B. For a list of Medigap plans available in New Jersey, visit: <https://www.state.nj.us/humanservices/doas/services/ship/index.html>

When to apply for Medicare: You should sign up for Medicare three months before reaching age 65, even if you are not ready to start receiving retirement benefits. During the Medicare application, you can opt out of receiving cash retirement benefits and will always have the option to apply for them later.

Need Help paying Medicare part B premiums?

New Jersey offers Medicare Part B premium assistance to individuals meeting income and asset guidelines.

If you also have NJ FamilyCare, your Medicare Part B premium may be paid for you through the Qualified Medicare Beneficiary (QMB) program.

If you are not eligible for NJ FamilyCare, you may be eligible for Part B premium assistance through **the Specified Low Income Medicare Beneficiary (SLMB) program**. The SLMB program pays partial or full Medicare Part B premiums for eligible participants.

Eligibility for SLMB:

- ❖ Must be a New Jersey resident
- ❖ Must not be financially eligible for the Qualified Medicare Beneficiary (QMB) program under NJ FamilyCare
- ❖ Must not exceed income or asset eligibility limits:
 - SLMB - \$17,232* for single and \$23,280* for married couples
 - Liquid assets may not exceed \$7,860* for single persons or \$11,800* for married couples

**Reflects 2020 limits*

Medicare Coverage at a Glance

Part A: (Hospital Insurance) Covers inpatient hospital stays, care in a skilled nursing facility, hospice care, and some home health care.

Part B: (Medical Insurance) Covers certain doctors' services, outpatient care, medical supplies, and preventive services.

Part D: (Prescription drug coverage) Covers medically approved pharmaceuticals. Monthly costs vary by plan.

Medicare Advantage (also known as Part C) is an all-in-one managed care alternative to original Medicare. These plans include Part A, Part B, and usually Part D, and are typically purchased through a monthly premium. Several companies offer Medicare Advantage plans at varying costs and levels of coverage. The choice is yours.

Chapter 6: Pharmaceutical Assistance

6

Pharmaceutical Assistance to the Aged and Disabled (PAAD)

The Pharmaceutical Assistance to the Aged and Disabled (PAAD) program is a state-funded program that helps eligible older adults and individuals with disabilities save money on their prescription drug costs.

Eligibility for PAAD:

- ❖ You are a New Jersey resident;
- ❖ You are age 65 or older or between ages 18 and 64 and receiving Social Security Title II Disability benefits; and
- ❖ Your annual income for 2020 is less than \$28,399 if single, or less than \$34,817 if married.
- ❖ Medicare-eligible PAAD beneficiaries are also required to enroll in a prescription drug plan. PAAD will pay the monthly premium for certain standard basic Part D plans with a monthly premium at or below the regional benchmark, or standard basic plans or enhanced plans up to \$20 above the benchmark amount that have no deductible. These plans will cover medically necessary prescription medications under Medicare Part D. The federal Medicare Plan and/or PAAD will pay any costs above the PAAD copayment of \$5 for each covered generic drug or \$7 for each covered brand name drug, including premiums. However, if a Medicare Part D plan does not pay for a medication because the drug is not on its formulary, PAAD beneficiaries will have to switch to a drug on their Part D plan's formulary, or their doctor will have to request an exception due to medical necessity directly to their Part D plan.
- ❖ Medicare Advantage participants must add a prescription benefit to their coverage, and PAAD will contribute up to the regional benchmark amount towards the prescription portion of their total premium.

Chapter 6

Pharmaceutical Assistance

Senior Gold Prescription Discount Program

The Senior Gold Prescription Discount Program (Senior Gold) is a state-funded prescription program with different co-pays and income eligibility guidelines than those of PAAD.

Eligibility for Senior Gold:

- ❖ You are a New Jersey resident;
- ❖ You are age 65 or older or between ages 18 and 64 and receiving Social Security Disability benefits;
- ❖ Your annual income for 2020 is between \$28,399 and \$38,399 if you are single, or \$34,817 and \$48,817 if you are married.
- ❖ All Medicare-eligible Senior Gold beneficiaries are also required to enroll in a prescription drug plan of their choice. They will be responsible for paying the monthly premium directly to the Medicare Part D plan. They also will be responsible for paying any late enrollment penalty imposed by Medicare for each month they were eligible to enroll in Medicare Part D but did not enroll.

For information about applying for Pharmaceutical Assistance to the Aged and Disabled (PAAD) or Senior Gold, **contact the Division of Aging Services PAAD Hotline at 1-800-792-9745. You can also contact your county's Aging and Disability Resource Connection (ADRC) at 1-877-222-3737 <https://www.state.nj.us/humanservices/doas/home/saaaa.html>**) or your local pharmacy.

You can also apply online through NJSave at:

<https://www.state.nj.us/humanservices/doas/services/njsave/>.

Medicare Part D: Low Income Subsidy (LIS)

Beneficiaries with Medicare who have limited income and assets may qualify for help with the costs of their prescription drugs through the Part D Low Income Subsidy (LIS), also known as Extra Help. Those enrolled will receive either a full or a partial subsidy, depending on their income and asset levels. Most people on LIS pay no premiums or deductibles (unless receiving the partial subsidy), and no more than \$8.95 in 2020 for each drug their plan covers. LIS beneficiaries can also switch the Part D plan quarterly, and those who enrolled in Part D after their initial eligibility date pay no late enrollment penalty.

Eligibility for LIS:

In 2020, the income limits are \$19,380 for individuals and \$26,100 for couples, and the asset limits are \$14,610 and \$29,160, respectively.

To apply, go to www.ssa.gov/benefits/medicare/prescriptionhelp or the NJSave online application <https://www.state.nj.us/humanservices/doas/services/njsave/>.

Or contact the Division of Aging Services PAAD Hotline at 1-800-792-9745

Partnership for Prescription Assistance (PPA)

Many pharmaceutical companies have Patient Assistance Programs to assist consumers who have limited income and no prescription coverage. **Partnership for Prescription Assistance (PPA) provides a free, single point of access to many patient assistance programs.** A patient or patient advocate simply completes an online questionnaire with basic information about prescription medicines, income, and current prescription medicine coverage and PPA matches the patient with assistance programs for which they may be eligible. PPA offers assistance in the following special categories as well: HIV/AIDS programs, Diabetes/Diabetic Supply Programs, Service Animal and Assistive Listening Devices.

For more information visit: <https://medicineassistancetool.org/>

AIDS Drug Distribution Program (ADDP)

The AIDS Drug Distribution Program provides life-sustaining and life-prolonging medications to low-income New Jersey residents with no other source of payment for these drugs.

Vocational Rehabilitation Services

Any individual with a physical, mental, cognitive, or other form of disability that has a substantial impediment to employment may be eligible for vocational rehabilitation services. Each consumer is evaluated individually for eligibility and assistance needed to achieve employment.

Within the Division of Vocational Rehabilitation Services (DVRS), counselors work with individuals and their families to develop and carry out a plan for training and placement. If financial need is established, the Division will purchase other rehabilitative services from private providers, such as further evaluation or counseling, training at a vocational center or technical school and on-the-job training. Individuals who are blind or visually impaired are served by the Commission for the Blind and Visually Impaired (CBVI). All others receive services from DVRS.

relax. Comparable to the local bus service, it is a “shared-ride” system, meaning other customers may be picked up and dropped off while transporting you to your final destination, service is available during the same days and hours as the regularly scheduled local fixed route service, and you are charged a fare to ride.

While riders generally need to be able to leave their house and board the bus on their own, drivers may assist individuals in walking from house to bus. This is done on a case by case basis as long as riders, when scheduling, ask for an accommodation.

For more information, refer to the panel on the left.

New Jersey Transit Reduced Fare Program

Special rates are available for residents 62 years of age or older and people with disabilities. Personal assistants ride for free when proper identification is presented by the person with a disability. Even qualifying out-of-state residents can ride on NJ TRANSIT buses and trains at the reduced rate. Passengers with disabilities and those who are 65 and older may simply show their valid NJ Transit Reduced Fare ID or Medicare Card to the vehicle operator and present the appropriate fare. Those between the ages of 62-64 may be asked to present a valid ID including date of birth to get the reduced fare.

Chapter 9: Child Care and Assistance Programs

9

Child Care Assistance

The state Child Care Subsidy Program can help families with low-to-moderate incomes who are working, in training or in school to pay a portion of their child care. To apply, you will need to provide proof of income, training/school hours and household size to help determine eligibility. If you want to calculate your child care eligibility and estimated co-pay amount, use this tool: <https://www.childcarenj.gov/Copay-Calculator.aspx>.

Child Care Resource and Referral Agencies (CCR&R): have trained staff to provide information about the availability of child care services through the Child Care Subsidy Program, the different types of providers, and financial assistance available to obtain child care services. To get more information or connect to your local CCR&R, call **1-800-332-9227** or visit www.childcarenj.gov/.

Our **Grow NJ Kids Quality Child Care Initiative** provides parents with information on selecting a quality provider to help them make the most of their kids' early learning opportunities. Visit www.childcarenj.gov and use the search feature that makes it easy to find care in centers or in registered homes, as well as corresponding licensing and inspections reports and whether the program participates in Grow NJ Kids.

Child Support

New Jersey's Child Support Program promotes financial stability and helps parents meet the needs of their children by offering a full range of support to both custodial and non-custodial parents. For more information on how to file an application and resources, visit www.NJChildSupport.org, **contact your local child support office located at your county's social service agency, or call 1-877-655-4371** and request an application. *For a list of County Boards of Social Service Agencies, see Appendix 2.*

The Kinship Navigator Program

The Kinship Navigator program provides assistance to caregivers who have taken on the responsibility of caring for their relatives' children, including siblings, grandchildren, nieces and/or nephews. Local kinship agencies help caregivers navigate other forms of government assistance, determine their eligibility for Kinship Navigator Program benefits, and provide technical support with legal

Chapter 11: Educational Resources

11

The Individuals with Disabilities Education Act (IDEA) guarantees children with disabilities, ages 3 to 21, the right to a free, appropriate public education delivered in the least restrictive environment. The state special education offices provide leadership to ensure compliance with state and federal regulations and to establish standards that promote improved outcomes for students with disabilities. Below are some of the resources available.

The New Jersey Early Intervention System (NJEIS)

Children develop at different paces, but there are developmental milestones that children should reach by certain times during the first three years of their lives. The Early Intervention Services can conduct an evaluation if your child is not meeting those developmental milestones. The NJEIS implements New Jersey's statewide system of services for infants and toddlers, birth to age three, with developmental disabilities. The cost of Early Intervention services for a child is determined by their family income. Families may receive Early Intervention Services at no cost depending on their household income.

Child Study Teams

A Child Study team (CST) is a multidisciplinary group of professionals typically employed by the board of education to provide parents and teachers with a variety of learning related services. These services include consultative, evaluative and prescriptive services for students who are experiencing academic difficulties. A typical CST consists of a psychologist, a learning disabilities consultant, social worker and oftentimes, a speech/language therapist alongside the student's parents. Ideally, they will meet before any special education testing is conducted and will continue to meet periodically if the student requires special services.

Upon completion of the evaluation, an Individualized Education Program (IEP), with stated goals and objectives, is written with the participation of the parents. An IEP is a written document that defines the student's goals and specific accommodations, supports, and services the school will provide for a student with disabilities to help them succeed in school.

New Jersey Specialized Child Study Team (NJSCST)

Provides evaluation services for children who are deaf or hard of hearing.

Many laws protect the rights of individuals with disabilities. Brief overviews of relevant laws and local contacts for additional information and enforcement have been provided below. For a more comprehensive guide to disability rights and laws, please visit: www.ada.gov/cguide.htm

The NJ Law Against Discrimination (NJ LAD)

The New Jersey Law Against Discrimination (N.J.S.A. 10:5-12) (LAD) makes it unlawful to subject people to differential treatment based on race, creed, color, national origin, nationality, ancestry, age, sex, pregnancy, familial status, marital status, domestic partnership or civil union status, affectional or sexual orientation, gender identity or expression, atypical hereditary cellular or blood trait, genetic information, liability for military service, and mental or physical disability, perceived disability, and AIDS and HIV status. **The LAD prohibits unlawful discrimination in employment, housing, places of public accommodation, credit and business contracts. Learn more about the types of discrimination covered by the LAD at: www.nj.gov/oag/dcr/law.html**

The NJ Family Leave Act (NJFLA)

The NJFLA entitles eligible employees to take up to 12 weeks of unpaid, job-protected leave in a 12-month period to care for your family. The NJFLA's definition of parent includes a parent-in-law or a stepparent. Beginning in July 2020, the NJFLA will provide for up to twelve weeks of leave in a 24-month period. The 24-month period begins on the first day of the employee's first NJFLA leave. *For more information see page 2.*

Disability Rights and Laws: Information, Technical Assistance, and Enforcement

The NJ Family Medical Leave Act (NJFMLA)

The NJFMLA entitles eligible employees to take up to 12 weeks of unpaid, job-protected leave in a 12-month period to care for yourself.

New Jersey Division on Civil Rights:

The NJ Division on Civil Rights (NJ DCR) is responsible for enforcing the NJLAD and the NJFLA by investigating claims of discrimination in employment, housing, and places of public accommodation (e.g., schools, stores, parks). The Division also offers free seminars and other outreach activities to educate the public on anti-discrimination laws. Complaints must be filed through a local office (see contacts below) within 180 days after the alleged act of discrimination.

ADA Title III: Public Accommodations

Requires that places of public accommodation provide full access to goods and services to people with disabilities by removing barriers in existing buildings where it is easy to do so without much difficulty or expense and by allowing “reasonable accommodations” when serving people with disabilities. It also requires that places of public accommodation take steps necessary to communicate effectively with customers with vision, hearing, and speech disabilities.

Enforced locally by: The NJ Division on Civil Rights. See page 54.

ADA Title IV: Telecommunication Relay Service (TRS)

Requires that common carriers establish TRS Services, which enable callers with hearing and speech disabilities who use TTYs (also known as TDDs), and callers who use voice telephones to communicate with each other through a third party communications assistant. Title IV also requires closed captioning of federally funded public service announcements.

Air Carrier Access Act

Federal law which requires airlines to accommodate the needs of passengers with disabilities. It applies to all flights in the United States and to flights to, or from, the United States by foreign airlines. It prevents airlines from refusing to transport a passenger solely because of a disability; limits the circumstances under which passengers with disabilities must provide advance information about their disabilities to air carriers; states that assistive devices do not count against passenger baggage limits; and sets accessibility guidelines for airplane facilities. Airline personnel must provide routine physical assistance but are not required to provide what would customarily be regarded as personal care assistance. However, if a passenger requires an attendant, the airline must transport the attendant free of charge. The law does not require an airline to transport an individual who may endanger the health or safety of others. The Act mandates that a Complaints Resolution Officer (CRO) be immediately available to resolve disputes between airlines and passengers with disabilities.

www.transportation.gov/airconsumer/passengers-disabilities

Voting Accessibility for Individuals with disabilities

Requires polling places across the United States to be physically accessible to people with disabilities for federal elections or to provide an alternate means of casting a ballot on the day of the election. This law also requires states to make registration and voting aids available for voters with disabilities and those who are elderly.

Chapter 16. Personal Care Assistant Services and Resources for Caregivers

16

Personal Care Assistant Service (PCA)

PCA services are non-emergent, on-going health related tasks performed by qualified staff in an eligible NJ FamilyCare (Medicaid) member's home. The purpose of the program is to accommodate long-term/chronic or maintenance health care by providing assistance with activities of daily living and household duties essential to the individual's health and comfort. The number of hours authorized is based upon medical necessity, as determined by a nursing assessment. **To apply, contact your NJ FamilyCare Managed Care Organization (MCO). See page 15.**

Personal Preference Program (PPP)

The PPP offers an alternate way for individuals to receive their NJ FamilyCare Personal Care Assistant (PCA) services. Using a self-directed model, this program enables eligible NJ FamilyCare recipients to direct and manage their PCA services rather than receiving traditional PCA agency services. **To enroll, contact your NJ FamilyCare Managed Care Organization (MCO) Care Manager. See page 15.**

Managed Long Term Services and Supports (MLTSS)

The Managed Long Term Services and Supports program (MLTSS) is a New Jersey initiative intended to provide a better way to help seniors and individuals with disabilities live at home for as long as possible. MLTSS also provides access to private duty nursing services for children requiring a skilled level of care. The program is designed to coordinate support services according to a participant's needs. Participants will receive their primary, acute, behavioral and long-term care needs through a NJ FamilyCare MCO. **MLTSS includes services such as:**

- ❖ **Access to all NJ FamilyCare Plan A Benefits (see chapter 5)**
- ❖ **Care Management;**
- ❖ **Home and Vehicle Modifications;**
- ❖ **Home Delivered Meals;**
- ❖ **Respite;**
- ❖ **Personal Emergency Response Systems;**
- ❖ **Mental Health and Addiction Services;**
- ❖ **Assisted Living;**
- ❖ **Community Residential Services;**
- ❖ **Nursing Home Care.**

Program of All Inclusive Care for the Elderly (PACE)

Provides frail individuals, age 55 and older, comprehensive medical and social services coordinated and provided by a team of professionals in a community-based center and in their homes, helping program participants delay or avoid long-term nursing home care. To participate in PACE, an individual must be 55 years of age or older, require nursing home level of care but be able to live safely in the community at time of enrollment with the services of PACE, and reside in the service area of a PACE organization. You can leave a PACE program at any time. Six PACE agencies are currently operating in New Jersey and you must live in their coverage area to participate.

The Personal Assistance Services Program (PASP)

The PASP is a self-directed program that provides routine personal care assistance to adults ages 18 - 70, with permanent physical disabilities, who are employed, preparing for employment, involved in community volunteer work, or attending school. Participants in the PASP may receive up to 40 hours of service per week. The number of hours authorized is determined by an assessment. With the assistance of a fiscal intermediary service organization, participants are able to manage their service hours and a monthly budget that can be used to hire workers and purchase items to increase their independence. Personal assistants can help with tasks such as bathing, dressing, meal preparation, shopping, light housekeeping, driving or using public transportation. PASP has a cost share based on income. **For more information, visit: <https://www.state.nj.us/humanservices/dds/services/pasp/>**

Chapter 16

Personal Care Assistant Services and Resources for Caregivers

Jersey Assistance for Community Caregiving (JACC)

Jersey Assistance for Community Caregiving (JACC) is a program that provides in-home services to seniors, age 60 and over, who require a nursing facility level of care but wish to remain in their homes. JACC includes an array of services designed to supplement the assistance given by the individual's existing network of family caregivers. Qualified individuals may have the opportunity to hire their own eligible family, friends, or neighbors to provide the care they need. By designing service plans uniquely tailored to the individual, JACC works to enhance the individual's community care options. JACC also strengthens the ability of caregivers to continue in their vital role as primary support providers. Services available through JACC include the following: care management, personal care assistance, caregiver relief (respite), home modifications, special medical equipment and supplies, chore services, personal emergency response system, home delivered meal services, social adult day care, medical adult day care, and transportation. JACC has a co-pay based on an individual's income.

Individuals eligible for this program must:

- ❖ require a nursing facility level of care, but wish to remain at home
- ❖ not participate in other services that provide this type of care
- ❖ meet financial guidelines for income and assets:
 - countable monthly income that is no more than 365% of the Federal Poverty Level (\$3,881 for individuals and \$5,244 for a couple in 2020) and
 - countable resources at or below \$40,000 for an individual or \$60,000 for a couple

For more information, visit:

<https://www.state.nj.us/humanservices/doas/services/jacc/>

To apply, please contact your County Aging and Disability Resource Connection (ADRC). See Appendix 3.

Statewide Respite Care Program

This program offers services to individuals needing care so as to provide a break (“respite”) to unpaid caregivers. Services can include adult day care, home care, companion services, campership, or a short stay in a facility. There is even a caregiver directed option, which allows the caregiver to pay for/be reimbursed for services or items that make caregiving easier.

Individuals eligible for this program must:

- ❖ live in the community and require daily, basic care that is currently being provided by unpaid caregivers such as a spouse, family members or friends
- ❖ not participate in other services that provide this type of care
- ❖ meet financial guidelines for income and assets. There may be a co-pay based on income.

For more information, visit:

<https://www.state.nj.us/humanservices/doas/services/srcp/>

To apply, please contact your county AAA/ADRC. See Appendix 3.

Alzheimer’s Adult Day Services Program (AADSP)

This program offers financial assistance, based on the person’s income, toward attending one of the programs participating day services centers.

Individuals eligible for this program must:

- ❖ have a qualifying diagnosis that includes permanent and progressive dementia
- ❖ live in the community and require daily, basic care that is currently being provided by unpaid caregivers such as a spouse, family members or friends
- ❖ not participate in other services that provide this type of care
- ❖ meet financial guidelines for income and assets. There may be a co-pay based on income.

Older Americans Act Funded Programs

This Division of Aging Services administers programs funded through the Older Americans Act. Services vary depending on county and consist of things like: home delivered meals, congregate nutrition programs, information and assistance, and screening for benefits. Some counties may have light home repair services or “handy man” services available. Eligibility for these programs is not based on income. Most programs are for individuals in need, age 60 and older, but some services are also available to caregivers of any age and to grandparents age 55 or older. **To learn what services your county has available, call your County AAA/ADRC. See Appendix 3.**

Chapter 17: Services for Individuals with Adult Onset Disabilities

17

An adult onset disability occurs after age 21, may be temporary or permanent, and typically affects an individual's ability to complete day-to-day tasks. Such disabilities often come on quickly and unexpectedly, often affect multiple areas of our lives and can happen to anyone. Examples include aneurysms, strokes, spinal cord injuries, traumatic brain injuries, multiple sclerosis and ALS.

Services for individuals with adult onset disabilities are administered through many service systems. Most, but not all, are typically income based and/or have level-of-care requirements that must be met to qualify. **If you or someone you know has an adult onset disability, call the Division of Disability Services (DDS) for information and referral to assistance services.**

The Division of Disability Services (DDS) provides a single point-of-entry for people seeking disability-related information in New Jersey. The DDS works to streamline access to services and information that promote and enhance independent living for individuals with disabilities by facilitating coordination and cooperation among local, county and state government agencies. Through the administration of programs like the Traumatic Brain Injury Fund and the Personal Assistance Services Program, the DDS promotes maximum independence and the full participation of people with disabilities within all aspects of community life. DDS serves individuals with all disabilities, statewide.

Chapter 18: Services for Individuals with Intellectual and Developmental Disabilities

18

A developmental disability is a chronic physical or intellectual disability, or a combination thereof, that:

- ❖ manifests before age 21;
- ❖ is permanent;
- ❖ substantially limits an individual's ability to complete activities in at least three of the following life activities:
 - self-care;
 - learning;
 - mobility;
 - communication;
 - self-direction;
 - economic self-sufficiency;
 - the ability to live independently, and
- ❖ reflects the need for a combination and sequence of special interdisciplinary or generic care, treatment, or other services that are lifelong or extended and individually planned and coordinated.

Some Examples of developmental disabilities are:

Down Syndrome, Cerebral Palsy, Autism Spectrum Disorders and Muscular dystrophy. However, it's important to remember that the definition of a developmental disability is not based on diagnosis alone. It's dependent upon the age at which the disability occurred and the effect on one's long-term abilities to complete activities of daily living. Therefore, injuries to the brain or spinal cord incurred before the age of 21 may also qualify as developmental disabilities provided they are permanent and effect an individual's ability to complete day-to-day tasks in three or more areas of life activity.

In New Jersey, services for individuals with intellectual/developmental disabilities (I/DD) are categorized into children services or adult services:

Services for Children with I/DD: (Birth-age 21):

are administered through the NJ Children's System of Care, under the Department of Children and Families, through **PerformCare**. See **page 74**.

Services for Adults with I/DD: (21 and older):

are administered through the **Division of Developmental Disabilities (DDD)**. See **page 75**.

Chapter 18

Services for Individuals with Intellectual and Developmental Disabilities

PerformCare

Toll-free: 1-877-652-7624 (24/7 access)

<https://www.performcarenj.org>

Through the New Jersey Children's System of Care (CSOC), PerformCare administers the publicly funded developmental disability service delivery system for children and youth up to age 21. PerformCare is also the single point of access to behavioral health and substance use treatment services for New Jersey youth up to the age of 21. **For more information on those services, see chapter 15.**

The service system for children with intellectual and/or developmental disabilities is designed to help families meet the needs of children with I/DDs that are not being met through school-related services, medical services reimbursable by health insurance or by other existing supports or services. Services through this program are administered based upon level of care and the availability of funds.* **See more about early intervention and educational entitlement services in chapter 11.**

Services through PerformCare include the following:

Family Support Services (FSS): FSS services provide caregiver relief (Respite), assistive technology, home and vehicle modifications, and assistance with summer camp during summer breaks from school.

Connection with local Care Management Organizations (CMOs): CMOs are agencies that provide a full range of treatment and support services to children with the most complex needs. They work with child-family teams to develop individualized service plans. The CMO's goals are to keep children in their homes, schools and communities.

Out of Home (OOH) services and supports: provide out-of-home treatment for youth who are not able to safely be cared for at home. If a youth or young adult (under age 21) requires OOH Treatment, PerformCare will work with the family's Care Management Organization (CMO) to identify the least restrictive type of treatment setting to best meet a child's identified needs.

To access developmental disability services for children: an application for developmental disability determination of eligibility must be submitted.

- ❖ For children under the age of 18 (although services are provided until age 21), the application must be submitted to PerformCare. Applications can be completed online through a secure portal or are available to download and

* Under the direction of the New Jersey Council on Developmental Disabilities (NJCDD), the Regional Family Support Planning Councils assist the Children's System of Care in the allocation of funding for family support services by making recommendations based on input they receive from families. complete by hand at: <https://www.performcarenj.org/families/disability/determination-eligibility.aspx> or you can call PerformCare at 1-877-652-7624.

- ❖ For children 18 and older, applications for access to developmental disability services can be submitted to the Division of Developmental Disabilities (DDD), but services will continue to be provided through PerformCare until the age of 21, at which time the eligible individual will transition to DDD. An application for an individual age 18 and older can be obtained on the DDD website at: www.nj.gov/humanservices/ddd or by calling a **DDD Intake worker at the DDD Community Services Office that serves the county where the individual lives. Ombudsman for Individuals With Intellectual or Developmental Disabilities And Their Families

The Ombudsman serves as a source of information about navigating and accessing services through the Department of Human Services' Division of Developmental Disabilities and the Department of Children and Families Children's System of Care. Appointed by the Governor and housed within the Department of Treasury, this position acts as a liaison for the administration for residents with intellectual or developmental disabilities of all ages and their families. The Ombudsman provides guidance and assistance for individuals and families who are having difficulty receiving the services they need, and works closely with the departments and divisions above, as well as the New Jersey Council on Developmental Disabilities, to resolve issues and develop communication and program strategies.

The Stephen Komninos' Law was enacted on May 1, 2018 to strengthen protections for adults with developmental disabilities. The law provides additional opportunities for the Department of Human Services and service providers to advance health, safety and well-being of the individuals who receive our services. Recognizing the important role of guardians and family members in the lives of adults with developmental disabilities, the law enhances communications between providers, guardians and families, and strengthens safety and reporting practices.

The Commission for the Blind and Visually Impaired (CBVI) provides education, employment, independent living and eye health services to individuals who are blind or vision impaired, their families, caregivers and the community. Programs are designed to enable individuals to gain independence and include orientation and mobility, braille instruction, and vocational rehabilitation.

Eligibility: available to all blind or visually impaired NJ residents experiencing vision loss that is affecting their daily life activities.

Visually Impaired means that an individual's vision is 20/70 or less in the better eye. (The person sees at 20 feet what a normally sighted person sees at 70 feet.)

Legally Blind means that an individual's vision is 20/200 or less in the better eye. (The person sees at 20 feet what a normally sighted person sees at 200 feet.) Also, an individual is considered legally blind if they have a restricted visual field limited to 20 degrees or less. (The person sees 20 degrees of all the objects in his or her field of vision when a normally sighted person would see 180 degrees.)

To apply or refer someone for services call 1-877-685-8878 or (973) 648-3333 or a regional service office. See page 85.

Chapter 19

Services for Blind, Visually Impaired and Deaf-Blind Individuals

CBVI Services and Programs

Educational Services: to students who are blind or visually impaired from birth through high school.

Infant services are provided by CBVI to infants and toddlers (birth through 2 years)

In collaboration with the lead early intervention services providers within the New Jersey Early Intervention System, CBVI provides assessment and support services for infant/toddlers with vision loss, and consults with families and developmental instructors regarding all issues related to the early development and conceptual learning of blind and visually impaired babies. Services are free of charge to the families, and are provided in the child's natural environment (usually the home) with their primary caregivers.

School-based services (preschool through high school)

Provides specialized instruction, materials, technology, and other accommodations for students who are blind or visually impaired to succeed in school. These services are based upon each student's individual needs and are free of charge to students and their families regardless of family income. Services may include: Counseling and training for families; services for children who are deaf-blind or who have multiple disabilities; literacy enhancement; tutoring in special areas; and assistance with adaptive equipment, accessible textbooks, reading materials and other teaching aids from the Meyer Instructional Resource Center.

Students can be referred at any time in their school careers by the family, school personnel, medical professionals, or social services providers.

The SHARP Program

SHARP is a summer program that enables students with vision loss, ages six through thirteen, to acquire and practice blindness skills in the areas of Braille, assistive technology, and independent living, including orientation and mobility. During the summer, students can attend the SHARP program, through hands-on and community field trips, experience, and practice.

Vocational Rehabilitation (VR)

Provides vocational training and counseling specifically designed to assist individuals who are blind, vision-impaired, or deaf-blind to prepare for, secure, retain, or advance in employment that is consistent with their strengths, skills, and interests.

The scope of Vocational Rehabilitation Services includes:

- ❖ Assessment for determining eligibility and VR needs by qualified personnel;
- ❖ VR counseling and guidance, including information and support services to assist an individual in exercising informed choice, including referral and services from other agencies;
- ❖ Physical and mental restoration services;
- ❖ Vocational and other training services;
- ❖ Maintenance and transportation related to the rendering of any VR services;
- ❖ Vocational rehabilitation services to family members to assist in achieving the employment goal for an individual with a disability, e.g., family counseling;
- ❖ Interpreter services, including sign language and oral interpreter services, for individuals who are deaf or hard-of-hearing, and tactile interpreting services for individuals who are deaf-blind;
- ❖ Independent living skills instruction including personal and home management;
- ❖ Orientation and mobility services to instruct in methods of independent community travel;
- ❖ Services to assist students to transition from school to work;
- ❖ Job-related services, including job search and placement assistance, job retention services, follow-up services, and follow-along services;
- ❖ Supported employment services;
- ❖ Personal assistance services, including reader services;
- ❖ Occupational licenses, tools, equipment, initial stocks, and supplies;
- ❖ Technical assistance to individuals who are pursuing self-employment;
- ❖ Rehabilitation technology services and devices; and
- ❖ Post-employment services, i.e., short term services required to keep a job.

- ❖ **Pre-Employment Transition Services:** Transition services are available to eligible students with disabilities, ages 14 to 21, and include: job exploration counseling, work-based learning experiences, workplace readiness training, instruction in self-advocacy, and counseling on post-secondary enrollment opportunities. These transition programs include:
 - ❖ **Life 101:** a two-week summer, residential program for ninth and tenth grade students. The program is comprised of interactive and community-based activities, focused on career exploration, independent living skills, and post-secondary education.
 - ❖ **EDGE (Employment, Development, Guidance, and Engagement) I.O:** helps prepare blind and vision-impaired high school students

Chapter 19

Services for Blind, Visually Impaired and Deaf-Blind Individuals

receiving transition services to become successful professionals. Students attend monthly workshops to develop their professional, self-advocacy, and independent living skills. Additionally, students attend community trips to socialize with other blind peers, build life skills, and learn about opportunities to find employment or become more involved in extracurricular activities.

- ❖ **EDGE (Employment, Development, Guidance, and Engagement) 2.0:** serves college undergraduates who are blind and vision-impaired. Students learn how to maximize their college experience through individualized plans that addresses barriers on campus, sets academic and social goals, and campus and community engagement. Students have career development plans that provide a map to graduation and a guide to careers in their fields of interest. In addition, students participate in campus visits with a career advisor, monthly mentor conversations, and peer meetings with career-centered activities. Using each of these resources and a career-focused approach, students enhance their ability to become employed competitively in their field of choice.
- ❖ **The CBVI College Preparation Experience (CPE):** is an integrated part of The College of New Jersey's pre-College Program. This is a credit-bearing program for rising high school juniors and seniors. The program helps prepare students for college through college-level coursework, community engaged learning, and college-based workshops. The CPE includes a two-week Orientation program in which students have the opportunity to practice blindness skills and college-readiness skills on TCNJ's campus. This includes learning to navigate a college campus, practicing time-management, and beginning the process of writing essays for the college application process.
- ❖ **The Work Skills Preparation Program (WSP):** is a pre-employment transition program for high school students (ages 16-21) who are blind and vision-impaired with additional disabilities, who would benefit from an employment outcome upon completion of high school. Students practice functional academic skills, employment skills, and independent living skills in both classroom-based and community-based settings.

The Youth Employment Solutions (YES) Program:

Provides job coaching and job development services to individuals 18-25 years old in partnership with TCNJ.

Assistive Technology Support:

Assists consumers in gaining direct access to computer equipment and other technology through a comprehensive assessment of skill and accessibility needs.

Department of Human Services New Jersey Resources 2020-2021

The purpose of the unit is to minimize barriers and enable individuals to have more efficient professional or academic lives. Regional Technology Assistance Centers (RTACs) are located in Newark, Freehold, Cherry Hill, Atlantic City, Trenton, and New Brunswick.

Independent Living Skills:

Provides training designed to help people of any age who are blind or vision impaired to adjust to their vision loss and gain the skills of daily living that they need to lead a full and productive life. Provides assistance and in-home instruction in the areas of daily living activities and home management; orientation and safe independent travel within the home, community, work, and school environment; child care training; training in braille and other communication methods; eye health education; low-vision services and referral to community resources.

Assistive Support Programs for Independence Renewal and Education (ASPIRE):

A state-wide network of peer support groups designed to provide individuals who are living with vision loss the opportunity to gain the necessary coping skills, information, and education needed to thrive. ASPIRE offers individuals with vision loss the opportunity to become more socially engaged and connected with peers who face similar challenges and life experiences.

The Senior Hands-On Retreat Experience (SHORE):

Provides consumers age 55+ the opportunity to participate in a six-day retreat that includes instruction in intensive independent living, travel, health and wellness, assistive technology, communication, and self-advocacy skills. Consumers also obtain information about, and/or participate in, coping with vision loss, community integration, emergency preparedness, and leisure activity options. Some of the specific activities/lessons covered include eye health and nutrition, diabetic education, grocery shopping, kitchen safety, dining at restaurants, and music and relaxation therapy.

Library Equal Access Program (LEAP):

Helps individuals age 55 and older with a change in vision to gain access and learn how to utilize assistive technology. Equipment available includes computers (with speech and magnification software), iPads, and a Closed Circuit Television System (CCTV). The collaborative libraries are located in Mays Landing, South Orange, East Brunswick, Cherry Hill, Hackensack, Toms River, Morris Township, and Atlantic City. **To sign up for classes, call the Talking Book & Braille Center at 1-800-792-8322, extension 812.**

Project BEST (Better Eye Health Services and Treatment):

Provides vision screenings to save sight and restore vision whenever medically possible and to identify eye disease in target populations that do not have access to

❖

Deaf-Blind Services

Provides transition and vocational rehabilitation services to individuals with dual sensory impairments. A full range of services are provided to assist individuals with hearing and vision loss to reach their highest level of independence and prepare for, obtain, or retain employment.

iCanConnect NJ provides various types of assistive technology and telecommunication devices to New Jersey residents who are both vision and hearing impaired. Devices such as iPads, iPhones, Braille note takers, laptops, screen readers, and adaptive software may be purchased for individuals meeting the program's eligibility requirements. Any New Jersey resident with combined hearing and vision loss can reach out to see if they qualify for the iCanConnect program to receive free technology to support distance communication. Program guidelines can be found at <http://www.icanconnect.org/see-if-you-qualify>.

The Support Services Providers of New Jersey Program, or SSP-NJ, is a consumer-driven program providing qualified trained professionals to support and promote the independence of deaf-blind New Jersey residents. SSPs provide visual and environmental information, as well as human guiding, to acclimate the consumers to their environment so that they can make informed decisions. The program supports consumers in a variety of activities such as post-secondary education, household management, employment, health/well-being, and community integration.

Joseph Kohn Training Center (JKTC): offers vocational rehabilitation, employment services, and independent living skills training to blind, deaf-blind, and vision-impaired individuals. Individuals 18 years or older who are blind or visually impaired, have exited from their secondary school program, and want to

Department of Human Services New Jersey Resources 2020-2021

learn the independent living skills that will enable them to be integrated into their community may be eligible. The program is customized for each consumer, free of charge, and can range in duration from approximately 2 weeks to 20 weeks or more.

Business Enterprises New Jersey (BENJ): CBVI is the State Licensing Agency (SLA) for the Federal Randolph-Sheppard program. BENJ, directly oversees New Jersey's Randolph Sheppard program. This program enables individuals who are blind to manage their own businesses, including: vending machines, newspaper stands, snack bars, and full service cafeterias. Individuals who wish to enter BENJ are required to: be at least 18 years of age, be legally blind, have a high school diploma (or GED), pass a background check, be registered to receive CBVI vocational rehabilitation services, and be a United States citizen.

Business Relations Unit (BRU): provides services to both public and private sector businesses in order to assist them with meeting their diversity initiatives in hiring individuals with disabilities. The BRU partners with businesses to address their needs, such as education and technical assistance on recruiting, hiring, and retaining employees who are blind, deaf-blind, and vision-impaired.

Chapter 20: Services for Deaf and Hard of Hearing Individuals

20

Through education, advocacy and direct services, the Division of the Deaf and Hard of Hearing (DDHH) works to eliminate barriers and promote increased accessibility to programs, services, and information to individuals who are deaf and/or hard of hearing. DDHH maintains up-to-date resources on hearing loss, and provides the following services: communication access referral, equipment distribution programs, technical assistance, education and training, stakeholder communications, and advocacy.

Equipment Distribution Program

Eligible residents may receive safety and telecommunication devices such as an amplified telephone, captioned phone, visual smoke detector, baby cry alert system, and an artificial larynx device at no cost. Applicants must reside in New Jersey, have a hearing loss as attested by a physician or audiologist, and a household income under \$45,000.

Applications are available at:

<https://www.nj.gov/humanservices/ddhh/equipment/>

Communication Access Referral Services

The DDHH assists individuals and agencies in finding interpreters and captioning services. People or agencies in need of sign language interpreters or real-time captioning may obtain assistance by calling DDHH at (609) 588-2648.

Lists of interpreters and captioning services are also available at:

<https://www.nj.gov/humanservices/ddhh/services/caption/>

Information and Referral and Case Management

Individuals who are deaf or hard of hearing in need of services can call for information and referral assistance. In addition, a case manager fluent in American Sign Language (ASL) can assist individuals by connecting them to services and navigating through the system. The case manager often works as a liaison between consumers and service providers.

Assistive Communication Device Demonstration Center

Individuals who are deaf or experiencing hearing loss can visit our Assistive Communication Device Demonstration Center located in Hamilton, NJ. The center displays assistive communication devices and allows individuals to test equipment so they can make informed decisions prior to purchasing such devices. The devices on display include those in the Equipment Distribution Program as well as other practical devices for home and office, such as door bells, alarm clocks, video phones, amplified sound systems, and more. The Center is located at the DDHH office in Hamilton NJ. **Appointments can be made by calling 609-588-2648** or via email at: Ddhh.Communications2@dhs.nj.gov.

New Jersey Hearing Aid Project

Older NJ residents with low-incomes can have access to refurbished hearing aids available through the NJ Hearing Aid Project. New Jersey Residents who are 65 years of age or older and meet income requirements are eligible to receive refurbished hearing aids through the New Jersey Hearing Aid Project. Income eligibility is \$28,399 if single; \$34,817 if married. **For more information on obtaining or donating a hearing aid, please contact the DDHH toll free at 1-800-792-8339.**

Services for The Deaf and Hard of Hearing Outside of DDHH

Accessible Communication

New Jersey Relay

A free service administered by the NJ Board of Public Utilities (BPU) in collaboration with Sprint, to ensure equal communication access to telephone service for people who are deaf, deaf-blind, hard-of-hearing, or speech disabled. The service allows callers to communicate with standard (voice) telephone users through specially trained Relay Operators (OPR). **Dial 711 to use NJ Relay.**

Communication Options Available Through NJ Relay

Text Telephone Relay (TTY)

Allows individuals using a TTY to type their conversation to the OPR, who then reads the typed conversation to a standard telephone user. TTY equipment is also available with braille or large visual displays for individuals who are visually impaired.

Hearing Carry-Over (HCO)

Allows a speech disabled person with hearing capabilities to listen to a standard telephone user and type his/her conversation to the OPR, who will voice the message to the standard telephone user.

Relay Conference Captioning (RCC)

Enables individuals to participate in meetings, phone calls, videoconferences and multi-party conference calls using live, real-time text streamed to a computer connected to the Internet.

Captioned Telephones (CapTel), Web CapTel, Wireless CapTel

Allows users to listen, speak directly to the caller, and read captions of the caller's response either through a captioned telephone device (CapTel), via a computer with internet access (Web CapTel), or wirelessly using a mobile device. Spanish translation is available.

For additional information, contact the NJ Division of the Deaf and Hard of Hearing at 609-588-2648 or visit www.njrelay.com.

Other Communication Options

Video Relay Service (VRS)

Enables individuals who are deaf or hard of hearing and who use sign language to communicate via a qualified sign language interpreter. VRS

continued on page 92

Chapter 20 Services for Deaf and Hard of Hearing Individuals

Continued from page 91

can be accessed using any device equipped with a front facing camera or webcam and a high speed internet connection. The interpreter facilitates the conversation in sign language with the VRS user and by voice to standard telephone users.

Internet Protocol Relay (IP Relay)

Enables individuals to use any device connected to the internet to type their conversation to an OPR who then reads the conversation to a standard telephone user. Spanish translation is also available.

Early Detection:

Early Hearing Detection and Intervention Program (EHDI)

Ensures that all New Jersey children receive timely and appropriate screening, diagnosis, and intervention for hearing loss. The New Jersey EDHI program provides insight and technical assistance to birthing facilities; provides education about newborn hearing screening, diagnosis, and intervention to families and health care providers; and the establishment of a confidential registry and tracking system to ensure children are screened, have appropriate follow-up and are linked to services. **For more information, visit:** <https://www.nj.gov/health/fhs/nbs/ehdi/>

Chapter 21: Veterans Services

21

Veterans of the United States Armed Forces may be eligible for a range of programs and services provided by the U.S. Department of Veterans Affairs (VA). Eligibility for most VA benefits is based upon honorable discharge from active military service, while some benefits require wartime service.

Veterans enrolled in the VA's health care system are eligible to receive health care services, personal care assistance, medications and other services. Veterans must have a service connected disability or meet income requirements to enroll.

Veterans are also eligible for various services through the VA such as home loans, gravestone markers, funeral plots at no cost when buried at a military cemetery or reimbursement for plots purchased in other cemeteries, educational loans through the GI Bill, vocational rehabilitation and employment services, disability compensation, pensions, life insurance, and survivor's benefits.

Veterans Services Organizations (VSOs)

Through a network of regional VSOs, the New Jersey Division of Military and Veterans Affairs' Bureau of Veterans Benefits provides state veterans and their dependents with information and guidance in filing claims. Trained veterans service officers also assist veterans with applying for services offered by federal, state, county or local veterans offices, such as employment, housing, education, and medical services.

State Operated VSOs

Funded by the state Department of Military and Veterans Affairs, trained service officers connect clients to state and federal services offered by the Veterans Administration. <https://www.nj.gov/military/veterans/services/vso/>

Veteran Organization Operated VSOs

These organizations have trained volunteers that operate as service officers. Because these service officers are actually members of various veteran organizations, they can offer first-hand knowledge of services and benefits.

<https://www.nj.gov/military/veterans/services/vso/>

Chapter 2 | Veterans Services

County Operated VSOs

Funded by local county governments, these offices, while similar to the state-operated VSO, can also offer services tailored to the individual county, and on a state or federal level. These VSOs can offer more of a face-to-face service with the public because they typically have more service officers on hand to assist.

Chapter 22: Guardianship

22

What is guardianship?

Guardianship is the appointment of a person or agency by a court to exercise control over part, or all, of another individual's person and/or property. The guardian is the person or agency appointed by a court to make personal decisions for an individual who is incapable of making some or any decisions independently. The person who lacks capacity is referred to as the "alleged incapacitated person" until a guardian is appointed by the court. Thereafter, the incapacitated person is referred to as the "individual receiving guardianship services." Many individuals with developmental disabilities are capable of making their own decisions with appropriate support and advice, and do not need a guardian.

What types of guardianship are there?

The two types of guardianships involve guardianship of property and guardianship of a person. Many times both types are required to protect an individual receiving guardianship services, but sometimes only one type is necessary.

The guardian of the property has a duty to locate and marshal the assets of the individual receiving guardianship services. This includes all assets such as bank accounts, stocks, personal property and real estate. The guardian is required to file an initial inventory and to swear that it is accurate and complete. The assets are placed in the name of the guardian. It is the responsibility of the guardian to ensure that all assets are safeguarded and spent appropriately. Annual accountings are required to be filed with the court for review and are subject to the court's approval.

The guardianship of the person is appointed to watch over and make major life decisions for the individual receiving guardianship services until the reason for incapacity no longer exists and the court has deemed the person as capable. The guardian of the person makes decisions affecting everything from the individual receiving guardianship services' residence, visitation, medical care, socialization, travel and other areas of their life. Guardians of the person are required to file annual reports with the court to inform as to the status and well-being of the individual receiving guardianship services.

What's the difference between full and limited guardianship?

Generally, a court will consider delegating an individual's decision-making rights in the following areas: residential, vocational, medical, financial, educational and legal.

Chapter 22

Guardianship

In a plenary, or full, guardianship, all of these rights are delegated to the guardian and no rights are reserved to the individual receiving guardianship services. In a limited guardianship, some delegable rights are delegated to the guardian while the individual receiving guardianship services reserves other rights.

What is the role of the guardian?

All guardians are responsible for:

- ❖ Assisting the individual to participate with the guardian in the decision-making process, to the maximum extent of the individual's ability, to encourage the individual to act on their own behalf whenever able to do so;
- ❖ Encouraging the individual to develop or regain higher capacity to make decisions to the maximum extent possible in those areas in which they are in need of a guardian;
- ❖ Making decisions and giving consents on behalf of the individual, but only to the extent of the court order;
- ❖ Protecting the individual from harm;
- ❖ Looking out for the individual's interests;
- ❖ Safeguarding the individual's human and civil rights;
- ❖ Ensuring that the individual's physical, emotional and developmental needs, including education and training, are met;
- ❖ Acting consistently with a previously executed power of attorney for health care or advance directive;
- ❖ Helping the individual to obtain all available and appropriate benefits and supportive services;
- ❖ Visiting the individual not less than once every three months;
- ❖ Initiating legal action on the individual's behalf; and
- ❖ Submitting reports to the court as specified by the court.

A guardian is NOT responsible for:

- ❖ Providing for the individual from his or her own funds;
- ❖ Any liability to another person for acts of the individual;
- ❖ Injury to the individual from the wrongful conduct of another person providing medical or other care;
- ❖ Taking the individual into the guardian's home to live;
- ❖ Consenting to shock treatment, psychosurgery, sterilization or medical, behavioral or pharmacological research without further order of the court.

Are there alternatives to guardianship?

Yes. In New Jersey, an individual may appoint a Power of Attorney (POA) to make decisions on their behalf. The individual with the disability must be able to understand on a basic level that they are appointing someone to make decisions on their behalf. In addition:

- ❖ A person must be able to give consent;
- ❖ A POA can cover person and/or property;
- ❖ A POA can be revoked and/or changed at any time, based on changing needs;
- ❖ A POA is significantly less costly than guardianship; and
- ❖ It is best to work through an attorney to establish POA

Supported Decision Making

In supported decision-making, there is no court-appointed legal guardian to make decisions for a person. Instead, the individual makes his or her own decisions with the assistance and support of a trusted person or people, such as friends, family members, advocates or others. **More information about supported decision-making can be found through the National Resource Center for Supported Decision-Making at: www.supporteddecisionmaking.org**

How does one establish a guardianship?

In recent years courts have streamlined the application to facilitate families or interested parties who might seek a guardianship for an alleged person needing a guardianship on a pro se basis or self-representation in the court without an attorney. Complaints can also be filed by an attorney. To establish guardianship for an incapacitated adult, a Verified Complaint must be filed with the Surrogate's Court in the county where the alleged incapacitated person resides. The Complaint must include particular information and must be supported by affidavits of physicians or other clinical professional such as a psychologist, advance practice nurse or in certain circumstances, the child study team, as permitted by the court. based upon recent examinations of the alleged incapacitated person. Once a Complaint is filed, the court will enter an order appointing an attorney for the alleged incapacitated person and schedule a hearing. If the court determines that the person is incapacitated, then a judgment will be entered appointing guardian(s). Before the guardian(s) can act on behalf of the incapacitated person, they must appear before the County Surrogate to qualify as guardian, including by posting a bond if required.

Bureau of Guardianship Services

Chief, Jessica Anastasi

PO Box 705

Trenton, NJ 08625-0705

(609) 631-2213

Under the auspices of the Department of Human Services, Central Office, the Bureau of Guardianship Services (BGS) is the state entity designated to provide guardianship services to adults who are receiving functional services from the Division of Developmental Disabilities (DDD). When a person reaches the age of 18, they have full legal responsibility for themselves regardless of any disability, except, when determined necessary by the court, a guardian may be appointed to make decisions on their behalf.

BGS has two statutory responsibilities:

First, BGS may file a petition through the Office of the Attorney General, for the appointment of a guardian for an eligible adult in need of a guardian.

Second, BGS may serve as guardian of the person for a DDD eligible consumer where there is no known family or other interested party able or willing to serve as guardian of the person.

BGS does not pursue guardianships of the property- only guardianships of the person. **BGS is only able to assist individuals who receive services funded by the Division of Developmental Disabilities. Individuals must apply to DDD to receive an eligibility determination. See chapter 18.**

Chapter 23: Service Dogs

23

A service dog is defined by the Americans with Disabilities Act (ADA) as a dog that has been individually trained to do work or perform tasks for an individual with a disability. The task(s) performed by the dog must be directly related to the person's disability.

- ❖ Under the ADA and the New Jersey Law Against Discrimination (NJLAD), a place of public accommodation cannot refuse admittance of a service dog when it is accompanying a person with a disability.
- ❖ The ADA/NJLAD requires that places of public accommodation (which include privately-owned businesses that serve the public) allow people with disabilities to bring service dogs into any area in which customers are generally allowed.
- ❖ The ADA/NJLAD does not require that a service dog be certified or have special identification, but it is not inappropriate for a business to ask if a dog that does not have an identifying vest or a special harness is a service animal rather than a pet. The business may not, however, insist on proof of certification before permitting admittance of a service dog accompanying a person with a disability.
- ❖ It is a violation of the ADA/NJLAD for a business to charge a cleaning or maintenance fee when a person with a disability has brought a service dog into the place of business. However, the owner of the animal has sole responsibility for its behavior and may be charged for any damages the animal causes as long as the business has a policy of charging non-disabled customers for damages that they cause. Likewise, it is not a violation of the ADA/NJLAD to exclude a service dog from a place of public accommodation if the animal behaves in a loud, threatening, or uncontrolled manner, creating a substantial disturbance or posing a direct threat to the safety of others.

Chapter 25

Emergency Preparedness

Disaster Preparedness Checklist for People with Disabilities

The following list is intended to provide suggestions for disaster preparedness planning that may be taken by individuals with disabilities.

Self-Networks

- ___ Discuss your disability and needs with relatives and friends.
- ___ Develop a network of people who know your needs and location, who will be able to assist you or alert emergency personnel on your behalf. Do not depend on only one person.

Medical Equipment and Supplies

- ___ Evaluate equipment for repairs and obtain and keep spare parts.
- ___ Order the full allotment of supplies that your insurance allows, such as protective briefs, leg bags, suction tubing, hearing aid batteries, etc. Stockpile unused items.
- ___ Assemble a first aid kit. It should include: sterile adhesive bandages in assorted sizes, assorted sizes of safety pins, cleansing agents/soaps, latex gloves (2 pairs), 4-6 sterile gauze pads (2-inch and 4-inch), three triangular bandages, non-prescription drugs, three rolls each of 2 and 3 inch sterile roller bandages, scissors, tweezers, needle, moistened towelettes, antiseptic, thermometer, two tongue depressors, and a tube of petroleum jelly or other lubricant.

Medications and Medical Needs

- ___ Create a list of current prescriptions, names and dosages. Remember to update this list, as needed.
- ___ Keep a list of the names, addresses, and telephone numbers of doctors and pharmacists.
- ___ Prepare a detailed description of your medical regimen and personal care needs.
- ___ Order a full 30-day supply of necessary medications. Check with your insurance carrier.

checklist continued on page 109

Communication

- ___ Make sure your cell phone battery and any extra batteries are kept fully charged.
- ___ Pre-arrange alternative methods to reach family, friends, or personal care attendants if ordinary communications are disrupted.
- ___ Consider keeping a notepad, portable white board, or picture boards available to facilitate communication.

Personal Assistant Care

- ___ Consider checking into a nursing home or hospital if a disaster is anticipated. Staff will be available to meet personal care needs. Also, backup generators will be operating to assist people who use power wheelchairs and/or ventilators.
- ___ Contact your personal care attendant provider to discuss disaster preparedness and maintain a list of phone numbers of those who can assist in obtaining personal care for you.

Food and Water

- ___ Three day supply of water/three gallons of water per person
- ___ Keep a supply of canned, dehydrated, and no-cook foods.
- ___ Keep cases of nutrients available for tube feeding.
- ___ Keep foods for special dietary needs, such as diabetic and high caloric diets.
- ___ Pack adaptive equipment needed for eating or drinking such as large grip utensils, or cup-holders.

Service Dog

- ___ The animal always should wear an identification tag with all necessary contact information.
- ___ Keep shots and medical records current and service animal ID numbers available.
- ___ Your animal will need plenty of food and water, kept in sturdy storage containers.
- ___ Consider large capacity self-feeders and water dispensers.
- ___ Keep contact information on your service animal's veterinarian available.
- ___ Check with your local emergency management officials for companion animal procedures in emergency shelters.

Power

- ___ Extended power outages may affect ventilators, heating and/or cooling units, which may be a matter of life or death for some people with disabilities. **Contact your utility provider if you require power to support your special need or circumstance.**
- ___ Investigate emergency contingency plans in your building/community/municipality.
- ___ Explore care facilities, especially if you use a ventilator or have other complex medical needs.
- ___ Consider staying with friends or family out of your area if you anticipate possible power outages, especially if you have medical equipment that is dependent upon power.
- ___ Contact your local fire department and Red Cross for information and registries of people with disabilities.
- ___ Keep clear pathways in your home to allow for safer mobility if lighting is affected.

Oxygen

- ___ Buildings where oxygen is kept must display an “Oxygen in Use” emblem.
- ___ Oxygen must be kept in containers specifically manufactured for that purpose.
- ___ Alert emergency response staff to the use of oxygen.
- ___ Oxygen is flammable, so avoid sparks and flame. Demand that people not smoke near an oxygen container.

Miscellaneous

- ___ Keep battery-operated flashlights and/or lanterns with lots of extra batteries.
- ___ Blankets and warm clothes should be packed in an emergency.
- ___ Keep the gas tank in your car full.
- ___ Have a battery-powered radio and extra batteries on hand.
- ___ Keep ample cash on-hand. ATMs and banks may not function during power outages.
- ___ Have a non-electric can opener.

Chapter 26: Traveling With A Disability

26

Air Carrier Access Rules lift many restrictions that formerly discriminated against passengers with disabilities, and all carriers are now required to have a Complaints Resolution Officer (CRO) immediately available to resolve disputes between carriers and passengers with disabilities. While airlines may not require passengers with disabilities to provide advance notice of their disability or intent to travel (except in some very specific circumstances), doing so may in some cases help to avoid inconvenience.

The following is a list of suggestions for air travelers with disabilities:

Physical Disability

- ❖ Ask the screener for assistance with your mobility aid and carry items.
- ❖ Let the screener know your level of ability and your need for physical assistance.
- ❖ Inform the screener about any special equipment or devices that you are using and where this equipment is located on your body.
- ❖ Ensure that all bags hanging from, or carried on, your wheelchair are put on the X-ray belt.
- ❖ Ask the screener to reunite you with your carry items and assistive devices after screening.
- ❖ Request assistance with removing your shoes when additional screening is necessary.

Hearing Disability

- ❖ Ask the screener to write the information down or to look directly at you and repeat the information.

Visual Disability

- ❖ Ask the screener to explain the security process to you step by step and to let you know where the metal detector is located.
- ❖ Ask the screener to let you know when you will be going through the metal detector and when there are obstacles that you will need to avoid.
- ❖ Ask the screener to find someone to escort you through the security process.
- ❖ Ask the screener to perform a hand inspection of equipment to prevent damage and to direct you toward your gate once the screening has been completed.

Chapter 26

Traveling With A Disability

Continued from page 113

Hidden Disability

- ❖ Advise screeners that you have a disability and may need some assistance, or need to move slower.
- ❖ Offer suggestions to screeners on the best way to approach you during a pat-down inspection.
- ❖ Notify the screener if you need to sit down before and/or during the screening process.

Traveling With Medical Supplies/Devices

- ❖ Notify the screener that you are carrying medical supplies with you.
- ❖ Medications must be properly marked with a professionally printed label identifying the medication or manufacturer's name or pharmaceutical label.
- ❖ Notify screeners if you are using any surgically implanted medical device (i.e., insulin pumps, prosthetics, or artificial joints).
- ❖ Advise screeners if you are experiencing low blood sugar and are in need of medical assistance.
- ❖ Pacemaker users may wish to carry a Pacemaker Identification Card (ID).
- ❖ Crutches, canes and walkers will need to go through the X-ray machine. The screener will perform a hand inspection of your equipment if it cannot fit through the X-ray machine. You can ask for a private screening for the inspection of your prosthetic device or body brace.
- ❖ Notify screeners if you need assistance, such as a chair or someone to assist you during the inspection of your prosthetic devices or body braces.
- ❖ Tools and appliances used to put on or take off prosthetic devices must be screened.

Traveling With Service Animals

- ❖ Carry appropriate identification. Identification may include: cards or documentation, presence of a harness or markings on the tags. Service dogs and their harnesses or vests are subject to inspection.
- ❖ Advise the screener how you and your dog can go through the metal detector as a team with the leash and/or harness. If necessary, remind the screener that you should not be separated from your dog.

Chapter 27: Health and Wellness for People with Disabilities

27

CDCM 2017

According to the Center for Disease Control and Prevention's Disability Health and Data System, 25.6% of individuals over the age of 18 have any disability compared to 24.6 of individuals in New Jersey. Nationally, 11.4% of individuals have a cognitive disability compared to 10.3% of individuals in New Jersey. Individuals with a mobility disability in New Jersey is 12.9%, which is equal to the national average. Individual's with a vision disability is 4.7%, which is equal to the national average. Nationally, 5.6% of individuals have a hearing disability compared to 5.0% of individuals in New Jersey.

Disability Health and Wellness (DH&W):

Seeks to promote healthy living and prevention of secondary conditions for people with disabilities.

The Division collaborates with policy makers, health educators, public and private agencies, and experts in the field of health and wellness on projects and initiatives. DDS aims to promote healthy living and prevention of secondary conditions for people with disabilities and create healthier, more inclusive communities through policy, systems and environmental change.

Chapter 27 Health and Wellness for People With Disabilities

Upcoming DH&W Projects:

New Jersey Healthy Communities Network (NJHCN):

NJHCN is a public-private funding collaborative that provides small grants to non-profit organizations, New Jersey counties and municipalities, early childcare/education centers, New Jersey K-12 public school districts and/or tax-exempt educational institutions.

Goal: increase public health impact and promote social justice through policy change and inclusion.

DDS is a funder through NJHCN:

DDS funds three New Jersey organizations that align with the Division's overall goal of inclusion, and improving health through policy, systems, and environmental change.

Appendix 3: Area Agencies on Aging (AAA)/ Aging and Disability Resource Connection (ADRCs)

New Jersey has 21 county-based Area Agencies on Aging (AAAs) responsible for developing comprehensive, coordinated systems of community-based services for older adults.

AAAs serve as the Aging & Disability Resource Connection (ADRC) lead agencies in their counties to ensure that seniors, adults with disabilities, and their caregivers have easy access to information and long-term services and supports. AAA/ADRCs are responsible for providing outreach, information & assistance, a screen to assess an individual's needs, and options counseling. Appendix 4: Centers for Independent Living (CILs)

4 Appendix

CILs are community-based, consumer-driven organizations designed to support individuals with disabilities by providing a multitude of services based on individual needs, such as: life skills training, advocacy, information and referral, peer counseling, socialization and community based activities. Membership is open to all people with disabilities, their able-bodied friends, and supporters. CILs promote personal growth and empowerment through choice, self-determination, and participation in programs providing information, education, skills development, and networking opportunities. *See below for a list of CILs by county.*

Appendix 5: Adult Protective Services

5 Appendix

The role of Adult Protective Services (APS) is to investigate complaints of suspected abuse, neglect, and/or exploitation of vulnerable adults aged 18 or older. A complaint to APS will generate a thorough assessment, which will include a private face-to-face interview with the potentially at-risk adult, to determine if intervention is warranted. All information generated by the investigation is confidential. A report of suspected abuse may be made to the Division of Aging Services Information and Referral toll-free number at [1-800-792-8820](tel:1-800-792-8820) or to the APS office in the county in which the individual lives.
