#### Inspector's comments:

The unit tour began at approximately 9:00 am with Assistant Superintendent O'Dea and Lt. McGowan. The unit was found to be clean and the housing officer was helpful to the inspection staff. The Assistant Ombudspersons spoke to every available inmate on the housing unit for assistance with conducting the inspection.

Section I - Through speaking with the inmates that were present, it was noted that every inmate was in possession of a mattress, pillow, blanket, sheets and two masks. The unit has 3 telephones and 2 JPay kiosks, all of which were in working order. Assistant Superintendent O'Dea advised that a Custody Supervisor performs a weekly inspection on all GTL telephones and JPay kiosks and reports any issues to Administration. At that point, the appropriate staff would be notified to complete any necessary repairs. It was observed that the bathroom and showers were clean. The showers were noted to have minor rust and what appeared to be mildew.

Section II - We were advised that recently, due to concerns related to the Covid-19 pandemic, inmates are now fed on the housing unit. Trays are prepared by Food Service Staff in the kitchen and sent to the housing unit in insulated carts.

Section III - Cleaning products are readily available for inmate use and are obtained from Custody Staff.

Section IV - No issues noted

Section V - Forms should be available from Custody Staff. It was noted at the time of the inspection, that none of the forms were available. Assistant Superintendent O'Dea and Lt. McGowan indicated that the missing forms would be provided to the Housing Unit Officer immediately. The Housing Unit Officer indicated that inmates utilize the kiosk in order to submit sick call slips, Social Services and Law Library requests, and inquiries and grievances. The inspectors provided the officer with Office of the Corrections Ombudsperson Request for Assistance Forms.

#### Administrator or Designee's comments and corrective action taken:

All forms were duplicated by the maintenance print shop and distributed to all housing units. With regard to the shower areas, a Maintenance paint project is under way on this housing unit. The air duct will also be addressed by this detail.
