5. Employee Relations Groups A, C, F, FA, H, I, J, K, L, O, P, R, S, V, W, Y, 1, 2, 4, 4A and 8: 10th Step Implementation

Effective June 24, 2006, employees in the above listed Employee Relations Groups will have a tenth step added to their salary schedules. The instructions below explain the manner in which this will be implemented.

- a) An employee at the ninth step of the range only becomes eligible for advancement to the tenth step, if warranted, by performance, following completion of 52 pay periods.
- b) A current employee's anniversary date may change as a result of an advancement pay adjustment. See *N.J.A.C. 4A:3-4.9*. If the anniversary date is advanced based on the date of adjustment, and the employee is at the ninth step, the new anniversary date is the first pay period following the completion of 52 full pay periods after the date of that adjustment.
- c) When an advancement is applied, the anniversary date will be retained if the total salary increase, after workweek adjustment, is less than two increments in the employee's previous range. If the total salary increase after workweek adjustment is two increments or more, or the advancement results in step 10, the anniversary will be determined by the effective date of the action (frozen if step 10).
- d) When a demotion is applied, and the action results in step 9, the employee shall be eligible for advancement to step 10, if warranted by performance, on the pay period that reflects the difference between the time served on the step prior to demotion and 52 pay periods. If the action results in step 10, the anniversary date is set to the pay period and calendar year of the effective date of the action.

This payment shall be made twice yearly on or about the first and fourteenth supplemental pay periods of the calendar year. A personnel transaction will be submitted for each individual showing a lump sum equaling 5% of the employee's average daily rate for the period, times the number of workdays for the period.

4. Duration of payments will be as follows:

a. In the Division of Construction and Materials:

The functional rate will go into effect on the date of the Preconstruction Conference detailed in the Construction Procedures Handbook (CPH), Section III, Subsection A. The Corrective Action Inspection and the Acceptance Inspection are detailed in the CPH, Section VII, Subsection A.

F. DEPARTMENT OF THE TREASURY, DIVISION OF INVESTMENT

1. There shall be established the title Senior Portfolio Manager Stocks and Bonds (52556 V97 NL12) to classify certain employees within the Division of Investment, Department of the Treasury.
2. Employees in the title Senior Portfolio Manager Stocks and Bonds (52556) will be compensated within the salary range for this title established by the Chair/Chief Executive Officer, Civil Service Commission. This salary range shall be established every fiscal year.
3. There shall be 10 equal intervals within the salary range for the title.
4. Incumbents in the title Senior Portfolio Manager Stocks and Bonds, as of the effective date of this regulation, will be initially placed into the new salary range at an interval to be determined by the appointing authority and the Chair/Chief Executive Officer, Civil Service Commission; however, no employee shall suffer a reduction in salary as a result of this placement.
5. New employees may be appointed to the title Senior Portfolio Manager Stocks and Bonds up to and including the tenth interval of the special salary range without obtaining prior approval from the Chair/Chief Executive Officer, Civil Service Commission and the Director, Office of Management and Budget.
6. Employees promoted to this title from a title with a lower salary range shall be placed on an interval in the special salary range of the new title in accordance with normal promotional calculations. That is, a promotional increment is granted in the lower class code and the new salary is equalized into the special salary range.

7. Movement within the designated salary range will be based on anniversary dates. That is, upon reaching each anniversary date, employees shall be advanced to the next higher interval value until arriving at the range maximum.
8. The salary range will be reassessed every two years by the Civil Service Commission based upon market data, and the market relevant minimum and maximum shall be adjusted as necessary. In no case shall the salary minimum and maximum be less than the value determined by the previous evaluation. If the special salary range is upwardly adjusted, employees will then receive an interval to interval increase. Those in between intervals will receive an increase equal to an interval, but the new salary shall not exceed the maximum of the special salary range. Employees then at the maximum of their range shall receive an increase equal to either the amount required to reach the new maximum, or one interval, whichever is the lesser. Employee salaries will not be changed by a downward adjustment of the special salary ranges.
9. An employee shall not receive a base salary below the minimum nor a base salary above the maximum indicated above unless authorized by the Chair/Chief Executive Officer, Civil Service Commission, and the Director, Office of Management and Budget.
10. The Department of the Treasury may adjust the salary of an employee serving in this title provided the employee has a substantiated bona fide offer of employment from another employer, at a salary which exceeds the present salary of the employee, and whose loss to the State will be detrimental. This salary adjustment may also apply to managers of those who supervise portfolio management functions. Only one such increase may occur in an 18-month period, and may not exceed two intervals in the salary range to which the employee's title is assigned. An employee who is at the maximum of his/her salary range can only receive such increases as lump sum payments, not added to base salary.
11. Increases shall be implemented through the submission of individual electronic personnel transactions citing this Salary Regulation.
12. Any adjustment to salary outside the terms of this Salary Regulation shall require the submission of a DPF-77, with appropriate justification and documentation, and shall be subject to review and approval by the Chair/Chief Executive Officer, Civil Service Commission and the Director, Office of Management and Budget.
13. This Salary Regulation must be renewed annually, in conjunction with issuance of the State Compensation Compendium.

G. MOVEMENT OF EMPLOYEES, WITHOUT PROMOTIONAL PROCEDURES, TO A RESTRUCTURED TITLE SERIES

1. This section applies to employee movement, without promotional procedures, to a restructured title series.
2. Employees who have moved to a restructured title series without promotional procedures shall retain their current total salary, except as provided below. Employees slotted into a new range will be placed on the highest step in the new range that does not exceed their total current salary. That portion above the amount otherwise indicated for his/her new step shall be referred to as "extra."
 - a. An employee whose current salary falls below step 1 in the new range of the title series will receive a salary increase in an amount necessary to place them on step 1 and an anniversary date set in accordance with the effective date of the restructured title.
3. Anniversary dates for these employees will be set by one of the following methods:
 - a. Employees assigned to steps 1 through 7 in their new range, who have not received a performance increase or performance lump sum award in the 12-month period preceding the reassignment, will be awarded the next incremental step and assigned an anniversary date in accordance with the effective date of the reassignment.
 - b. Employees assigned to steps 1 through 7 in their new range, who have received a performance lump sum payment or a performance increase within the 12-month period preceding the reassignment, will be assigned an anniversary date one year from the effective date of the lump sum payment or performance increase.
 - c. Employees who are assigned step 8, 9, or 10 in the new salary range will have their new anniversary date adjusted based on their last performance increase.
4. Employees may be advanced to the next incremental step on the anniversary date determined in 3 above in accordance with the provisions of the current Salary Regulation for the ERG to which the employee has been reassigned, provided their performance was at least satisfactory or successful. Resulting salary increases shall be only in the amount necessary to bring each employee's total current salary to the rate specified for the next incremental step.

STATE BENEFITS PROGRAMS

In addition to the salary programs, State employees are entitled to a number of benefits programs. The details of these benefits programs are set forth in various statutes, regulations and collective negotiations agreements. However, this Appendix summarizes the programs that are currently available and provides the sources for further information.

The following programs are administered in accordance with Civil Service Commission regulations:

Supplemental Compensation on Retirement - Eligible retirees are entitled to one half pay for unused accumulated sick time at retirement, up to a maximum of \$15,000.

After five years of employment, the employee is credited with 15 days per year; after twelve years 20 days; and after twenty years 25 days. One year's allowance of unused vacation leave may be carried over to the next year. Employees are paid for unused days upon termination or retirement. In some departments, unclassified employees have vacation leave entitlements based on a plan specific to that department.

Administrative Leave - One half day per month during initial employment, up to three days. The employee is credited with three days per year thereafter. Administrative leave may be used for personal business and can be used in conjunction with vacation leave. Administrative leave does not accumulate.

Sick Leave - One day per month during initial employment. On every January 1 following appointment, the employee is credited with 15 days per year. Unused sick days accumulate from year to year with no limit on accumulation.

School Volunteer Leave – State employees in the career, senior executive and unclassified services are entitled to paid leave of up to 20 hours per calendar year to volunteer in an academically beneficial school activity in New Jersey approved by the local board of education or other administrative authority of the school.

Convention Delegate Leave - Delegates to conventions of specified organizations, receive up to five days with pay to attend the convention for that organization.

Leave with pay is also granted when an employee is summoned as a witness in a proceeding to which he or she is not a named party.

Donated Leave Program - This program allows State employees to voluntarily donate a portion of their earned sick and/or vacation time to other State employees who have exhausted their own earned leave time and who are suffering from a catastrophic health condition or injury which mandates the employee's prolonged absence from work; or is needed to provide care to a member of the employee's immediate family who is suffering from a catastrophic health condition or injury; or requires absence from work due to the donation of an organ (which shall include, for example, the donation of bone marrow); or requires absence from work during a period of disability due to the pregnancy of the employee which requires the care of a physician who provides a medical verification of the need for the employee's absence from work for 30 or more work days regardless of whether the absence from work commences before the expected delivery date or after the actual delivery date.

Voluntary Furlough Program - This program allows employees to take up to 30 days (extensions up to 60 days may be requested) off from work without pay in a calendar year without adversely affecting the accrual of leave time or seniority. Effective January 1, 2011, an employee who wishes to extend a voluntary furlough beyond 30 days may request up to 60 days' furlough extension leave without pay. The employee may continue health benefits by paying the full premium amount (employer's and employee's share) for the furlough extension days.
