

STATE OF NEW JERSEY

**FINAL ADMINISTRATIVE ACTION
OF THE
CIVIL SERVICE COMMISSION**

In the Matter of D.G., Fire Fighter
(M1509T), City of Camden

CSC Docket No. 2017-3763

Medical Review Panel Appeal

ISSUED: September 7, 2018 (BS)

D.G. appeals his rejection as a Fire Fighter candidate by the City of Camden and its request to remove his name from the eligible list for Fire Fighter (M1509T) on the basis of psychological unfitness to perform effectively the duties of the position.

This appeal was brought before the Medical Review Panel on April 27, 2018, which rendered the attached report and recommendation on April 30, 2018. No exceptions were filed by the parties.

The report by the Medical Review Panel discusses all submitted evaluations. The Panel concluded that the test results and procedures and the behavioral record, when viewed in light of the Job Specification for Fire Fighter, indicate that the candidate is psychologically unfit to perform effectively the duties of the position sought, and therefore, the action of the hiring authority should be upheld. Accordingly, the Panel recommended that the applicant be removed from the eligible list.

CONCLUSION

The Job Specification for the title of Fire Fighter is the official job description for such positions within the civil service system. According to the specification, Fire Fighters are entrusted with the safety and maintenance of expensive equipment and vehicles and are responsible for the lives of the public and other officers with whom they work. Some of the skills and abilities required to perform

the job include the ability to work closely with people, including functioning as a team member, to exercise tact or diplomacy and display compassion, understanding and patience, the ability to understand and carry out instructions, and the ability to think clearly and apply knowledge under stressful conditions and to handle more than one task at a time. A Fire Fighter must also be able to follow procedures and perform routine and repetitive tasks and must use sound judgment and logical thinking when responding to many emergency situations. Examples include conducting step-by-step searches of buildings, placing gear in appropriate locations to expedite response time, performing preparatory operations to ensure delivery of water at a fire, adequately maintaining equipment and administering appropriate treatment to victims at the scene of a fire, e.g. preventing further injury, reducing shock, restoring breathing. The ability to relay and interpret information clearly and accurately is of utmost importance to Fire Fighters as they are required to maintain radio communications with team members during rescue and fire fighting operations.

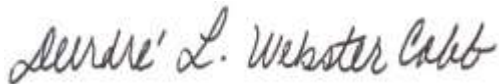

The Civil Service Commission has reviewed the job specification for this title and the duties and abilities encompassed therein and found that the psychological traits which were identified and supported by test procedures and the behavioral record relate adversely to the appellant's ability to effectively perform the duties of the title. Having considered the record and the Medical Review Panel's report and recommendation issued thereon and having made an independent evaluation of same, the Civil Service Commission accepted and adopted the findings and conclusions as contained in the attached Medical Review Panel's report and recommendation.

ORDER

The Civil Service Commission finds that the appointing authority has met its burden of proof that D.G. is psychologically unfit to perform effectively the duties of a Fire Fighter and, therefore, the Commission orders that his name be removed from the subject eligible list.

This is the final administrative determination in this matter. Any further review should be pursued in a judicial forum.

DECISION RENDERED BY THE
CIVIL SERVICE COMMISSION ON
THE 5TH DAY OF SEPTEMBER, 2018
