

CONCLUSION

N.J.A.C. 4A:4-2.6(a) provides that applicants shall meet all requirements specified in the promotional examination announcement by the closing date. *N.J.A.C.* 4A:4-2.1(f) provides that an application may only be amended prior to the announced closing date. *N.J.A.C.* 4A:1-1.2(c) states that the Civil Service Commission (Commission) may relax a rule for good cause in particular situations, on notice to affected parties, in order to effectuate the purposes of Title 11A, New Jersey Statutes.

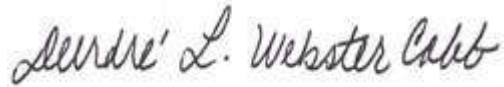

A review of the appellant's application reveals that Agency Service's initial rejection of the appellant to the subject examination was correct. In this regard, the appellant listed one position on his application, and was credited for all the experience that he submitted. On appeal, the appellant indicates experience in other positions. In light of this information, the appellant's prior applications were reviewed. These applications evidence that the appellant accrued at least one year of experience in road construction and maintenance work as an Equipment Operator from April 2015 to December 2021, and as a Laborer 1 from November 2008 to March 2014. As the list is incomplete and the appellant is still serving in his provisional position, there is good cause to accept the appellant's amended information on appeal. Based on the circumstances presented, good cause has been established to relax the provisions of *N.J.A.C.* 4A:4-2.1(f) to accept the appellant's experience, for eligibility purposes only, and admit the appellant to the examination. For any future positions in which he might be interested, the appellant is cautioned that he should fully complete his application and provide all requested information.

ORDER

Therefore, it is ordered that this appeal be granted, and the appellant's application be processed for prospective employment opportunities only.

This is the final administrative determination in this matter. Any further review should be pursued in a judicial forum.
