ACTION:

B-35 CHANGE IN CLASSIFICATION PLAN – TITLE CREATION

This Division of Agency Services requests the creation of the Program Specialist, Occupational Environmental Health Code Enforcement title series.

MEMORANDUM

DATE: March 31, 2017
TO: Civil Service Commission
FROM: Kelly Glenn, Director 
Division of Agency Services
SUBJECT: Change in State Classification Plan

DEPARTMENT OF COMMUNITY AFFAIRS

The Department of Community Affairs (DCA) requests the creation of a Program Specialist, Occupational Environmental Health Code Enforcement title series. This series would have three levels.

By way of background, the DCA has been using the Program Specialist Occupational Environmental Health, Code Enforcement variant series to conduct investigations of occupational health hazards and evaluate activities in environmental monitoring. With time and change in the function, DCA has felt the need to modify the education as well as the level of duties of these titles, but were restricted as it was a variant series. DCA has also been experiencing difficulty in recruiting with the current requirements.

In order to have more flexibility and to update the job function, DCA would like to create a separate title series. The primary function of this series would be to conduct investigations for the identification and control of occupational health hazards, especially those involving lead and/or asbestos. With the updated level of duties, DCA would be able to take care of its current staffing needs and reporting relationships as outlined in the new series.

The entry level in the series (level 1) would conduct investigations under close supervision. The level 2 would be involved in more complex investigations and would function as a lead worker. Level 3 is designed to be a first level supervisor in the series.

The employees in the current variant series will be cross walked to the new title series with retention of existing status. All title actions will be processed as lateral employee movements; appointment type to appointment type.

Upon successful movement of all employees, the current variant series shall be inactivated. This will negate any increase in title count.

Appropriate negotiation representative has been notified in accordance with N.J.A.C. 4A:3-3.3(f).

Effective date: The effective date of this action will be the beginning of the first pay period that follows the Commission's approval.
