### I. BACKGROUND:

The NJ Department of Community Affairs' Main Street New Jersey Program has directly and indirectly provided technical assistance and training to designated MSNJ communities, districts and stakeholders since 1989. Please see the MSNJ website and its 20<sup>th</sup> Anniversary Report ([www.mainstreetnewjersey.com](http://www.mainstreetnewjersey.com)) for a comprehensive history and context of the MSNJ program and its local designees.

Through the MSNJ program, the NJDCA formally partners with 19 community-based nonprofit organizations throughout New Jersey help foster thriving traditional downtowns and neighborhood business districts. These local organizations are as diverse as the communities they serve, with annual budgets ranging in size from \$50,000 to \$600,000. However, they all share a common goal of improving their commercial districts to help make them better places in which to live, shop, work, and do business.

### II. PURPOSE / OBJECTIVES:

Over the past several years, MSNJ has moved to include more services related directly to small business and business district branding. By providing District Branding and Digital Design Services, MSNJ expects to assist a core number MSNJ districts that can both become more successful in their own right and also serve as business attraction models to enhance each community's local economy.

Starting in June 2015, MSNJ is seeking to provide assistance to two (2) designated local MSNJ organizations to implement business district branding initiatives that market their traditional commercial districts more effectively. As part of the assistance MSNJ offers its designated organizations, MSNJ is seeking a highly-motivated and well-qualified firm, nonprofit organization, individual, or team of consultants (hereafter called "Consultant") with demonstrated experience in branding and digital design services to develop and implement a program of service for selected local MSNJ organizations.
