

INVITATION TO BID

NOTICE TO CONTRACTORS

The Holly City Development Corporation ("HCDC") shall receive sealed bids at 14 East Mulberry Street, Millville, New Jersey 08332 until **10:00 A.M. on Wednesday, December 4, 2024**, to be publicly opened, and read aloud for:

LEAD REMEDIATION/MITIGATION CONTRACTORS AND NJ CERTIFIED LEAD ABATEMENT CONTRACTORS

Bids must be submitted on the standard Bid Proposal form provided by the HCDC in the manner designated and must be enclosed in a sealed envelope bearing the title of the bid, name and address of the Contractor on the outside; addressed to Holly City Development Corporation, **LEAD REMEDIATION/MITIGATION AND NJ CERTIFIED LEAD ABATEMENT** and delivered to the above address at the date and time set at the place herein. The Holly City Development Corporation is not responsible for any hand delivered or third party delivered bids that do not arrive at the proper time or location. Any such bid will be returned unopened to the vendor. All documents contained in this package must be returned to the Holly City Development Corporation in their original form. No substitutions, alterations, or modifications of any of the bid documents are permitted.

This bid is being solicited through fair and open process in accordance with the requirements of N.J.S.A. 19:44A-20.4 *et. Seq.* (New Jersey Local Unit Pay-to-Play Law) and shall be in conformance with the applicable requirements of the "Local Public Contracts Law," N.J.S.A. 40A:11-1 *et seq.*

The Contractor will be required to comply with requirements of N.J.S.A. 10:2-1 (Anti-Discrimination in Employment), N.J.S.A. 10:5-31 *et seq.* and N.J.A.C.17:27 *et seq.* (Equal Employment Opportunity), 42 U.S.C. § 12101 *et seq.* (Americans with Disabilities Act), N.J.S.A. 52:32-44 (New Jersey Business Registration), and N.J.S.A. 52:25-24.2 regarding the submission of a list of all Stockholders, Members or Partners owning more than ten percent (10%) stock or interest in their Corporation, Limited Liability Company or Partnership. All Contractors are placed on notice that they are required to comply with all requirements of P. L. 1975, Chapter 127 and N.J.A.C. 17:27.

All Contractors and subcontractors must provide a copy of their State of New Jersey Business Registration Certificate issued by the New Jersey Department of Treasury prior to the time a contract is awarded or authorized. Contractors shall not submit bids with qualifying conditions or provisions.

When required, each proposal must be accompanied by a bid bond, cashier's check or certified check, payable to the Holly City Development Corporation, for ten percent (10%) of the total amount of the bid (but not to exceed \$20,000.00) shall accompany each bid. It shall be subject to forfeiture and retention by the Holly City Development Corporation in lieu of other legal remedies should a successful bidder fail to execute a contract and provide a performance bond within ten (10) days after the Holly City Development Corporation has tendered the award of the contract. The Bid Bond shall be in conformance with N.J.S.A. 40A:11-21.

When required, each proposal must be accompanied by a Consent of Surety Certificate. When required, a surety bond of a company authorized to do business in the State of New Jersey in a form satisfactory to the Holly City Development Corporation Solicitor in a penal sum of one hundred percent (100%) of the contract will be required upon execution of the contract.

The Holly City Development Corporation reserves the right to reject any or all bids as provided for in the instructions to bidders or otherwise.

The Holly City Development Corporation reserves the right to consider the bids for sixty (60) days after receipt thereof, and further reserves the right to reject all bids, waive minor informalities, in accordance with applicable law.

Pursuant to P.L. 2021, c. 301, all Contractors are hereby notified that which this contract is for a public work subject to the provisions at N.J.S.A. 34:11-56.25 et seq., the New Jersey Prevailing Wage Act (PWA), and accordingly, the person or entity who makes the lowest bid for the contract by at least 10 percent under the amount of the next lowest bid shall, prior to award of the contract, be required to certify to the public body on a form prescribed by the Commissioner of the Department (Commissioner) that the prevailing wage rates required by the PWA shall be paid in performing the work under the contract. Further, if this bidder does not provide the certification on the form prescribed by the Commissioner prior to the award of the contract, the Authority shall award the contract to the next lowest responsible and responsive bidder.

In order to encourage full participation in this opportunity, submit any requests for accommodations of people with disabilities to the Holly City Development Corporation (856) 776-7979. People who are deaf, hard of hearing and/or speech impaired should access this service by contacting the NJ Relay Service at 1-800-852-7899-(TTY).

Request for Qualifications

Lead Remediation/Mitigation Contractors and NJ Certified Lead Abatement Contractors

Holly City Development Corporation (“HCDC”) is seeking responses from qualified contractors Request for Qualifications (“RFQ”) for “Lead Remediation/Mitigation Contractors” and “NJ Certified Lead Abatement Contractors.” All work will be performed in Cumberland County with the majority of work taking place in Millville.

Bidders are required to comply with the requirements of P.L 1975 C.127. Minority Business Enterprises (MBE) will be offered full opportunity to bid and will not be subject to discrimination on the base of race, color, gender, or national origin in consideration of an award.

HCDC intends to award contracts to respondents whose proposals are most advantageous to HCDC with price and other factors considered. Contractors who have been rejected for cause, removed, or suspended from any lead remediation or abatement program, in NJ or any state, will not be eligible for submission to this RFQ. Contractors with unsatisfactory references will not be chosen for this RFQ.

HCDC reserves the right to reject any and all proposals when it is determined by HCDC to be in its best interest. HCDC further reserves the right to waive minor irregularities in proposals submitted in response to this RFQ and allow for amendments.

SCALE OF WORK

A maximum of 100 jobs will be issued for cost estimates to the Qualified Bidder Pool over a 24-month period. Approximately 90 will be lead remediations/mitigations and 10 will be units with Notices of Violation which will require Abatement.

The allowable cost of these jobs is a maximum of \$13,000 for lead remediation/mitigation and \$25,000 for lead abatement, based on work indicated by a Lead Risk Assessment and Scope of Work generated by HCDC. These are flexible on a case-by-case basis. Changes to these limits may occur in the future.

Contractors for each job will be chosen in a “Round Robin” format. (See Attachment A). It is expected that each qualified contractor in the Bidder Pool will receive a satisfactory and equal share of those jobs, based on expertise, availability and demonstrated excellence in meeting project guidelines.

SCOPE OF SERVICES REQUESTED

HCDC intends to prequalify NJ Certified Lead Abatement and RRP Certified Lead Remediation contractors with experience, training and required certifications to participate in HCDC Qualified Contractor Pool to perform work under the NJ Department of Community Affairs (NJ DCA) Lead

Assistance Program grants. These include but are not limited to the Lead Safe Home Remediation, Single Family Home Remediation and Lead Remediation and Abatement Program. Eligible units include 1-4 family owner-occupied and rental units.

Up to 5 qualified lead remediation contractors and up to 3 NJ Certified Lead Abatement Contractors who respond to and qualify for the RFQ, will be considered in the pool for the work requested under this RFQ.

Contractors in the Lead Contractor Pool will be assigned or awarded residential structure projects for specific properties at the sole discretion of HCDC, based on contractors' abilities, capacity, availability, and ability to comply with unit cost limitations. The cost per unit is limited and is determined by the Scope of Work developed by HCDC's Lead Construction Manager, the Cost Guidelines for lead measures and the maximum cost per unit of the DCA grant. (Program Cost Guidelines are Attached). Potential contractors should read these guidelines and be fully aware of the requirements of this program to participate.

Respondent(s) must be able to provide services in the City of Millville – as needed. The selected Respondent(s) shall be bound to specific terms and conditions of the signed contract. Contracts will be issued within 14 working days of the RFQ submission deadline. Work is scheduled to begin immediately thereafter.

LEAD AND HEALTHY HOMES REHABILITATION SCOPE OF WORK

It is anticipated that homes eligible for Lead Abatement (those receiving a Notice of Violation from the Department of Health) and Lead Remediation will require an array of lead safe repairs, removal of lead components (abatement), interim controls, health and safety services and minor structural repairs that shall be performed per HUD, EPA and NJ Administrative code, as applicable. Units are assigned per the Round Robin Process as described in Attachment A.

Contractor must be available for one (1) walk through of inspected property with the Lead Construction Manager ("LCM") to develop a Lead Hazard Control Estimate/Scope of Work ("SOW"). Sometimes this will be done in coordination with the Lead Evaluation Contractor. That SOW will be based on the walkthrough, instructions of the LCM and response to the Lead Inspection Risk Assessment hazard report. The Lead Construction Manager will coordinate the walk-through of the property with the homeowner and Contractor. Ancillary health and safety issues and issues that are causative factors for lead hazards will be part of the SOW as appropriate.

The scope of work for each repaired structure will vary but may include (although not be limited to) the following:

- Coordination with property owner, Lead Construction Manager and Lead Evaluator
- Obtaining all necessary state and local permits and approvals after the land use permits are acquired, but prior to the commencement of the work for each structure. (Generally, only for abatements)

- Control of lead-based paint hazards in eligible residential units as specified by a certified Lead Risk Assessor/Inspector in accordance with EPA RRP, NJAC 5:17 and/or NJAC 8:51.
- Control of lead-based paint hazards in residential units in accordance with EPA standards and with reference to HUD's Guidelines for the Evaluation and Control of Lead Based Paint Hazards in Housing (Second Edition 2012), including but not limited to interim controls, encapsulation, and abatement measures designed to provide a lead safe environment for a period of 20 years.
- Building envelope repair, including roof repair or replacement and attendant damage; door and window replacement; and siding /veneer repair or replacement.
- Dry wall repair or replacement; rough and trim carpentry.
- Repair of trip and fall hazards, such as step repair/replacement and/or handrail installation or repair.
- Surface preparation and painting; flooring repair or replacement.
- Specialty construction elements associated with historic properties.
- Debris removal in accordance with all Federal, State, and local requirements, including disposal of materials containing lead-based paint in accordance with all applicable local and state codes and standards.

OTHER SCOPE OF SERVICES

- Provide professional labor, equipment, and materials adequate to perform the work in accordance with the scope of work for each eligible applicant's residential structure while ensuring that all applicable housing standards and codes are met, specifically the New Jersey Code Construction Requirements. SOWs must provide a cost for each measure and a SOW template will be provided by Isles.
- Comply with all State and Federal laws, regulations, and guidelines.
- Provide tracking of construction progress.
- Meet with Lead Construction Manager to review the scope of work to be performed, including establishing a work schedule acceptable to property owners and Lead Construction Manager and to review work upon final inspection.
- Complete all work within agreed upon timeline.

The preceding list of responsibilities is not exclusive. HCDC and the successful respondent(s) may agree in writing to amend or augment the responsibilities set forth above.

CONTRACTOR PRICING

Contractor shall provide a separate price for each item specified on the Work Scope Form provided by HCDC's Construction Manager. Contractor estimates must include line-item work description and cost write-up to document measures procured. (Scope of Work Template Attached) Price shall be inclusive of all costs incurred by the Contractor. No separate reimbursements for travel or other costs are permitted.

Subcontractor labor and materials cost cannot exceed \$13,000 per unit for Lead Remediation/Mitigation and \$25,000 for Lead Abatement per unit, except in rare cases and the approval of DCA . Changes to these limits may occur in the future.

Costs for each job are limited and directed by the “Cost Guidelines for Lead Control Work” issued for the program (SEE Attachment B). All jobs must be completed in accordance with DCA/HUD program rules within 10 days from start of job until completion unless prior consent is given.

*Contractors who cannot work within these guidelines should not respond to this RFQ.

MINIMUM QUALIFICATIONS

Respondents must meet the minimum qualifications listed below. Furthermore, Solicitation Responses that appear unrealistic in terms of technical commitment, that show a lack of technical competence, or that indicate a failure to comprehend the risk and complexity of a potential contract may be rejected. Any Contractor that has been removed or suspended or otherwise barred from any Federal, State, or local lead contracting program is categorically ineligible for this program. Contractors whose references do not show adequate competence to operate successfully within this program will not be qualified to perform work.

RESPONDENTS MUST

- Have been in business for a minimum of 2 years, or the principals/owners must have had senior level experience in a previous company that provided residential construction or lead hazard control services.
- Be financially solvent and adequately capitalized.
- Hold a current business registration issued by the State of New Jersey, at a minimum, for Abatement Projects -- be on the NJ Certified Abatement Contractor List and have at least one Lead Supervisor on the job at all times; and all workers must have their Lead Worker certification issued by the State of NJ. For Lead Remediation Projects – Business must have an RRP Firm Certification and have trained Lead Renovators performing work. (However, training of workers for Lead Worker and Lead Renovator can be provided free of charge through this program.)
- Carry insurance in accordance with Attachment C to this RFQ including, but not limited to, a minimum of \$1,000,000 liability insurance, state required worker’s compensation insurance and recommended supplemental pollution insurance. Proof of coverage must be active at time of contracting, but if contractor does not currently hold certain coverages a letter of commitment to obtain such coverage will suffice for this RFQ. (See Attachment C for required Insurance Coverages).
- Agree to provide the following indemnification to the HCDC and LCM, and all of their respective members, directors, officers, agents, servants, employees, representatives, and successors and assigns (collectively, the “Indemnified Parties”) to fully indemnify, defend and hold harmless the Indemnified Parties from and against all losses, fines, penalties, damages, lawsuits, claims, causes of action, liabilities, demands, obligations to the Contractor, and expenses, including attorneys’ fees in connection with the loss of life,

personal injury, bodily injury, and/or property damage, if occasioned in whole or in part by any willful conduct, negligent act, or omission of the Contractor or the Contractor's agent's, servants, employees, and subcontractors in the performance of services and provision of goods awarded under this RFQ. This obligation shall include the provision of a defense for the Indemnified Parties at all stages of the claims or judicial process and together with all losses, fines, penalties, costs and expenses relating to any of the foregoing, including but not limited to, court costs and reasonable attorneys' fees arising out of this RFQ and to enforce this indemnification provision.

- Have current NJ Contractor's License in good standing.
- Have a demonstrated ability to commit to residential lead-safe rehabilitation and reconstruction, and to carry such projects to completion within the time frame allotted by the HCDC's Lead Construction Manager (generally 2-10 days).
- Have the demonstrated equipment, organization, and ability to perform lead-based paint hazard control, health and safety projects related to the rehabilitation of residential properties.
- Have demonstrated experience in managing and completing projects of a similar type, size, and complexity.
-

A lack of any of these requirements will cause the proposal to be deemed "not qualified".

OTHER REQUIREMENTS

- Respondent should indicate that they meet each of the following requirements by providing documentation and/or specific proof of experience and qualifications to carry out each task (See Checklist).
- Contracts for work in connection with this project will be awarded, to the greatest extent feasible, to business concerns that are located in or owned in substantial part by persons residing in the area of the program, providing that they meet minimum qualifications and demonstrated abilities.
- Respondent(s) shall commit to make a demonstrated effort to provide subcontract opportunities to locally owned businesses, minority, and women-owned businesses enterprises, and low- income residents in the program area.

VERIFICATION OF MINIMUM QUALIFICATIONS

- HCDC will confirm that Contractors continue to satisfy the minimum qualifications.
- Contractors without satisfactory references will be considered to not meet minimum qualification. Providers who no longer satisfy the required minimum qualifications will be removed from the vendor pool at the sole discretion of HCDC.
- Contractors shall specify the name(s) and experience of each person who would perform the items identified in the scope of services, herein. Contractors shall provide evidence

and/or documentation of all required Certifications for each individual performing the services requested.

ATTACHMENT A: ROUND ROBIN BIDDING PROCESS

The Round Robin bidding process shall be implemented as follows:

- In order to receive an invitation to participate in the Round Robin Bid Process, contractors must be listed on the Agency's "Qualified Contractor's List", as determined by the RFQ process.
- The Lead Agency shall hold a lottery to determine the order that the eligible contractors will be invited to submit a bid on an individual property.
- The Lead Construction Manager will provide a Scope of Work with itemized lead measures to the contractor. The Scope of Work will be submitted to the first eligible contractor from the Lottery who will conduct a site visit to determine if they will be able to complete the project within the allotted budget based on the measures listed in the Scope of Work. The Lead Construction Manager will be available to discuss the lead hazard control measure list in the SOW with the contractor. If needed, the Lead Construction Manager will make revisions to the Scope of Work based on those discussions.
- The Lead Contractor will then finalize the SOW with costs included for each measure, as well as costs for site preparation and cleanup and submit to LCM.
- LCM will either accept the SOW or discuss with Contractor any proposed changes. A final SOW will be agreed upon between the two parties and the contract for the job signed. Few Change Orders will be accepted, once the job begins, unless unforeseen issues arise that both the Lead Contractor and HCDC LCM agree require changing the terms of the contract.
- Once accepted, the contractor will be awarded the project for the amount of the final SOW provided by the Lead Construction Manager, unless an exception has been recommended and approved by the Program Director.
- Should the eligible contractor decline the project offered, the next Eligible Contractor on the Round Robin bidding lottery list will be provided an opportunity to accept the project.
- Once an eligible contractor is awarded a property, that firm will not be offered another unit until the remaining contractors are given an opportunity to participate. This will repeat until all contractors have been offered an opportunity to be awarded a contract. Once exhausted, a new lottery cycle will begin.

Costs below are for Remediation/RRP lead mitigation work. For Lead Abatement add up to 25% to each cost.

All costs are based on room size, home condition and both standard and custom work. Agency Lead Construction Managers have the final say in determining reasonable costs.
