

## **Request For Proposals: LEAD HAZARD CONTROL and REMEDIATION CONTRACTORS**

As the provider of services under the NJ DCA's Lead Remediation and Abatement Programs (LRAP) Stand Up for Salem, is seeking responses from qualified contractors to become part of a "Qualified Contactor Pool" to provide either 1) lead remediation/mitigation and/ or 2) lead abatement services for 2024-2026 Lead Remediation and Abatement Program Grant from the New Jersey Department of Community Affairs (DCA). {Note: only contractors on the NJ Certified Lead Abatement Contractor list can perform abatements}

Isles Inc. intends to prequalify Lead Hazard Control/Remediation Contractors to participate in a statewide "Qualified Lead Contractor Pool" of up to 3-4 additional contractors. The purpose of this program is to identify and remediate lead-based paint hazards to prevent elevated blood lead levels in children and pregnant women. The program targets municipalities in New Jersey with high reported incidence of elevated blood levels in children under six.

Lead Hazard Control/ Remediation Contractors will be part of a pool of contractors for Stand Up for Salem who will be deployed to each of the Lead Pilot Agencies, as requested by Agency Personnel. Lead remediation jobs will be assigned based on the location of the jobs and availability of contractors. We are seeking contractors to perform lead hazard remediation services in Salem City. Minority, vet, and woman-owned businesses are encouraged to apply. Isles Inc is an Equal Opportunity Employer.

**RFQ released:2/25/2025**

**Submission Closing Date:3/4/2025**
