

REQUEST FOR PROPOSALS

LEAD HAZARD CONTROL/REMEDiation CONTRACTORS

LightUp Your World Inc (LUYW), a grantee under the DCA's Statewide Lead Remediation and Abatement Program(LRAP), is seeking responses from qualified Contractors to become part of a "Qualified Contractor Pool" to provide either 1) lead remediation/mitigation or 2) lead abatement services for the 2025 Lead Remediation and Abatement Program grant from the New Jersey Department of Community Affairs (DCA). {Note: Only contractors on the NJ Certified Lead Abatement Contractor list can perform abatements}

LUYW intends to prequalify Lead Hazard Control/Remediation Contractors to participate in a contractor pool of up to eight (8) contractors. The purpose of the program is to identify and remediate lead-based paint hazards to prevent elevated blood lead levels in children and pregnant women.

The program targets Burlington and Camden County. Lead remediation jobs will be assigned based on the most favorable bid from a contractor in the selected pool, as well as availability. Minority and woman-owned businesses are encouraged to apply. LUYW is an Equal Opportunity Employer.
