Part II: Narrative

Community Development Block Grant Program

Assessment of Funds to Goals and State's objectives

The State's FY 2025 Final Plan for New Jersey's Administration of the Small Cities Community Development Block Grant Program proposed the following distribution of funds:

	Sub-Programs	Dollar Amount	Percent of Available Funding
CDBG Total Allocation - FPY 2024		6,730,317.00	100%
A.	Administration	201,910.00	3.0%
B.	Technical Assistance	0.00	0%
C.	Grant Funds to sub-recipients	6,528,407.00	97.0%
	Emergency Housing Repair Fund	0.00	0.0%
	Innovative Development Fund	400,000.00	5.9%
	Housing Rehabilitation Fund	1,500,000.00	22.3%
	Public Facilities Fund	4,628,407.00	68.8%

CDBG Actual Distribution - FPY 2024

	Sub-Programs	Dollar Amount	Percent of Available Funding
A.	Administration	201,910.00	2.9%
B.	Technical Assistance	0.00	0%
C.	Grant Funds to sub-recipients*	6,973,457.09	100.0%
	Emergency Housing Repair Fund	0.00	0.0%
	Innovative Development Fund	0.00	0.0%
	Housing Rehabilitation Fund	1,525,000.00	21.9%
	Public Facilities Fund	5,448,457.09	78.1%
	Total Funded Amount	6,973,457.09	100%

* Funds to sub-recipients include \$445,049 of recaptured funds from prior year(s) cancelled obligations.

Of the grants awarded under the FFPY 2024/SFY 2025 Program (including those using prior year funds or cancellations), 22 grant programs were funded, 15 were for public facilities, 7 for housing rehabilitation. The public demand for the Public Facilities Fund has always been stronger than the amount set aside in the State's Plan for Distribution. Applications are typically driven by local needs as viewed by the governing body, rather than by residents or non-profit entities. Given a choice, most local officials seek grant funds to improve deteriorated infrastructure rather than housing stock. It is worth noting that 7 housing rehabilitation applications were submitted, and all 7 received funding.

Changes in Program Objectives and Assessment of Efforts in Carrying Out Planned Actions

The Small Cities Program Objectives set forth in the Consolidated Plan, prepared by the Department and approved by the U.S. Department of Housing and Urban Development (hereafter U.S. HUD), were followed.

(continued)

Evaluation of the Extent to Which the Program Benefited Low and Moderate-Income Persons

All 22 grants awarded in the FPY 2024/SFY 2025 program year met the statutory national objective of benefit to low and moderate-income people. The majority of grants awarded met the low/mod national objective through the low/moderate area benefit and targeting or presumption, i.e., housing rehabilitation assistance limited to income-eligible households or barrier removal projects presumed to solely benefit people of low or moderate income such as people with disabilities. The combined benefit to people of low and moderate-income this year was 94% - exceeding the 70% requirement promulgated by HUD. It is also anticipated that the FPY 2024 grants will benefit 15,488 low/moderate income persons.

Funds Not Used for National Objectives

Anti-displacement and Relocation – for activities that involve acquisition, rehabilitation or demolition of occupied real property. No grants were awarded that involve displacement and relocation. Should relocation assistance be necessary grantees would be referred to the State's Relocation Support Program, which will assure compliance with the federal Uniform Relocation and Acquisition Act or Section 104(d) of the Housing and Community Development Act of 1974, as amended, and State rules and regulations.

Low/Mod Limited Clientele Activities

A L/M Income Limited Clientele (LMC) activity is an activity that provides benefits to a specific group of persons rather than everyone in an area generally. A Limited Clientele activity must exclusively benefit a clientele who are generally presumed by HUD to be principally L/M income persons, such as elderly persons, disabled adults and homeless persons. This program year funded twelve (12) projects to remove architectural barriers that hinder access to the disabled and to comply with the requirements of the Americans with Disabilities Act (ADA). These projects will provide 100 percent benefit to this HUD classified LMC group.

Program Income Received and Financial Adjustments

All awards are in the form of a grant to eligible municipalities and county governments. Generally, the grant agreement contains provisions that do not allow grant awards to generate program income; any program income received must be returned to the Small Cities CDBG Program. However, grantees that are carrying out housing rehabilitation are encouraged to establish a housing rehabilitation revolving loan fund with all or a portion of the grant funds that are recovered after the grant agreement has been completed. Also, ED and ID grants require loan agreements in order to pass funds to a third-party. Refer to the section below for more information on the third party loans.

Prior Period Adjustments

All completed grant awards and cancelled obligations are closed in accordance with the CDBG Program requirements and remaining balances are reprogrammed back into the account for new awards to eligible local governments.

Loans and Other Receivables

All awards are in the form of a grant to local government. The State's CDBG Program has made it a policy to encourage grantees to capitalize local revolving housing rehabilitation funds, which many local governments have opted to do. Innovative Development Fund (IDF) awards to local governments for pass through to a third party require a loan agreement that is managed and held by the local government. IDF awards carry a deferred loan which last the life of the improvement, or contain the provision for repayment if the property is sold or transferred or no longer provides benefit to low and moderate-income people. The grantee must transfer these funds into another project of equal funding that will provide benefit to low and moderate income people, or that at least meets one of the CDBG Program's National Objectives. These awards are secured by a lien on the property with provisions for repayment to the local government for reuse in the same manner as the original loan. The grantee is required to have a plan for the reuse of funds; the plan must comply with the provisions of the original grant agreement, specify compliance with the CDBG Program regulations and benefit low and moderate-income people, and meet at least one of the CDBG Program's National Objectives. Grantee must receive approval from the NJ Small Cities Program before changing the plan for the reuse of funds. There were no instances that funds were repaid during this program year. When repayment occurs, funds are awarded and disbursed to eligible applicants in the next program year through IDIS in Program Income (PI) less the standard three percent for program administration.

Housing Rehabilitation

Awards to local government for housing programs are in the form of a grant to rehabilitate single-family owner-occupied housing.

Neighborhood Revitalization Strategies

There are no federally designated EZs or ECs in the eligible Small Cities CDBG municipalities and counties.

Civil Rights

Before funds are disbursed, each grantee must obtain the Department's approval of its Statement of Actions to Affirmatively Further Fair Housing. The purpose of the statement is to identify actions the grantee has taken and will take to assure ongoing compliance with State and federal fair housing laws. The requirements regarding this statement are found in federal regulations (24 C.F.R. Part 570.904). Compliance with this law is required in Section C of the grant agreement with the Department.

Information is provided to the grantee through the Civil Rights section of the Program's handbook, which is posted on the internet at <https://www.nj.gov/dca/divisions/dhcr/offices/cdbg.html>. Information concerning federal and New Jersey State fair housing laws, and how to file a housing discrimination complaint with either federal or State enforcement agencies can be found by going to the Program's website as listed above and going to the Civil Rights/Fair Housing section.

Actions to Affirmatively Further Fair Housing

The following list of actions, some required and some suggested, are presented to the grantee to assist with preparing an acceptable Statement of Actions to Affirmatively Further Fair Housing.

Please note that the first four actions are required:

(Required) Adopt a Statement of Actions to Affirmatively Further Fair Housing and Appoint a Fair Housing Officer for the municipality or county. The appointed officer must be a resident of the community (a sample resolution is provided in the handbook).

(Required) Contact the HUD Regional Office of Housing and Equal Employment and the N.J. Division on Civil Rights and request Fair Housing information. (See attached form letters to HUD and the NJ Division on Civil Rights and/or obtain information through the Program's fair housing website (as listed above).

(Required) Implement a local fair housing counseling program including a referral service to appropriate State and federal enforcement agencies for enforcement of fair housing laws.

(Required) Publish a public notice in the local newspaper of record and post a copy of this notice at the municipal hall (or county administration building) announcing the appointment of the local Fair Housing Officer and the availability of fair housing counseling services (a sample notice for publication and posting is provided in the handbook).

Develop and implement a public information campaign including publicizing the grantee's counseling and referral services, collection and distribution of fair housing literature to relevant organizations and individuals in the community, and/or performing other public relations activities designed to inform the community about this issue.

Organize a fair housing committee to oversee the fair housing program and to advise the community's housing and community development programs.

Participate in voluntary partnerships with public and private organizations, locally and/or regionally, to promote fair housing choice and affirmative marketing plans.

Design and perform other actions to promote fair housing and be creative.

The above actions are checked during monitoring visits and the grantee is encouraged to contact a Small Cities CDBG Program Manager if they have any questions.
