

## REQUEST FOR PROPOSALS: LEAD HAZARD CONTROL AND REMEDiation CONTRACTORS

As the provider of services under the NJ DCA's Lead Remediation and Abatement Program (LRAP) **New Brunswick Tomorrow**, is seeking responses from qualified Contractors to become part of a "Qualified Contractor Pool" to provide either 1) lead remediation/mitigation and/or 2) lead abatement services for 2024-2026 [Lead Remediation and Abatement Program](#) grant from the New Jersey Department of Community Affairs (DCA). {Note: Only contractors on the [NJ Certified Lead Abatement Contractor](#) list can perform abatements}

New Brunswick Tomorrow intends to prequalify Lead Hazard Control/Remediation Contractors to participate in a statewide "Qualified Lead Contractor Pool" of up to 8 additional contractors (5 for Remediation/3 for Abatement). The purpose of this program is to identify and remediate lead-based paint hazards to prevent elevated blood lead levels in children and pregnant women. The program targets municipalities in New Jersey with high reported incidence of elevated blood lead levels in children under age six

Lead Hazard Control/Remediation Contractors will be part of a pool of contractors for **New Brunswick Tomorrow** who will be deployed to each of the Lead Pilot Agencies, as requested by Agency personnel. Lead remediation jobs will be assigned based on the location of the jobs and availability of contractors. We are seeking contractors to perform lead hazard remediation services in New Brunswick, NJ. Minority and woman-owned businesses are encouraged to apply. New Brunswick Tomorrow is an Equal Opportunity Employer.

**RFQ released:** January 26, 2026

**Submission Closing Date:** February 5, 2026

**Application Opening:** January 26, 2026
