

Advance Your Municipality's Affordable Housing Strategy - At No Cost

As municipalities across New Jersey navigate affordable housing needs, having a clear, actionable development strategy is more important than ever. That is why DCA developed **NJHOMES Affordable Building Club (ABC)**.

ABC is a no-cost, monthly, virtual, educational series covering essential affordable housing topics including analyzing housing needs, funding sources, data tools, life-cycle housing, project development, community engagement, and more. ABC combines self-paced learning with real-time, virtual monthly discussions.

To provide program details, DCA is holding a webinar session

**Preliminary
INFORMATION
SESSION**

**WEDNESDAY
JUNE 17, 2026
12:00 - 12:30 PM**

Scan the QR code or visit <https://bit.ly/NJHOMESABCInfoSession> to Register for Webinar

Why This Program Matters:

NJHOMES ABC helps municipalities analyze current housing needs and prepare for future development with tools and guidance for informed, data-driven decisions.

What Participants Will Gain:

- Identify and analyze local housing needs
- Access state-level data tools
- Explore life-cycle housing opportunities
- Debunk development myths
- Discover financing options
- Strengthen community engagement
- Learn best practices

Who Should Participate:

New Jersey Mayors, Municipal Council Members, Policy, Planning and Development staff, Housing Specialists, Township Administrators

**JOIN NJHOMES ABC and take the lead in shaping your community's housing future.
Together, we will build a more affordable New Jersey.**
