Dear Fire Training Organization:

The New Jersey Division of Fire Safety is accepting applications from municipal Fire Departments, Fire Districts, OSHA approved Fire Brigades, and higher education institutions accredited by the State of New Jersey, desiring to obtain Eligible Organization status recognized by the Division of Fire Safety. The issuance of an Eligible Organization Number will permit the organization to conduct fire service “certified” training to be delivered at the local level, which will be recognized and sanctioned by the Division of Fire Safety.

Please complete the required application forms if your organization is interested in applying for Eligible Organization status with plans for offering fire service certified training, such as: Firefighter 1 or 2, Fire Service Instructor 1 or 2, Drill Ground Instructor, Fire Officer 1 through 4, Fire Inspector, Fire Official, Incident Management 1 through 3, Hazardous Material: Awareness/Operational/On-Scene Incident Commander, National Fire Academy courses, or other educational programs approved by the Division of Fire Safety. Your organization must complete a “Facility Form” if you intend to conduct training at your permanent training facilities, or if you plan to use a temporary training facility for the delivery of the training programs.

If your agency is submitting to become an Eligible Organization you will need to provide a “Resolution” from your governing body (e.g., county or municipal government, fire district, or higher education administrative board). You may use the enclosed sample resolution as a guide to create the resolution. The resolution must be endorsed by the administrative authority, and must indicate a role-call vote and display the authorities official seal on the document.

In order to deliver sanctioned courses a “Course Delivery Form” must be forwarded to the Office of Training and Certification at least two weeks in advance of the course delivery date(s). Please complete the appropriate application forms and return them to: **Attn: EO Application, Division of Fire Safety, Office of Training and Certification, P.O. Box 809, Trenton, NJ 08615-0809**. If you have any questions, contact the Office of Training and Certification staff at **(609) 777-3552**.

Sincerely,

Kent D. Neiswender, Supervisor

Sample Resolution

Sample Resolution

Every entity which intends to participate in the State's Firefighter Certification Program or desires to obtain program sanctioning from the Division of Fire Safety for training designated to the New Jersey Fire Service, must designate a person to be responsible for the signing of official documents and to act as a liaison. This must be done by formal action via a resolution of the governing body of the municipality or fire district. It should name the person or job title (e.g., fire department training officer) that is being appointed. Many agencies choose to name the position rather than the person, so that when the person is promoted or reassigned a new resolution does not need to be created.

A sample resolution follows for your information on content. This sample resolution does not contain the necessary legal requirements of a resolution, etc.

RESOLUTION

Whereas, the state has created a voluntary program to certify firefighters, and

Whereas, the [municipal governing body name or fire district name] has reviewed, discussed and voted to participate in the program, and

Now Therefore,

Be it Resolved, that the [municipal governing body name or fire district name] appoints [person's name or job title] as the Authorized Signatory to sign any documents necessary to implement the Firefighter Certification Program in [municipality or fire district name].
