**Re:** Updated Civilian Burn Patient Form Report

**Date:** May 3, 2019

The Civilian Burn Patient Form Report located on the Division of Fire Safety Website, under the Forms Section and NFIRS Section, has been updated to include the following Types of Burns: Chemical Burns, Explosion Burns, Fire Burns, Flame Burns, Sparkler/Novelty Device Burns, Illegal Fireworks Burns, Electrical Burns, Scald Burns and Smoke Inhalation.

The Civilian Burn Patient Form Report is to be completed online within 24 hours of the incident for any of the above listed Burn Types to civilians. It is the responsibility of the Fire Official to ensure that the Civilian Burn Patient Form Report is completed in its entirety by either the Fire Official or a designee, such as a Fire Inspector, Fire Investigator or Fire Chief.
