

STATE FIRE MARSHAL MESSAGE

FIRE PREVENTION-FIREFIGHTER SAFETY

Excellence in Public Safety

William Kramer Jr., Acting Director

Charles A. Richman, Commissioner

April

2016

NJ State Trooper Sean Cullen was tragically the latest victim of a vehicle fire on a limited access highway. The NJ Division of Fire Safety offers firefighter training for the sort of dangers faced when responding to limited access highway fires. In addition to training for your department visit the website below for more information by clicking the seal.

2016 Season Themes

The safety of firefighters and the public is always the highest priority during wildfires.

- During wildfires, agency administrators and incident managers make choices to minimize risk and focus on areas where firefighters can be the most effective.
- No natural or cultural resource or structure is worth the life of a firefighter.

As the climate changes, so will fire seasons; wildfire behavior is largely contingent upon weather and fuel conditions.

This month New Jersey wildfire season begins and the National Interagency Fire Center has issued 2016 national themes.

Check out the website for information:

www.nifc.gov

- Never fly unmanned aircraft over or near fires.
- See No Drone Zone graphics available at https://www.faa.gov/uas/no_drone_zone/
- See NIFC's No Drone Zone website and PSA at <http://www.nifc.gov/drones/>
