ICC VOTE

The ICC has changed the way that Governmental Members select their voter. We have an online Electronic Voter Designation. The LEA/FO must go online to update their voters. The deadline for updating is September 24, 2018.

It is important for all Governmental Members to update their ICC Memberships yearly. If you have not done so, please take time to update this information on the ICC link provided above. Please note, that only the Primary Contact is able to login and update voters. If the Primary Contact has changed, please email the ICC at members@iccsafe.org so they can change the name for the new Primary Contact to login. In addition, the ICC has the new cdpAccess, which enables voters to vote from their computers after the conference ends. All voters will still need to be approved by the deadline to vote either way.

Please follow this link for the new cdpAccess information at:
