HISTORIC COVID 19 STUDY FOCUSES ON FIRST RESPONDERS AND THEIR FAMILIES

GRILLING STATISTICS from NFPA

10,600 home fires are started by grills each year, on average

July is the peak month for grill fires, followed by June, May, and August

19,700

patients went to the ER per year because of injuries involving grills, including

9,500 thermal burns

64% of U.S. households own at least one outdoor BBQ, grill or smoker

Gas grills contribute to a higher numbers of fires than charcoal grills.

61% of households own a gas grill

Though the COVID 19 crisis continues there is time now to begin to study the impact of this unprecedented health emergency on firefighters, EMTs and other first responders and their families.
